(Notice given 24 November 2014. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays including 9 February 2015.)

22 **MS MACTIERNAN**: To move—That this House:

1. acknowledges the concern of Aboriginal Western Australians about the sustainability of their remote communities in the wake of the withdrawal of Municipal and Essential Services funding and the need to plan for members of those communities after the withdrawal of funding;
2. recognises that local government authorities have not been consulted in any meaningful way by the Government of Western Australia on this change in responsibility and they are deeply concerned that seven months is not sufficient to make workable alternative arrangements; and
3. calls on the Australian Government to delay the withdrawal of funding from this program until 1 July 2016.

(Notice given 24 November 2014. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays including 9 February 2015.)

23 **MR E. T. JONES**: To move—That this House:

   a. as a nation we have some of the world’s best artists, performers and administrators of the arts;
   b. the recently held Regional Arts Australia Summit in Kalgoorlie-Boulder was a great success;
   c. the Government:
      i. is a strong supporter of the Arts in Australia and recognises the importance art plays in our regional communities; and
      ii. continues to make national exhibitions and performing arts companies accessible to regional Australia; and
      iii. encourages our national institutions and performing arts companies to have a substantial presence in our regional communities; and

(Notice given 24 November 2014. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays including 9 February 2015.)

24 **DR LEIGH**: To move—That this House:

1. notes the rise in inequality over the past generation in Australia as:
   a. earnings have grown three times as fast for those in the top 10 per cent as for those in the bottom 10 per cent;
   b. the income share of the top 1 per cent of Australians has doubled over the past generation while the income share of the top 0.1 per cent has tripled; and
   c. the richest 50 people in Australia have more wealth than the bottom 2 million and the richest 3 people have more wealth than the bottom 1 million, but according to independent reports, inequality plateaued from 2007-2013 under the former Labor Government;
recognises:
(a) in Australia, our federal system means that we reach back to help prevent those in need from falling behind;
(b) ‘simplified government’ should not become a euphemism for service cuts and sliding standards across our health and education systems;
(c) federalism is a fundamentally egalitarian way of structuring a nation;
(d) if we dismantle or drastically alter that structure, we can expect to see rising inequality between places just as we’ve seen it rising between people in recent decades;
(e) unless Australia consciously re-focuses on equality as our shared goal, we will create a more unequal and divided future; and
(f) a more unequal society is a more immobile society; and

calls on the Coalition Government to protect the integrity and fairness of our Federation and to preserve the egalitarian culture of Australia by:
(a) maintaining funding and support for essential community services;
(b) supporting states and territories in times when they are doing it tough;
(c) renewing and sustaining our hundred-year-old Federation for the future; and
(d) not allowing the Commonwealth to become a place of ‘hoarded wealth’.

DR LEIGH: To move—That this House:
(1) recognises that:
(a) the Government’s failure to tackle multinational profit shifting in Australia;
(b) every dollar that is avoided by multinational companies must be paid for by Australian taxpayers and businesses, or by cutting services; and
(c) unfair tax arrangements distort investment decisions and put local companies at a disadvantage against international conglomerates;
(2) acknowledges:
(a) the $1.1 billion of multinational tax measures that the Government has handed back to large multinationals, including:
(i) $280 million in reforms to the offshore banking unit regime;
(ii) $113 million in legislative elements to improve tax compliance;
(iii) $140 million from not proceeding with changes to rules applying to multiple entry consolidated groups; and
(iv) $600 million from the abolition of section 25-90 of the Income Tax Assessment Act 1997;
(b) the Treasurer’s laggard implementation of the new G20 reporting standard behind the group of 40 ‘early adopters’;
(c) the $200 million and thousands of staff cuts from the Australian Taxation Office which severely limit its compliance and investigative power; and
(d) the significant gap between this Government’s rhetoric and its actions when it comes to ensuring multinationals pay their fair share of tax; and
(3) calls on the Treasurer to bring the same zeal to stopping multinational tax avoidance that he brings to his budget cuts on Australia’s least well off.
26 MS MACTIERNAN: To move—That this House:
(1) recognises the leadership of Western Australia in establishing the Population Health Research Network (PHRN) to enable health data from around the nation to be brought together for vital health research; and
(2) calls on the Minister for Health to:
(a) allow the Pharmaceutical Benefits Scheme, Medicare, childhood immunisation, aged care, and other Commonwealth health data to be linked through this network through enduring linkages; and
(b) heed the advice of leaders in population health such as Professor D’Arcy Holman, who says that the Commonwealth’s decision not to contribute its data to the PHRN ‘has again blinded us to the truth of the health system and denies us what would have been a powerful paradigm-shifting tool for public accountability for our $140 billion spend per year’.

(Notice given 25 November 2014. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays including 9 February 2015.)

27 MR THOMSON: To move—That this House:
(1) stresses the superiority of collective security through the United Nations over unilateral action or ‘coalition of the willing’ type adventurism, and strongly supports the ‘responsibility to protect’ principle as a vehicle to protect civilians; and
(2) urges the Government to:
(a) encourage the United Nations to establish peacekeeping forces in the world’s trouble spots to protect civilians and to extinguish conflicts before they escalate in ways which potentially draw in Australia; and
(b) implement the recommendations of the Joint Standing Committee on Foreign Affairs, Defence and Trade regarding the establishment of a mediation unit within the Department of Foreign Affairs and Trade to assist in resolving intrastate and interstate disputes before they develop into open conflict (similar to the Norwegian model).

(Notice given 25 November 2014. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays including 9 February 2015.)

28 MR WOOD: To move—That this House:
(1) condemns:
(a) ‘canned hunting’ where animals are raised in captivity for the purpose of being killed in the name of trophy kills; and
(b) the importation of any species (body or part) in the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) appendixes I, II or III as a result of a canned hunt;
(2) congratulates the Australian Government for introducing new measures to tighten controls on the trade of rhinoceros to tackle illegal trade of this threatened species;
(3) welcomes Australian Government consideration of actions to improve the protection of African lions by preventing imports of lion trophies obtained through illegal hunting; and
(4) notes that:
(a) the CITES lays down guidelines on the importation of all trophy kills, and the Department of Environment uses this information as its guide in Australia;
(b) although CITES is legally binding on the parties, it does not take the place of national laws; and
(c) as a signatory to CITES, the Australian Government is committed to the protection of wildlife that may be adversely affected by trade.

(Notice given 26 November 2014. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays including 9 February 2015.)

2 PETER GRESTE—DETENTION IN EGYPT: Resumption of debate (from 23 June 2014) on the motion of Mrs Prentice—That this House:
   (1) expresses concern at the detention in Egypt of Australian citizen Peter Greste;
   (2) notes that:
      (a) Mr Greste is detained and currently on trial solely for conducting his role as a journalist and for peacefully expressing his opinion on events in Egypt; and
      (b) the imprisonment of Peter Greste is contrary to the right to freedom of speech and expression;
   (3) recognises that the Prime Minister, Minister for Foreign Affairs and the Attorney-General have all been in contact with their Egyptian counterparts seeking Peter Greste’s release; and
   (4) notes that the Australian Government:
      (a) is offering all possible consular assistance to Peter Greste and his family;

(Order of the day will be removed from the Notice Paper unless re-accorded priority on 9 February 2015.)

3 SHIPBUILDING INDUSTRY: Resumption of debate (from 23 June 2014) on the motion of Ms Parke—That this House:
   (1) notes that:
      (a) shipbuilding is an industry that delivers the highest-value and most complex manufacturing outcomes produced in Australia, and therefore represents expertise and capacity that must be maintained for its very significant national economic and security benefits;
      (b) as an example of the multiplier effects of shipbuilding projects in respect of the quality and range of manufacturing it both requires and enables, at the commencement of the Collins-class submarine project there were only 35 Australian companies certified to Defence quality standards, whereas by 1998 there were more than 1,500;
      (c) there are currently more than 7,000 people employed in shipbuilding across Australia, including more than 4,000 people employed in naval shipbuilding alone;
      (d) the Government has identified the need for more than 80 ships over the next 30 years for service in the Royal Australian Navy, and as part of border protection, Antarctic operations and scientific research, among other roles; and
      (e) if Australian shipbuilding is not supported through a properly planned and managed program of project and maintenance work, it is likely that shipyards will close, thousands of jobs will be lost, and the critical expertise and capacity that have been developed will be irreparably squandered; and
   (2) calls on the Government to:
      (a) provide certainty to the Australian shipbuilding industry and to thousands of Australian workers by settling a short, medium and long term program of government shipbuilding projects to ensure a balanced work flow and smooth delivery of key naval assets; and
      (b) bring forward relevant shipbuilding projects, including the Pacific patrol boat and replacement Anzac frigate projects, in a timely manner to ensure that shipyards, companies, and workers are not put at risk.

(Order of the day will be removed from the Notice Paper unless re-accorded priority on 9 February 2015.)

4 FINANCIAL ASSISTANCE GRANTS TO LOCAL GOVERNMENTS: Resumption of debate (from 14 July 2014) on the motion of Mr Albanese—That this House:
   (1) condemns:
      (a) the decision by the Government to freeze indexation of Financial Assistance Grants to local governments across Australia;
      (b) the resulting cuts to local government funding of $925 million over the next four years, affecting every council in Australia; and
      (c) the failure of the:
         (i) Minister for Infrastructure and Regional Development to protect this critical funding to local governments across Australia; and
(ii) National Party to stand up against the cuts on behalf of regional and remote councils, which are affected most by the freeze;

(2) notes:
(a) Financial Assistance Grants are used by every local government in Australia to maintain local roads and deliver critical community services;
(b) the Government’s indexation freeze represents cuts of $925 million to local governments in every town and city over the next four years;
(c) regional and remote councils will be most affected by the cuts, with larger service areas and more kilometres of roads to maintain per ratepayer;
(d) the viability of some regional and remote councils may be compromised as a result of the cuts;
(e) the pressure now on councils to increase council rates or cut services due to the cuts; and
(f) within six years, the value of the cuts will be greater than the entire Roads to Recovery budget; and

(3) calls upon the Government to:
(a) listen to local government concerns about the impact of freezing indexation of Financial Assistance Grants on local roads and community services; and
(b) immediately reverse the decision to freeze indexation of Financial Assistance Grants to local government over the next three years.

(Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 2 sitting Mondays including 9 February 2015.)

5 CARBON TAX: Resumption of debate (from 14 July 2014) on the motion of Mrs Prentice—That this House:
(1) understands that the carbon tax has caused a reduction in confidence and competitiveness for small business;
(2) notes that:
(a) the carbon tax has seen gas and electricity prices rise by around 10 per cent;
(b) the former Government did not provide compensation for small businesses hit by the carbon tax;
(c) many small businesses are run at a very slim profit margin and are unable to pass these costs on to the consumers, forcing them to absorb the burden of the carbon tax themselves;
(d) with the cost of doing business increasing due to the carbon tax, small businesses lose confidence, invest less money in their business, and are forced to employ fewer staff; and
(e) under the former Government, too many small business jobs were lost; and

(3) commends the Government’s action to repeal the carbon tax to provide certainty to small business and restore the sector’s competitiveness, viability and capacity to employ.

(d) despite their victory, our veterans were treated appallingly upon their return to Australia; and

(e) the number and degree of awards presented to Australian soldiers following the Battle of Long Tan is today widely regarded as ‘being little short of insulting in view of the heroism displayed’; and

(2) recognises:

(a) the tireless efforts of retired Lieutenant Colonel Harry Smith, over almost half a century, to seek recognition for his soldiers;

(b) that Delta Company was awarded a Unit Citation for Gallantry in late 2009, however, two officers and ten other ranks still have not received the individual awards that were recommended in 1966, despite several reviews and inquiries naming the men; and

(1) expresses grave concern about the outbreak of the Ebola virus in, and its impact on, West Africa, in particular Liberia, Guinea, Sierra Leone, and beyond;

(2) recognises that the peacebuilding and development gains of the most affected countries concerned could be reversed in light of the Ebola outbreak, underlining that the outbreak is undermining the stability of the most affected countries concerned and, unless contained, may lead to further instances of civil unrest, social tensions and a deterioration of the political and security climate;

(3) determines that the unprecedented extent of the Ebola outbreak in Africa constitutes a threat to international peace and security;

(4) expresses concern about the particular impact of the Ebola outbreak on women;

(5) takes note of the:

(1) recognises that:

(a) the Australian Government will contribute $1.5 billion towards the completion of the western section (Stage Two) of Melbourne’s East West Link;

(b) the commitment to Stage Two of the East West Link is in addition to the Commonwealth’s $1.5 billion contribution towards the $6 to $8 billion Stage One section of the East West Link; and

(iii) improving freight efficiency and connections for major industries in Melbourne’s outer east, north and south east to the Port of Melbourne and international airports;

(b) East West Link will never happen under a Labor Government—state Labor opposes the project despite estimates that the cost of Melbourne’s road congestion will grow to $5 billion per annum by 2021 and $7.2 billion by 2031, more than double current levels; and

(c) Victorian Leader of the Opposition has described the East West Link as a ‘grand hoax’ and has threatened to rip up any contracts that are signed in respect of the project and in doing so, has shown contempt for the people of Victoria.

   (c) the Prime Minister has said of the changes that: ‘By delaying the increase in the superannuation
guarantee levy we are keeping more money in workers’ pockets’;
   (d) between 7 September 2013 and 2 September 2014, the Fair Work Commission received
thousands of applications for approval of enterprise agreements; and
   (e) enterprise agreements’ nominal expiry dates can be up to four years after the enterprise
agreement is approved;
(2) recognises that:
   (a) parties negotiate the terms of enterprise agreements, including terms providing for pay
increases, having regard to, among other things, the superannuation guarantee rate;
   (b) the parties who negotiated enterprise agreements for which applications for approval were
made between 7 September 2013 and 2 September 2014 would have done so on the basis that
the superannuation guarantee rate would increase during the life of the agreement;
   (c) employees to whom such enterprise agreements apply are generally covered by ‘no further
claims’ provisions, so they are not at liberty to negotiate for greater pay increases; and
   (d) accordingly, any money that is not going into their superannuation fund will also not be going
into their pockets, despite the Prime Minister’s claim; and
(3) accordingly, calls on the Government to:
   (a) concede workers, whose enterprise agreements were negotiated between the election and
2 September 2014, have lost ‘money in their pocket’ because the negotiations were conducted
on the basis there would be ‘no negative change to superannuation’; and
   (b) enable those workers to renegotiate pay increases, to compensate for the unexpected freeze on
superannuation.

   (a) reject the National Commission of Audit recommendation to privatise Australian Hearing;
   (b) ensure that the Australian Hearing research division and National Acoustic Laboratories be guaranteed certainty of continued operation at current capacity or greater;

   (b) as an economically rich and developed nation, Australia has a responsibility to be a global leader in delivering overseas aid programs and funding;

   (a) over the cruel treatment of the approximately 60,000 South Sea Islanders, mainly young men,
   who were blackbirded (or essentially kidnapped) or lured onto ships and then transported to
   Australia for the purpose of indentured labour; and

113th birthday of the Australian flag; and

(2) notes that:
   (a) Australia’s flag was the first in the world to be chosen in an open public competition, and this
flag design competition brought forth the pride of a newly formed nation by attracting entries
from 1 per cent of our population at that time;
   (b) on 3 September 1901, Lady Hopetoun, wife of the first Governor-General of the new
Commonwealth of Australia, formally opened the Commonwealth Flag and Seal Exhibition
and announced the names of the successful competitors;
   (c) the winning design was a Blue Ensign including the Union Jack, along with a Southern Cross
and a six pointed star;
(d) this latter star (the ‘Commonwealth Star’) was changed to the seven pointed star we are familiar with today in 1908, to signify the Territory of Papua and future Territories; and
(e) the new flag represents a design by the people, for the people, and since it was first flown in 1901, has become an icon of our shared identity.

(Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 3 sitting Mondays including 9 February 2015.)

(b) Human Rights Watch released two reports on the unrest in Rakhine state and the situation of Rohingya Muslims there, which raise concerns about persecution against Rohingya and outlines the dire humanitarian situation in Rakhine state;

(c) Rohingya in Rakhine state were unable to self-identify in the national census in Burma in April 2014;

(d) on 27 May 2014 Burma’s state-run media published a draft law on religious conversions that would impose restrictions on citizens wishing to change their religion, which would encourage further repression and violence against Muslims and other religious minorities;

(2) notes that:
   (a) analysis by NATSEM (which the Prime Minister once described as ‘the most reputable and authoritative modelling organisation in Australia’) shows that the 2014-15 budget will redistribute income from lower-income households to higher-income households;
   (b) by 2017-18, NATSEM analysis suggests that the budget will cause:
       (i) across all households, a 2.2 per cent drop in disposable incomes in the bottom quintile, and an 0.2 per cent rise in disposable incomes in the top quintile;
       (ii) among couples with children, a 6.6 per cent drop in disposable incomes of households in the poorest quintile; and
       (iii) among single parents, a 10.8 per cent drop in disposable incomes of households in the poorest quintile; and

(3) commends the Australian Government for enhancing the relationship between Australia and Japan, which will be mutually beneficial for the economies and people of Australia and Japan.

(Order of the day will be removed from the Notice Paper unless re-accorded priority on 9 February 2015.)

FUNDING OF THE NATIONAL CONGRESS OF AUSTRALIA’S FIRST PEOPLES: Resumption of debate (from 23 June 2014) on the motion of Mr Neumann—That this House:

(1) notes that:
   (a) the National Congress of Australia’s First Peoples (Congress) is the national representative body of Aboriginal and Torres Strait Islander peoples; and
   (b) Congress:
      (i) was established with a view to creating a new relationship with governments to reset the relationship based on partnership and genuine engagement with Aboriginal and Torres Strait Islander peoples; and
      (ii) is owned and controlled by its membership and independent of government;

(2) recognises:
   (a) the important role of Congress as a leader and advocate for recognising the status and rights of Aboriginal and Torres Strait Islanders as First Nations Peoples in Australia; and
   (b) that the existence of an effective national body is essential to the Government’s ability to fulfil its Closing the Gap targets;
(3) acknowledges that:
   (a) Congress received Deductible Gift Recipient status in July 2013, allowing it to begin to pursue income opportunities with corporate Australia and the wider community;
   (b) the previous government committed:
      (i) $29.2 million over four years to establish Congress; and
      (ii) $15 million over three years in the 2013 budget to support Congress to continue to develop income opportunities to sustain the organisation; and
   (c) ongoing Commonwealth funding beyond 2013 is essential to support the continued sustainability of an independent national voice for First Nation Peoples;
(4) notes with concern that the Government plans to cut the $15 million funding and abandon the commitment to the sustainability of Congress as the national representative body for Aboriginal and Torres Strait Islander Peoples; and
(5) calls on the Government to commit to the sustainability of a strong Congress by honouring the $15 million funding commitment.

(Order of the day will be removed from the Notice Paper unless re-accorded priority on 9 February 2015.)
