Schedule 2, item 3, page 24 (before line 1), at the end of subsection 9-26(1), add:

Note: This subsection does not apply to supplies made by a non-resident through a resident agent if they have agreed it is not to apply: see section 57-7.

Schedule 2, page 25 (after line 14), after item 3, insert:

**3A Section 9-39 (after table item 8)**

Insert:

8AA Resident agents acting for non-residents Division 57

Schedule 2, page 25 (after line 28), after item 5, insert:

**5A After section 57-5**

Insert:

57-7 Agreement to apply this Division to all supplies through a resident agent

(1) Subsection 9-26(1) does not apply to a supply made by a *non-resident through a *resident agent if:

(a) section 57-5 would apply to the supply if that subsection did not apply to the supply; and

(b) the non-resident and the agent have agreed in writing that that subsection will not apply to any supplies made by the non-resident through the agent; and

(c) the supply is made no earlier than:

(i) if the agreement specifies a time (not earlier than the start of the day the agreement is made) as the time the agreement takes effect—that time; or

(ii) otherwise—the start of the day the agreement is made.

Note: An agreement under paragraph (1)(b) prevents subsection 9-26(1) having the effect that the supply would not be connected with the indirect tax zone (that subsection could otherwise result in the GST on the supply being reverse charged to the recipient under Division 84).

(2) If the *recipient of the supply is an *Australian-based business recipient, the recipient must be given a notice in the *approved form by:

(a) if the agreement referred to in paragraph (1)(b) specifies that the *non-resident is to give the notice—the non-resident; or

(b) otherwise—the *resident agent.

(3) The notice must be given no later than 7 days after the earlier of:

(a) the first day any of the *consideration for the supply is provided; or

(b) the day on which an *invoice for the supply is issued.

Note: Subsection 286-75(7) in Schedule 1 to the *Taxation Administration Act 1953 provides an administrative penalty for breach of subsection (2) or this subsection.
(4) If the *non-resident and the agent agree in writing to terminate the agreement referred to in paragraph (1)(b), this section ceases to apply:

(a) if the agreement to terminate specifies a time (not earlier than the start of the day the agreement to terminate is made) as the time the termination takes effect—at that time; or

(b) otherwise—at the start of the day the agreement to terminate is made.

Schedule 2, Part 1, page 29 (after line 2), at the end of the Part, add:

**Taxation Administration Act 1953**

**17A At the end of section 286-75 in Schedule 1**

Add:

(7) You are also liable to an administrative penalty if:

(a) you are required under subsections 57-7(2) and (3) of the *A New Tax System (Goods and Services Tax) Act 1999* to notify another entity by a particular day; and

(b) you do not give the notice in the *approved form to the entity by that day.*

The Leader of the Glenn Lazarus Team (Senator Lazarus), pursuant to notice of motion not objected to as a formal motion, moved general business notice of motion no. 1174—That the Senate—

(a) acknowledges the importance of Australia’s shipping and maritime industry, and its contribution to the Australian economy and national defence capabilities;

(b) notes that some 7,000 people are employed directly in shipbuilding yards across Australia, and a further 24,000 people in associated industries;

(c) recognises that more than 1,800 shipbuilding jobs have been lost in Australia since 2013, and the need to protect and retain Australian jobs for Australian workers;

(d) understands that the Federal Government has selected Spanish company Navantia as the preferred tenderer to build replacement supply vessels for the Australian Navy, which will create some 3,000 jobs in Spain and further decimate the Australian shipbuilding and maritime industry; and

(e) calls on the Federal Government to immediately halt further negotiations with the Spanish company and instead work with the Australian shipbuilding and maritime industry to immediately establish the capability to build the ships in Australia, which will provide Australian jobs for Australian workers, and in the event that withdrawal from negotiations is not possible, immediately install requirements which maximise Australian involvement, input and content, such as the build of the blocks in Australia.

18 FOREIGN AFFAIRS—BOMBING OF MÉDECINS SANS FRONTIÈRES HOSPITALS

Motion determined as not formal: Senator Ludlam requested that general business notice of motion no. 1171 standing in his name for today, relating to the bombing of Médecins Sans Frontières hospitals, be taken as formal.

An objection was raised and the motion was not proceeded with as a formal motion.

Statements by leave: Senators Ludlam and Moore, by leave, made statements relating to the motion.

19 FOREIGN AFFAIRS, DEFENCE AND TRADE LEGISLATION COMMITTEE—PROPOSED REFERENCE

Senator Lambie amended business of the Senate notice of motion no. 3 by leave and, pursuant to notice of motion not objected to as a formal motion, moved—That—

(a) the Senate notes that:

(i) the number of veterans who have served overseas in war and warlike circumstances since 1999 is some 50,000 personnel over 75,000 deployments, which is now approaching the number of Australian veterans who served in Vietnam – 60,000 between 1962 and 1972,

(ii) some reports from ex-service organisations and former Australian Defence Force (ADF) members suggest that the number of veterans in our community who have committed suicide may be more than 250 and growing,

(iii) the Turnbull Government must now take steps to acknowledge this crisis among so many ADF veterans, and undertake the necessary research so as to measure the scale of the suicide rate,
some ex-service organisations and former ADF members believe that the complexity of Australia’s military compensation schemes, together with administrative failures and slow decision-making by the Department of Veterans’ Affairs (DVA), is a contributing factor to imposing financial hardship, stress on families, delays in medical treatment, and even homelessness and suicide,

Australian military compensation arrangements must be fair and provide former members of the ADF who suffer a service injury or disease, and their families, with a strong system of compensation and other benefits,

media reports and discussions with individual veterans, along with feedback from ex-service organisations, have revealed a number of serious issues with the administration, governance and processes of the DVA, and

the last comprehensive government review of the DVA was over five years ago, and is now outdated, and the Turnbull Government must commit to undertaking a thorough review of the DVA, addressing the issues raised above; and

that the above matters be referred to the Foreign Affairs, Defence and Trade Legislation Committee for inquiry and report by 23 August 2016, with particular reference to:

the reasons why Australian veterans are committing suicide at such high rates,

previous reviews of military compensation arrangements and their failings,

the Repatriation Medical Authority’s Statements of Principles, claims administration time limits, claims for detriment caused by defective administration, authorised medical treatment, level of compensation payments, including defence abuse, as contained in all military compensation arrangements,

the performance of the DVA, and

any other related matters.

Question put and negatived (and see entry no. 23).

Statement by leave: Senator Lambie, by leave, made a statement relating to the motion.

20 SOCIAL ISSUES—AUSTRALIAN CHRISTIAN LOBBY

Senator Simms, pursuant to notice of motion not objected to as a formal motion, moved general business notice of motion no. 1172—That the Senate—

(a) acknowledges that the Australian Christian Lobby does not represent most Christians in this country and are nothing more than a fringe group;

(b) condemns the Treasurer (Mr Morrison) for attending the Australian Christian Lobby National Conference on 23 April 2016; and

(c) calls on the Prime Minister (Mr Turnbull) to reject the Australian Christian Lobby’s request for a temporary suspension to the anti-discrimination laws should a plebiscite campaign on marriage equality eventuate.

21 FAMILY AND COMMUNITY SERVICES—NATIONAL VOLUNTEER WEEK

Senator Moore, also on behalf of Senators Brown and Bilyk, pursuant to notice of motion not objected to as a formal motion, moved general business notice of motion no. 1173—That the Senate—

(a) notes that National Volunteer Week is celebrated in Australia from 9 to 15 May 2016, and the theme for the 2016 commemoration is ‘Give Happy, Live Happy’;

(b) recognises that volunteering is:
   (i) a healthy lifestyle choice; a true community builder, and
   (ii) one of the strongest predictors we have of increasing our health and happiness; and

(c) joins with Volunteering Australia, and volunteers across the Australian community, to:
   (i) support the ‘Give Happy, Live Happy’ conversation and to show that volunteers live happier and healthier lives, and
   (ii) acknowledge more than 6 million Australian volunteers are an invaluable resource in helping to make our communities stronger.

Question put and passed.

22 PRIMARY INDUSTRIES—AUSTRALIAN SUGARCANE INDUSTRY

The Leader of the Glenn Lazarus Team (Senator Lazarus), pursuant to notice of motion not objected to as a formal motion, moved general business notice of motion no. 1175—That the Senate—

(a) notes that:

(i) the Australian sugarcane industry is one of Australia’s largest and most important rural industries, with sugarcane being Queensland’s largest agricultural crop,
around 85 per cent of the raw sugar produced in Queensland is exported and generates up to $2 billion in export earnings,

the majority of mills in Australia are foreign-owned and Australian grower groups are concerned about the monopoly powers of mills to misuse their market power against Australian sugarcane growers, particularly in response to changes to the industry from 2017 which may see large foreign-owned milling companies taking control of the Australian sugar marketing sector, and

the Rural and Regional Affairs and Transport References Committee report *Current and future arrangements for the marketing of Australian sugar*, tabled in June 2015, recommended the development and implementation of a mandatory sugar industry code of conduct;

acknowledges that Australian sugarcane growers are urgently seeking implementation of a national industry code of conduct to protect them from large-resourced companies exercising monopoly powers to dictate the commercial relationship between millers and growers, the installation of a commercial arbitration facility to support them to resolve issues with mills, and the ability to select a sugar marketing organisation of their choice; and

calls on the Federal Government to support Australian sugarcane growers, to act on the recommendation in the Rural and Regional Affairs and Transport References Committee report, and to work with industry as a matter of urgency to:

- develop and implement a code of conduct,
- establish a national commercial arbitration service,
- provide Australian canegrowers with the flexibility to select sugar-marketing organisations of their choice, and
- establish a national support service for Australian canegrowers.

24 CULTURE AND THE ARTS—NEW SOUTH WALES—BONDI PAVILION

Senator Rhiannon, also on behalf of Senator Dastyari, pursuant to notice of motion not objected to as a formal motion, moved general business notice of motion no. 1177—

That the Senate—

(a) notes that:

(i) Waverley Council, the area of which is contained in the seat of Wentworth, has agreed to a $38 million redevelopment of Bondi Pavilion,

(ii) on 30 April 2016, at a special Waverley Council meeting attended by 300 people, Ms Sally Betts, the Mayor of Waverley Council and electorate officer for the Member for Wentworth (Mr Turnbull), used her casting vote to pass the redevelopment plan,

(iii) there is growing community concern that the Waverley Council redevelopment plans would reduce the current community-to-commercial use ratio and result in the Bondi Pavilion being privatised by stealth,

(iv) in response to these concerns, Waverley Council has published misleading figures for proposed community floor space which appear to include outdoor areas as a replacement for current community rooms,
(v) the original budget for restoration of the Bondi Pavilion was estimated by Waverley Council in early 2015 to be $9 million, and that the cost blowout to a currently estimated $38 million is primarily the result of the proposed changes to the building’s structure in the redevelopment plan, and

(vi) Mr Turnbull, in July 2007, with former Prime Minister, Mr Whitlam, and his wife Margaret, attended the celebration of a third of a century of the Bondi Pavilion community and cultural centre;

(b) calls on the Prime Minister (Mr Turnbull) to publicly support Bondi Pavilion being retained as a community and cultural centre; and

(c) calls on the Turnbull Government to ensure any financial assistance:
   (i) is limited to assisting with restoration of the Bondi Pavilion that maintains the current community-to-commercial space ratio, and
   (ii) is conditional upon the Bondi Pavilion’s first floor being retained for community and theatre use, and the discontinuation of upgrade plans that turn this area into a restaurant and bar or function centre precinct.

Statements by leave: The Minister for Vocational Education and Skills (Senator Ryan) and Senator Rhiannon, by leave, made statements relating to the motion. Question put and passed.

25 TRANSPORT—OWNER DRIVER TRANSPORT SECTOR
The Leader of the Glenn Lazarus Team (Senator Lazarus), pursuant to notice of motion not objected to as a formal motion, moved general business notice of motion no. 1181—That the Senate—

(a) notes that:
   (i) while the abolition of the Road Safety Remuneration Tribunal (RSRT) and associated orders has assisted to restore a competitive level playing field for the owner driver transport sector across Australia, the disruption caused by the RSRT has significantly affected industry confidence and market conditions more generally for owner driver operators, and
   (ii) it may take some time for the owner driver sector to recover from the disruption, and as a result, in the meantime, many owner drivers are suffering financially; and

(b) calls on the Federal Government to provide urgent assistance to owner driver operators by:
   (i) conducting a survey to identify the number of owner driver operators who have lost work as a consequence of the Road Safety Remuneration Order 2016 and have not had their former work reinstated, with limited or no prospects of recovering work, given the investments already made by small/large fleet operators,
   (ii) establishing a national emergency financial assistance fund to provide financial payments to owner driver operators for up to 3 months,
   (iii) providing owner driver operators with written acknowledgement of the abolition of the RSRT and associated orders, to assist with market awareness,
   (iv) calling on the financial sector to suspend payment requirements for truck and home loan facilities for owner driver operators for up to 3 months, and
(v) providing funding to a community-based organisation to assist them to provide owner driver operators and their families with targeted, specialist and industry-specific counselling and support services.
