Senator Siewert: To move on the next day of sitting—

(1) That the Senate—
   (a) notes that:
      (i) the 2020 Poverty in Australia Overview found that 3.24 million people, including 774,000 children under 15, are living below the poverty line,
      (ii) people living in rural and remote Australia experience higher rates of poverty than those who live in metropolitan areas,
      (iii) Newstart has not been increased in real terms in over 25 years, and
      (iv) the gap between cost of living and income support payments continues to grow prompting the Australian Council of Social Service to call for an increase to Newstart by $95 a week;
   (b) acknowledges that increasing Newstart and Youth Allowance has broad support from across the business, community and social services sectors;
   (c) recognises that increasing Newstart and Youth Allowance would provide significant economic stimulus and create thousands of new jobs especially in regional and rural areas; and
   (d) calls on the Federal Government to make it a priority to help address poverty in Australia by immediately raising Newstart and Youth Allowance by a significant amount.

(2) That this resolution be communicated to the House of Representatives for concurrence. (general business notice of motion no. 522)

The Leader of the Australian Greens in the Senate (Senator Waters): To move on the next day of sitting—

(1) That there be laid on the table by the Minister for Finance, by no later than 30 April of each calendar year:

The Leader of the Australian Greens in the Senate (Senator Waters): To move on the next day of sitting—That the following bill be introduced: A Bill for an Act to amend the Commonwealth Electoral Act 1918, and for related purposes. Commonwealth Electoral Amendment (Capping Donations) Bill 2020. (general business notice of motion no. 524)

Senator Faruqi: To move on the next day of sitting—That the Senate—

(a) notes that:
   (i) successive governments have cut university funding, leaving the sector reliant on international student fees to fund education and research,
   (ii) the Covid-19 crisis has highlighted how vulnerable the government has left our tertiary education system, and
   (iii) the Government has allowed casualisation and insecure work to run rampant at universities, to the detriment of students’ learning, staff well-being and research excellence; and

(b) calls on the Federal Government to:
   (i) end the funding freeze on Commonwealth supported places,
   (ii) boost funding per-Commonwealth supported place student by 10%,
   (iii) guarantee the jobs and income of university staff on insecure contracts during the travel ban, and
   (iv) support international students through this crisis. (general business notice of motion no. 525)

Senator Patrick: To move on the next day of sitting—That the Senate—

(a) notes that:
   (i) the Collins class submarines are a vital capability for Australia,
   (ii) historically the Collins class had poor availability, at worst not one was available to go to sea,
   (iii) after a significant commitment of resources, and more than half a decade, submarine sustainment has improved, now achieving world benchmarks,
   (iv) the current sustainment model works, and
   (v) there is a proposal before Government to disrupt the sustainment model and move Full Cycle Dockings from South Australia (SA) to Western Australia which would:
      (A) result in a huge loss of corporate knowledge from Australia’s submarine sustainment organisation,
      (B) inject significant challenges and risk into submarine sustainment,
      (C) reduce submarine availability, thereby damaging national security, and
      (D) achieve at best the current performance, and thus cannot represent value for money; and
calls on the Federal Government to:

(i) recognise the success of the current sustainment model, and
(ii) continue the current sustainment model, retaining all Collins class submarine Full Cycle Docking activities in SA. *(general business notice of motion no. 526)*

Senator Keneally: To move on the next day of sitting — That the Senate —

(a) notes that:

(i) Australia is a nation of migrants – it is a part of our national identity, and the migrant story is our Australian story,

(ii) Australians have welcomed people from every corner of the globe and we have grown stronger together because new Australians have moved here, settled down, raised families, started businesses, and enriched our culture and our economy,

(iii) Australia celebrates the generations of migrants who have made the international leap of faith,

(iv) under the Morrison Government, we are seeing a change in our nation – one built by permanent migrants – to an economy reliant on temporary migrants,

(v) this shift is changing Australia, for the worse, and it is happening without most Australians even realising,

(vi) the Liberal National Government asked the Productivity Commission to examine the migrant intake into Australia in March 2015,

(vii) the Productivity Commission delivered over 700 pages of analysis and assessment in its Migrant Intake into Australia Report to then-Liberal National Government Treasurer Mr Scott Morrison in April 2016, and

(viii) neither Mr Morrison, nor the Government ever responded to this crucial work; and

(b) condemns the Morrison Government for their failure to:
