   (i) with deep concern, the Government’s decision to privatise aged care assessments from April 2021 with a tender to be held this year, and
(ii) the Government’s decision was not made in consultation with State Health Ministers;

(b) recognises that there are eighty aged care assessment teams (ACAT) operating across the nation which include state-employed multi-disciplinary teams of nurses, geriatricians, physiotherapists, occupational therapists, psychologists and social workers who work at public hospitals, to expertly assess the more complex level of care required by individual elderly Australians;

(c) further notes the recent statement by the Chair of the Royal Commission into Aged Care Quality and Safety on ACAT privatisation that:

(i) the Royal Commission’s Interim Report did not endorse the Government’s position on privatising ACAT, and

(ii) the Commission has not yet made a recommendation about which sector or mechanism will best achieve an integration of Regional Assessment Services and the Aged Care Assessment Teams;

(d) acknowledges that:

(i) health experts argue that no private providers can offer the expertise to adequately assess the often complex needs of hundreds of thousands of elderly Australians, and

(ii) outsourcing assessment teams would have a serious detrimental impact on the delivery of proper care; and

(e) calls on the Federal Government to consult with the state health ministers on the issue of ACAT privatisation, as a matter of urgency. (general business notice of motion no. 393)

Senator Griff and Patrick: To move on the next day of sitting—That the Senate—

(a) notes a number of recent examples of questionable conduct by Government Ministers that may fall under the purview of an independent anti-corruption commission, if one existed federally, including:

(i) numerous allegations against the Minister for Energy and Emissions Reduction, Mr Angus Taylor, including questions over the $80 million purchase of overland flow water licences and his ties to a company accused of clearing endangered grassland, and claims of document falsification in relation to the Sydney Lord Mayor,

(ii) Senator Bridget McKenzie and the ‘sports rorts’ affair, and

(iii) suspected leaks of classified information from Minister Peter Dutton’s office about the costs of medically evacuating refugees, where the confidential information was reportedly de-classified at a time the Australian Federal Police was still investigating the leak; and

(b) further notes that the Government’s proposed Commonwealth Integrity Commission (CIC) would not have the ability to make public findings of corruption, and can only refer potentially criminal behaviour, and will fail to expose improper conduct of Members of Parliament and public servants; and

(c) calls on the Federal government to strengthen its proposed CIC and introduce a bill to create a federal anti-corruption commission that will have the power to hold public hearings and to make public findings of corruption. (general business notice of motion no. 397)

(i) satisfaction with democracy is at its lowest level (59%) since the constitutional crisis of the 1970s,

(ii) trust in Government has reached its lowest level on record, with just 25% believing people in government can be trusted, and

(iii) 56% of Australians believe that the Government is run for ‘a few big interests’, while just 12% believe the Government is run for ‘all the people’;

and

(d) further acknowledges that winning back people’s trust is among the most urgent challenges facing political leaders;

(e) recognises rebuilding trust with voters involves tightening the rules around political donations;

(f) further recognises that donations to political parties revealed in the Australian Electoral Commission disclosures published on Monday demonstrate the need for urgent political donations reform;

(g) recognises that, ideally, the Government should ban corporate donations from vested interests that seek to influence government policy; and

(h) calls on the Federal Government, as a minimum, to:

(i) lower the disclosure threshold for political donations to $1000; and

(ii) for real time disclosures of donations to political parties. (general business notice of motion no. 399)

65 Notice withdrawn
The Minister for Aged Care and Senior Australians (Senator Colbeck) withdrew the government business notice of motion given earlier today proposing a reference to the Parliamentary Standing Committee on Public Works.

66 Foreign Affairs, Defence and Trade References Committee—Proposed reference
Senator Patrick, pursuant to notice of motion not objected to as a formal motion, moved business of the Senate notice of motion no. 1—That the following matter be referred to the Foreign Affairs, Defence and Trade References Committee for inquiry and report by the final sitting day of June 2020:

(1) That the Senate notes that, in respect to the development of Greater Sunrise oil and gas fields:

(a) on 6 March 2018, Australia and Timor-Leste signed a maritime boundaries treaty establishing permanent maritime boundaries in the Timor Sea, and a legal framework for developing the Greater Sunrise gas fields together and sharing in the benefits – the treaty has now been ratified by both countries and entered into force on 30 August 2019;

(b) there are two options for processing the Greater Sunrise gas fields:

(i) onshore in Australia, or

(ii) onshore in Timor Leste, as part of the Timor-Leste Government’s Tasi Mane development strategy for a corridor of petroleum infrastructure along the southwest coast of the country;

(c) the Australian Government stated, in response to a question asked during the estimates hearings of the Foreign Affairs, Defence and Trade Legislation Committee on 4 September 2019, that ‘Australia wants Greater Sunrise to be developed in a commercially sound way that maximises the return for the parties, and therefore contributes to Timor Leste’s economic development priorities. Provided these conditions are met, Australia is neutral as to whether Greater Sunrise gas is processed in Timor-Leste or Australia’; and

(d) the establishment of a corridor of petroleum infrastructure along the southwest coast of Timor-Leste would be a more complex and challenging endeavour than processing in existing facilities in Australia.
(2) That the following matter be referred to the Foreign Affairs, Defence and Trade References Committee for inquiry and to report by the final sitting day of June 2020, relating the Tasi Mane project:

(a) assistance and co-operation offered, to date, by the Australian Government to the Tasi Mane project;

(b) possible future assistance and co-operation by the Australian Government in relation to the Tasi Mane project;

(c) opportunities for Australian industry to assist with the design, development and execution of the Tasi Mane project;

(d) opportunities for the Australian Government to assist Timor-Leste in respect of activities and projects incidental to the Tasi Mane project;

(e) opportunities for Australian industry in respect of activities and projects incidental to the Tasi Mane project; and

(f) any related matters.
