(c) the Microbrewery Refund was introduced in 2000 and that the definition of a microbrewery has not been reviewed and is now markedly out of step with industry reality; and

(Order of the day will be removed from the Notice Paper unless re-accorded priority on the next sitting Monday after 21 November 2011.)

4 EARLY ONSET DEMENTIA: Resumption of debate (from 23 May 2011—Mrs K. L. Andrews, in continuation) on the motion of Ms Rishworth—That this House:
   (1) recognises the devastating impact of early onset dementia on the lives of sufferers and their families;
   (2) notes that:
      (a) individuals who suffer from early onset dementia often face unique challenges including obtaining an accurate and early diagnosis and finding appropriate accommodation and care facilities; and
      (b) early onset dementia sufferers are generally still physically active, engaged in paid employment and many still have significant family responsibilities at the time of their diagnosis;
   (3) acknowledges that these characteristics often mean that sufferers of early onset dementia require support services tailored to their unique circumstances including:

12 FOOTBALL QUEENSLAND LICENCING SCHEME: Resumption of debate (from 12 September 2011) on the motion of Mr Ripoll—That this House:

   (1) acknowledges that the Football Queensland licensing scheme is anti-competitive because it:

   (a) excludes smaller and new apparel manufacturers who cannot afford to pay the annual fee from the market;

   (b) increases costs for clubs and players as licensed suppliers pass on the cost of the licence fee and the ‘Q Logo’ to consumers;

   (c) forces clubs to purchase what some regard as inferior and expensive products as Football Queensland strictly enforces penalties against clubs that wear apparel from non-licensed suppliers in competitive matches;

   (d) increases cost for regional clubs as manufacturers large enough to pay the licensing fee are based in the large population centres, not in the regions; and

   (e) protects licensed suppliers form true competition as there is only a limited number of licensed suppliers and most are aware of each others prices;

(2) recognises that the current immunity from prosecution granted to Football Queensland by the Australian Competition and Consumer Commission (ACCC) has been instrumental in allowing Football Queensland to conduct this anti-competitive behaviour and sets a precedent for other sporting administration bodies within Australia to instigate similar schemes;

(3) calls on the ACCC to consider the anti-competitive nature of the Football Queensland licensing scheme when deciding on the continuation of the immunity from prosecution granted to Football Queensland; and

(4) acknowledges that Football Queensland and other similar organisations have special exemptions and conditions in relation to their status in their community and as a consequence also carry special responsibility and duty of care in the exercise of its charter for clubs and players, as well as its commercial relationships. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 6 sitting Mondays after 21 November 2011.)

13 CONFLICT IN SUDAN: Resumption of debate (from 22 August 2011) on the motion of Ms Parke—That this House:

   (1) notes that:

   (a) on 9 July 2011 two new nations emerged, the nations of South and North Sudan, which follows an overwhelming vote for independence by voters in South Sudan's referendum for independence on 9 January 2011;

   (b) the future of these nations are interdependent and their stability has regional border security implications for North and East Africa;
(c) the emerging picture confronting both new nations is dire and with significant political, humanitarian and developmental challenges;

(d) the overall security situation in Sudan is deteriorating at an alarming rate, having severe humanitarian consequences with millions of civilians in both North and South Sudan in need of protection and critical humanitarian assistance;

(e) Sudan, after Zimbabwe, is the second largest recipient of Australia’s humanitarian and development assistance in Africa—since 2004, the Australian Government has provided $136 million to Sudan;

(f) the North/South Comprehensive Peace Agreement signed in 2005 that ended over two decades of civil war is at risk, due to recent violence, with outstanding issues such as border demarcation, oil revenue sharing, currency and citizenship status, unresolved;

(g) Sudan has the highest level overall of people remaining internally displaced according to the United Nations Office for the Coordination of Humanitarian Affairs, and the highest number of people newly displaced by conflict; and

(h) the plight of internally displaced people and Sudanese refugees will therefore continue to be a shared legacy of decades of conflict;

(2) condemns the most recent violence that has seen conflict spread across North and South Sudan and has recently escalated in the contested border region of Abyei and in two of the ‘three protocol areas’—South Kordofan and the Nuba Mountains—causing mass displacement;

(3) recognises that the inter-ethnic conflict also affects South Sudan, and people in South Sudan’s Western Equatoria region are still victims of attacks by the Lords Resistance Army along the border areas of Uganda, Democratic Republic of Congo and the Central African Republic;

(4) expresses deep concern at the:
   (a) protracted nature of the conflict and displacement in Darfur, now in its eighth year;
   (b) United Nations estimate that 300,000 people have been killed as a result of violence, malnutrition and starvation, and 4 million people are in desperate need of aid, representing nearly two thirds of the entire estimated Darfur population of 6.5 million; and
   (c) estimated 2.5 million people that live in refugee camps in Darfur and neighbouring Chad, while others struggle to survive in remote villages;

(5) notes that:
   (a) humanitarian relief efforts to provide assistance to vulnerable populations are being hampered by limited humanitarian access in some of the most affected conflict areas including in South Kordofan and Darfur; and
   (b) insecurity and inaccessibility remain amongst the biggest challenges facing the delivery of assistance by humanitarian agencies to vulnerable populations;

(6) urges the Government of South Sudan and the Government of Sudan to reaffirm their commitment to peace, conflict prevention, the inclusion of the peripheral regions and ethnic minorities in political representation and decision making, and the recognition of cultural and ethnic diversity through durable political solutions; and

(7) encourages the Australian Government to provide ongoing and predictable diplomatic and funding resources to address humanitarian and development needs in North and South Sudan. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 5 sitting Mondays after 21 November 2011.)

(2) minimal opportunities for internal relocation of Mandaeans within Iraq due to their limited numbers and lack of Government protection;

(3) significant numbers that have fled the country either to other nations in the Middle East and from there to nations such as Australia;

(4) need for Australia to continue to focus on Mandaean claims in our refugee/humanitarian intake; and

(5) humanitarian imperative for Australia to raise continuing human rights abuses in Iraq within varied multicultural fora and bilateral dealings with Iraq. (Order of the day will be removed from the

   (a) the important contribution of the Burmese community in Australia;  
   (b) the strength of the Burmese community and professional organisations and the part they have played in assisting others to settle successfully in Australia; and  
   (c) the extensive charity work of the Burmese community in Australia for the broader Australian community; and  

(2) acknowledges the Burmese community’s:
   
   (a) strong advocacy over the plight of the Burmese refugees in the region; and  
   (b) determination to raise awareness of the difficult situation facing internally displaced people in Eastern Burma.

16 **POLIO ERADICATION:** Resumption of debate (from 22 August 2011) on the motion of Dr Leigh—That this House:

(1) commends the efforts of successive Australian governments, working with multilateral, non-government organisations such as Rotary International and other national governments, in wiping out polio in the Pacific and reducing the total number of polio cases worldwide by 99 per cent since 1988;  

(2) notes that polio remains endemic in four countries—Afghanistan, Nigeria, India and Pakistan—three of which are Commonwealth nations;  

(3) recognises that in 2010, there were only 1,290 cases of polio worldwide, down from 350,000 cases in 1988, indicating the unprecedented opportunity the world has to eradicate polio once and for all;  

(4) notes that the Global Polio Eradication Initiative currently faces a funding shortfall of US$665 million for the full implementation of its 2010-12 Polio Eradication Strategic Plan; and  

(5) calls upon the Government to support efforts to deliver a polio-free world and to advocate for the inclusion of a strong statement urging Commonwealth countries to strengthen immunisation systems, including for polio, in the Final Communique of the 2011 Commonwealth Heads of Government Meeting.  

(Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 5 sitting Mondays after 21 November 2011.)

   (a) the positive impact compulsory and voluntary income management is having on the wellbeing of families and children in Perth and the Kimberley in Western Australia;  
   (b) an independent evaluation of compulsory and voluntary income management in Western Australia showed that participants believed it had made a positive impact on their lives;  
   (c) that a non discriminatory income management system linked to the child protection system and school attendance has been rolled out in the Northern Territory to help children who are being neglected or are at risk of neglect;  
   (d) that more than 1,700 people have moved off income management across the Northern Territory because they have found jobs and apprenticeships or improved their parenting skills; and  
   (e) that income management produces positive life impacts for individuals acquiring new skills through training and getting jobs; and  

(2) calls for this initiative to be trialled in other communities to help those families and individuals receiving welfare payments who are:
   
   (a) identified as high risk by Centrelink social workers;

   (c) that a non discriminatory model of income management system has been rolled out in the Northern Territory to help children who are being neglected or are at risk of neglect;
   (d) that more than 1,700 people have moved off income management across the Northern Territory including because they have found jobs and apprenticeships or improved their parenting skills; and
   (e) that income management produces positive life impacts for individuals acquiring new skills through training and getting jobs;

(2) welcomes the Government’s decision to trial income management in other communities to help those families and individuals receiving welfare payments who:
   (a) are identified as vulnerable by Centrelink social workers;
   (b) are referred by child protection workers; or
   (c) volunteer to participate to improve their ability to manage and save money and provide the essentials of life for their children; and

(3) calls for continued evaluation and monitoring of income management in the new and existing locations with a view to assisting further expansion for the benefit of vulnerable Australians. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 5 sitting Mondays after 21 November 2011.)

(1) notes with concern that on 30 May 2011 in the People's Court of Ben Tre, Vietnam, the following seven people were tried and convicted under Section 2 of Article 79 of the penal code, 'Attempting to overthrow the people's administration':
   (a) Ms Tran Thi Thuy (8 years imprisonment and 5 years probation);

   (d) Mr Cao Van Tinh (5 years and 4 years probation);
   (e) Mr Nguyen Thanh Tam (2 years and 3 years probation);
   (f) Mr Nguyen Chi Thanh (2 years and 3 years probation); and
   (g) Ms Pham Ngoc Hoa (2 years and 3 years probation);

(2) further notes all seven were advocates for democratic reform, and had:
   (a) participated in non-violent protest;
   (b) prepared and distributed material affirming Vietnamese sovereignty over the Paracel and Spratly Islands;
(c) petitioned the State for redress on behalf of local landholders; and
(d) as members of the ‘Cattle Shed Congregation’ of the Mennonite Church, engaged in peaceful advocacy for social justice; and

(3) expresses its concern that the authorities of Vietnam appear to be using legal processes to rationalise human rights abuse and to silence peaceful opposition; and

(4) calls on the Government to use the full weight of its diplomatic relations with Vietnam to lobby for substantial reform in human rights and basic freedoms in accordance with the provisions of the International Covenant on Civil and Political Rights to which both Australia and Vietnam are parties. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 4 sitting Mondays after 21 November 2011.)

20 ELECTROMAGNETIC EXPOSURE VIA MOBILE PHONES: Resumption of debate (from 4 July 2011) on the motion of Ms O’Neill—That this House notes:

(1) the release by the World Health Organisation’s cancer research report by the International Agency for Research on Cancer (IARC) which says that radio frequency electromagnetic fields generated by mobile phones are ‘possibly carcinogenic to humans’ and asserts that heavy usage could lead to a possible increased risk of glioma, a malignant type of brain cancer;

(2) the warnings of Dr Charlie Teo, one of Australia’s leading brain surgeons and former Australian of the Year finalist, that ‘there is an increasing body of evidence that there is an association between brain tumours and mobile phones’;

(3) that the Australian Government, through the Australian Radiation Protection and Nuclear Safety Agency (ARPANSA), welcomes the report and considers that the classification by IARC corresponds to the current ARPANSA advice, including its advice on practical ways in which people can reduce their exposure to the electromagnetic fields produced by wireless telephones;

(4) that the methods to reduce exposure include:
(a) limiting call time;
(b) preferring the use of land-line phones;
(c) using hands-free or speaker options;
(d) texting instead of making voice calls; and
(e) using phones in good signal areas which reduce power levels for communication; and

(5) that ARPANSA has also recommended parents encourage their children to use these methods of reducing exposure. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 4 sitting Mondays after 21 November 2011.)

21 ORGAN DONATION IN AUSTRALIA: Resumption of debate (from 4 July 2011—Mr E. T. Jones, in continuation) on the motion of Ms Brodtmann—That this House:

(1) notes that:
(a) Australia had a record year in 2010 with 309 multiple organ donors;
(b) activity in 2011 shows that Australia is on track to steadily sustain this improvement with 112 donors already this year;
(c) following the injection of $151 million by the Government to establish a coordinated approach to organ donation, 242 staff have now been appointed in 77 hospitals and DonateLife agencies across Australia, thus enabling all jurisdictions to work cooperatively to support sustained improvements in organ donation;
(d) there were 931 transplants in 2010 and already there have been 327 transplants in 2011; and
(e) States and Territories are committed to supporting this reform agenda; and

(2) acknowledges:
(a) the selfless act of all donor families who have supported new life for transplant recipients;
(b) the introduction of a national protocol for donation after cardiac death that will ensure Australia maximises the number of organ donors;
(c) that many hospitals that have not previously donated organs and tissue are now undertaking this important role as a result of the extra funding and staffing that are available;
(d) that the States and Territories reaffirmed their commitment to the reform agenda in February 2011, in particular the financing of increases in tissue typing, retrieval of organs and transplant surgery;
(e) the success of the two advertising campaigns launched in May 2010 and February 2011; and
(f) the importance of continued input of community groups and non government organisations in raising awareness among the Australian community. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 4 sitting Mondays after 21 November 2011.)

22 WORLD REFUGEE DAY: Resumption of debate (from 20 June 2011) on the motion of Ms Parke—that this House:

(1) notes:
(a) that 20 June each year is World Refugee Day, celebrating the courageous spirit and resilience of more than 10 million refugees around the world;
(b) that the global theme for World Refugee Day 2011, occurring in the year of the sixtieth anniversary of the United Nations Refugee Convention, is ‘1 refugee without hope is too many.’;
(c) Australia’s history of support for the United Nations Refugee Convention and its objectives, being the sixth signatory to the 1951 United Nations Refugee Convention which brought the convention into force in 1954, and having since welcomed 750,000 refugees who have made an enormous contribution to the culture, economy and social fabric of Australian society;
(d) that much of the political, media and public commentary in Australia regarding asylum-seekers and refugees miss or ignores the following facts:
(i) of the more than 10 million refugees identified by the United Nations High Commissioner for Refugees (UNHCR), just over 100,000 or 1 per cent are resettled under orderly programs each year, which means that if someone puts their name on a list today they could wait more than 100 years for processing;
(ii) in many countries wracked by conflict, like Iraq or Afghanistan, there is no list or queue to join;
(iii) Australia’s 8,250 asylum seekers in 2010 is a minimal number compared with the 358,000 people who sought asylum in the 44 major industrialised counties in 2010, and compared with the millions of people from Iraq and Afghanistan who have sought refuge in neighbouring countries like Jordan, Iran and Pakistan.
(iv) only 2 per cent of the world’s asylum claims are made in Australia;
(v) persons fleeing from persecution are not ‘illegals’, they have a legal right under international law to seek asylum, and under the Menzies Government, Australia agreed to this by signing up to the United Nations Refugee Convention; and
(vi) while Essential Research has reported that 25 per cent of Australians believe that 75 per cent of our migrant intake is made up of asylum-seekers, in fact only 1 per cent of Australia’s annual migrant intake comes from them and even less from asylum-seekers who arrive by boat;
(2) notes the UNHCR report of April 2011 entitled Back to Basics: The Right to Liberty and Security of Person and ‘Alternatives to Detention’ of Refugees, Asylum-Seekers, Stateless Persons and Other Migrants and welcomes the forthcoming parliamentary inquiry into mandatory detention;
(3) recognises that it is possible to protect Australia’s borders while also treating asylum-seekers fairly, humanely and in accordance with international law; and
(4) calls for:
(a) a return to bipartisanship in support of a reasoned, principled and facts-based approach to the issue of asylum-seekers and refugees; and
(b) Australia to continue to work with other nations and the United Nations to address the complex global and regional challenges associated with increased numbers of asylum-seekers and other people movements that cannot be addressed by countries acting on their own. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 3 sitting Mondays after 21 November 2011.)
23 DEATH OF SENIOR CONSTABLE DAMIAN LEEDING: Resumption of debate (from 20 June 2011) on the motion of Mrs D’Ath—That this House:

(1) expresses:
   (a) its condolences to:
       (i) the family of Senior Constable Damian Leeding who was shot in the line of duty on Sunday evening, 29 May 2011; and
       (ii) the colleagues of Senior Constable Leeding at Coomera CIB, Queensland Police Service; and

(2) acknowledges:
   (a) the risks associated with the work performed by our men and women in the police forces across Australia and the bravery that they display in the performance of their duty; and
   (b) the husbands, wives and partners of serving police officers for their support of those who serve in our police forces. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 3 sitting Mondays after 21 November 2011.)

24 RELIGIOUS MINORITIES IN IRAQ: Resumption of debate (from 30 May 2011) on the motion of Mr Hayes—That this House:

(1) notes that:
   (a) for more than 2,000 years religious groups such as Assyrians, Mandaeans, Chaldeans, Syriacs and other Aramaic speakers have called Iraq home;
   (b) in 2003, Australia was part of the ‘coalition of the willing’ that invaded Iraq in the belief that Iraq harboured weapons of mass destruction;
   (c) since 2003 there have been horrendous acts of persecution against these religious minorities in Iraq, including murders, bombings and extortion; and
   (d) the Catholic Church reports that one million Christians have fled Iraq since the 2003 invasion; and

(2) recognises that:
   (a) thousands of people are sheltering in Syria, Egypt, Jordan and the northern regions of Iraq because they feel they cannot return to their homes for fear of death and persecution;
   (b) due to our part in the ‘coalition of the willing’, Australia has a moral responsibility to deal compassionately with these displaced people; and
   (c) it will be a damning critique on humanity and the Coalition forces, who have vowed to protect the people of Iraq, if religious groups with such a significant historical link to the region are forced out at the hands of terrorists. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 2 sitting Mondays after 21 November 2011.)

25 MARINE CONSERVATION: Resumption of debate (from 30 May 2011) on the motion of Ms Parke—That this House:

(1) notes that:
   (a) Australia’s oceans are the most diverse on earth but less than 1 per cent of the South-West, North-West, North, Coral Sea and East marine regions are currently protected;
   (b) the Australian coastal lifestyles and our coastal economies are dependent on the good health of our oceans;
   (c) evidence from marine sanctuaries around the world, including in Australia, New Zealand, Canada and the United States, has shown that fish populations and fish size dramatically increase inside sanctuaries and in the nearby fished areas;
   (d) the marine and environmental science is clear, and in 2008, 900 scientists from the Australian Marine Scientists Association reached a consensus that the creation of networks of large marine sanctuaries will:
       (i) protect ocean life, including threatened species and critical habitats;
       (ii) recover the abundance of ocean life within and beyond sanctuary boundaries, fostering more and bigger fish;
       (iii) increase the resilience of ocean life to climate change; and
(iv) underpin the future of commercial and recreational fisheries and the sustainability of coastal economies; and

(e) through international agreement under the Convention on Biological Diversity, Australia has committed to establishing networks of marine reserves in its oceans by the end of 2012;

(2) welcomes the fact that:

(a) during 2011 the Australian Government will be finalising marine bioregional marine plans for the South-West, North-West, North and East marine regions (including the Coral Sea) in keeping with the commitment to a national marine conservation scheme first agreed to at the Council of Australian Governments in 1998;

(b) each marine bioregional plan will include a proposed network of Commonwealth marine reserves that will include sanctuary zones; and

(c) 2011 is the year of delivery for the world-class protection of the world’s richest marine environments; and

(3) calls upon the Australian Government to further consider:

(a) establishing networks of large marine sanctuaries in each of the marine regions currently under investigation in the marine bioregional planning process; and

(b) providing sufficient funding for the transition of commercial fishing activities displaced by the establishment of marine sanctuaries. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 2 sitting Mondays after 21 November 2011.)

26 WORLD MULTIPLE SCLEROSIS DAY: Resumption of debate (from 30 May 2011) on the motion of Ms A. E. Burke—That this House:

(1) notes that:

(a) Thursday 26 May marks World Multiple Sclerosis Day; and

(b) around the world, World Multiple Sclerosis Day in 2011 is being given the theme of employment to acknowledge that staying at work is a key concern for people diagnosed with multiple sclerosis;

(2) recognises that:

(a) multiple sclerosis is most frequently diagnosed in people aged between 20 and 40 years, at a stage in life when these people are building their careers and their families;

(b) the Australian Multiple Sclerosis Longitudinal Study reported that 80 per cent of people with multiple sclerosis lose their employment within 10 years of diagnosis;

(c) like many chronic diseases, multiple sclerosis is costly, and enabling people with multiple sclerosis to stay in work not only builds their confidence and self-esteem but helps to meet the costs that come with managing a lifelong disease; and

(d) with the ageing of the population, people with chronic diseases such as multiple sclerosis will increasingly feature in Australian workplaces, requiring enhanced management and support of these employees; and

(3) commits itself to:

(a) ensuring that the labour market and welfare system continue to provide assistance to people with multiple sclerosis in supporting them to both obtain and retain employment; and

(b) encouraging employers to incorporate greater flexibility in workplaces to enable people with multiple sclerosis and their carers to fulfil their productive capacity. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 2 sitting Mondays after 21 November 2011.)

27 CONFLICT IN THE PHILIPPINES: Resumption of debate (from 30 May 2011) on the motion of Mr L. D. T. Ferguson—That this House:

(1) notes:

(a) there has been a long running armed conflict in the Philippines;

(b) both the new President Benigno Aquino III and the National Democratic Front of the Philippines have expressed the desire to resume the peace negotiations between the two parties which began in 1992 and were suspended in 2005; and

(c) the Royal Norwegian Government is the third party facilitator of these peace negotiations and it is actively supporting the resumption of the peace negotiations; and
welcomes the re-commencement of the formal peace negotiations between the Government of the Republic of the Philippines and the National Democratic Front of the Philippines from February 15-21 this year; and

(c) Australia has been a strong supporter of United Nations peacekeeping operations since the first mission in 1947, and is one of the top 20 contributors to the United Nations peacekeeping budget;

(d) the United Nations' total peacekeeping budget is US$7.8 billion, or half of 1 per cent of global military spending, indicating that building and keeping the peace is overwhelmingly cheaper than the pursuit of war;

(e) there are over 122,000 military and civilian men and women working in 15 different United Nations missions around the world, who are not there for personal gain, rather, they are engaged in maintaining peace and security and in building the political, social and economic infrastructure required to ensure conflict zones can make the transition to peace on a sustainable and lasting basis;

(a) that the Commonwealth is responsible for regulating the export of live animals, and for negotiating the arrangements and conditions that apply to the export of both live animals and chilled or frozen meat;

(b) that the current tariff barriers that apply in some countries to chilled or frozen meat exports mean that there is not a level playing field between the two forms of export;

(c) that the Commonwealth has consistently campaigned for a reduction in tariffs on all agricultural exports;

(d) the national and international concerns about the welfare of animals transported under the live animal export trade, both during transportation and at their destination, have been raised and substantiated in campaigns by organisations and individuals including the World Society for the Protection of Animals, Stop Live Exports, Princess Alia of Jordan, the RSPCA and the Barristers Animal Welfare Panel; and

MR OAKESHOTT: To ask the Minister for Human Services—In respect of Centrelink concession cards, (a) why do they not contain photo identification, and (b) has she received reports of (i) cards being used by family and friends, (ii) cards being used when scanned or photocopied, (iii) cards being used after they have expired, and (iv) multiple cards, and/or addresses, and/or names being connected to one person; if so, what actions have been or are being taken to prevent such card misuse.

MR FLETCHER: To ask the Minister representing the Minister for Broadband, Communications and the Digital Economy—In respect of the connection by NBN Co. Limited of its fibre network to Australian households, (a) what is the average power in watts that an average household connection will utilise, and (b) how does this compare to the power used with existing (i) voice telephone, and (ii) Digital Subscriber Line modem with a personal computer.

MR FLETCHER: To ask the Minister representing the Minister for Broadband, Communications and the Digital Economy—What proportion of NBN Co. Limited’s assets are leased as opposed to owned.
MR ROBB: To ask the Treasurer—

(1) Is it a fact that the Australian Taxation Office (ATO) has implemented a new regulatory policy under which it will be conducting ‘real time’ audits on Australia’s top 200 companies, thereby moving away from the long-standing policy of self-assessment and post lodgement audit.

(2) Are all major changes in regulatory policy the subjects of regulatory impact statements and examination and consultation with the Office of Best Practice Regulation (OBPR); if not, under what circumstances are proposed changes exempt from such scrutiny.

(3) Did the ATO consult with the OBPR in relation to the ‘real time’ policy initiative; if so, what was the outcome; if not, why not.

(4) Did the ATO complete a regulatory impact statement in relation to this policy initiative under the Government’s best practice regulation policies; if not, why not.

(5) Did the ATO discuss its ‘real time’ audit proposals with representatives of umbrella groups such as the Australian Institute of Company Directors, the Business Council of Australia and others who uphold principles of good corporate governance in Australia, and report its findings to the OBPR; if not, why not.

(6) Did the ATO conduct any trials or pilot studies to gauge the impact of its new regulation on corporate productivity and governance; if not, why not.

(7) What is the anticipated cost to the Government of this new policy over the forward estimates, including the details of additional human and capital resources; and has an estimate been made on any additional cost to business; if so, can he indicate this sum for the same period.

(8) Is the OBPR aware that in the United States the Internal Revenue Service developed a similar policy by seeking volunteers from the corporate sector, thereby avoiding unnecessary expense and lost productivity; and would he consider introducing a similar system here.

MR ROBB: To ask the Minister representing the Minister for Finance and Deregulation—

(1) What sum was the Australian Government’s total gross debt (a) when the 2007-08 Budget was delivered, and (b) on 17 November 2011.

(2) What is the percentage of growth in gross Government debt between the two periods in part (1), and can the Minister indicate how this percentage compares to that of OECD countries including Germany, France, Italy, the United States, Spain, Norway, Iceland, Ireland, the United Kingdom, New Zealand, Israel and Chile.

(3) In which financial year does the Government estimate it will reach the new Commonwealth debt ceiling of $250 billion.

(4) Is the Government considering increasing the debt ceiling beyond $250 billion.

(5) Between the two periods in part (1), what total sum of interest has the Commonwealth paid on its total borrowings.

(6) What is the latest estimate for the (a) Government retiring all Commonwealth net debt, and (b) Federal Budget’s ‘structural deficit’; and as a percentage of GDP, how does this compare with other OECD countries.

MR ROBB: To ask the Minister representing the Minister for Finance and Deregulation—As of 17 November 2011, what sum had the Government borrowed for financing the National Broadband Network project.
