*1 MR MCCORMACK: To move—That this House:

(1) notes that:

(a) 2012 marks the centenary of the Murrumbidgee Irrigation Area (MIA) with the official ‘Turning on the Water’ taking place at the Yanco regulator on 13 July 1912;

(b) the MIA:

(i) was created to control and divert the flow of local river and creek systems for the purpose of food production; and

(ii) is, today, one of the most diverse and productive regions in Australia, contributing more than $5 billion annually to the Australian economy; and

(c) the Riverina towns of Coleambally, Leeton and Yanco, and the city of Griffith were purpose built and designed as part of the project, and are now some of the most thriving, multicultural regional communities in Australia; and

(2) calls on Members of the House to:

(a) acknowledge the importance of:

(i) irrigation in underpinning national and international food security; and

(ii) our irrigation industry in Australia fulfilling its role as the food bowl of Asia;

(b) recognise that it is important to build our food-processing industry so that it can supply Asia’s growing consumer markets, and develop the research, technologies and logistics that strengthen irrigation, grow higher-yield crops and improve safety; and

(c) accept that irrigation communities such as those in the MIA are reliant on a Murray-Darling Basin Plan which fulfils a triple-bottom line of social, economic and environmental outcomes; and

1 MR DANBY: To move—That this House:

(1) notes that:

(b) the United Nations High Commissioner for Refugees has been denied access to the North Korean refugee population;

(c) China has a policy of repatriating North Korean refugees to North Korea, returning more than 5000 North Korean refugees every year;

(d) international law prohibits the forcible repatriation, either directly or indirectly, of any individual to a country where they are at risk of facing persecution, torture or death;

(e) babies of repatriated North Korean women are killed through forced abortions and infanticide for being part-Chinese, a practice that clearly violates the United Nations Genocide Convention;

(f) 60 to 70 per cent of the North Korean refugees in China are women, 70 to 80 per cent of whom are without recourse to legal rights or protections and have become victims of sex trafficking, and whose children conceived through rape are considered stateless in China and are vulnerable to trafficking and abandonment;

(g) China considers all undocumented North Koreans as economic migrants, rather than as asylum seekers; and
more than 20,000 North Koreans have defected to South Korea since a famine hit their homeland in the mid-1990s, with almost all of them having travelled through China with the help of Christian missionaries, human rights activists or smugglers, but are still considered by Beijing as illegal migrants, often being rounded up by Chinese police for repatriation;

18  **MS ROWLAND:** To move—That this House:

1. condemns the NSW Government’s decision to slash $1.7 billion worth of funding to the NSW education budget;
2. acknowledges that these funding cuts will:
   a. have a detrimental impact upon every student in every school—public, catholic and independent;
   b. lead to an increase in TAFE fees;
   c. make it more difficult to access vocational education opportunities;
   d. lead to up to 2,000 job losses in the sector; and
   e. be particularly damaging in areas of high growth, such as Western Sydney, where educational outcomes have long lagged behind other regions in the nation; and

2. acknowledges that this unprecedented melting suggests predictions of an ice free Arctic by the middle of the century are too conservative;
3. recognises that the loss of the Arctic sea ice will have dramatic consequences for our global climate including accelerated global warming; and
(4) requests the Australian Climate Commission provide an urgent briefing to the Parliament on the implications of such a rapid and dramatic loss of sea ice in the Arctic. (Notice given 19 September 2012. Notice will be removed from the Notice Paper unless called on on any of the next 8 sitting Mondays including 29 October 2012.)

21 MR RUDD: To move—that this House:
(1) notes that the Monte Carlo Caravan Park has existed since 1947 and was purchased by the Labor Government in 1991 by Terry Mackenroth and Tom Burns to ensure that low cost housing was available;
(2) expresses concern:
(a) that the Queensland Government’s proposal to sell the Monte Carlo Caravan Park has been developed in secret, without consultation prior to the last election and with no warning to residents; and
(b) at the distress this has caused many of the residents, especially elderly residents which make up 38 per cent of the community at Monte Carlo;
(3) questions the economic sense in placing approximately 180 people from 146 sites onto the public housing queue when they are currently perfectly happy in their self-funded homes (500 across the three parks); and

(d) while CMT is more common than diseases such as Muscular Dystrophy, there is a low level of community awareness of CMT, particularly amongst Indigenous Australians;
(e) genetic counselling and pre-implantation genetic diagnosis means that those carrying the CMT gene can now conceive without the 50 per cent risk of passing CMT to their offspring; and
(f) despite the advances, detection and genetic counselling, low awareness and detection of CMT means that this disease is still spreading to future generations, when it could be stopped; and
(2) notes the need for more investment for research into the cause, care and cure of CMT; and
(3) as a first step, calls on the Government to provide funding for projects which will lead to the eradication of CMT. (Notice given 9 October 2012. Notice will be removed from the Notice Paper unless called on on any of the next 8 sitting Mondays including 29 October 2012.)

25 MS LIVERMORE: To move—That this House:

(1) opposes the Queensland Government’s gutting of Sunfish and major recreational fishing programs;
(2) notes the continued efforts by the Liberal National Party (LNP) in Queensland and nationally to undermine recreational fishing by redefining, then cutting frontline services;
(3) notes that:
   (a) before the Queensland election, Premier Newman said the public service had ‘nothing to fear’ from a new LNP government; and

(5) strongly supports recreational fishers;

   (d) left untreated, hepatitis C can possibly lead to liver damage, cancer and death;
   (e) hepatitis C has now eclipsed HIV/AIDS as the number one viral killer in Australia;
   (f) hepatitis C can be cured with the appropriate treatment;
   (g) needle and syringe programs have proven effective in relation to preventing transmission of hepatitis B and hepatitis C as well as HIV; and
   (h) hepatitis C disproportionately impacts the Indigenous community with Indigenous people representing less than 3 per cent of the total Australian population but more than 8 per cent of the Australian population infected with hepatitis C; and
(2) welcomes scientific and treatment advances that greatly increase the chance of curing patients with the most common and hardest to treat strain of hepatitis C. (Notice given 9 October 2012. Notice will be removed from the Notice Paper unless called on on any of the next 8 sitting Mondays including 29 October 2012.)

27 MRS GRIGGS: To move—That this House notes:

(1) that the 12 October 2012 marks the tenth anniversary of the horrific Bali Bombings, which killed 202 people, including 88 Australians, and injured a further 240 people, the majority suffering burn injuries;
(2) the significant contribution made by the Darwin and Perth hospitals in assisting Bali’s Sanglah Hospital deal with the scale of the disaster, as many of the injured required specialist burn treatment which was not available in Bali;
(3) the establishment of the National Critical Care and Trauma Centre funded by the Australian Government which ensures Australia’s capability to respond to disasters and major medical incidents in our region;
the benefits to the Northern Territory community through the great work that the National Critical Care and Trauma Centre performs, including the ability to provide specialist trauma and disaster training to all Australian clinicians, particularly those who provide services to the Northern Territory;

MR ENTSCH: To move—That this House:

(1) notes the

- uniqueness of the relationship between Australia and Papua New Guinea (PNG) given the physical proximity of the Western Province to the Torres Strait, and the familial and cultural ties; and
- Torres Strait Treaty with PNG (ratified in 1985) that provides for Torres Strait Islanders and the coastal people of Papua New Guinea to carry on their traditional way of life, allowing for traditional people from both countries to move freely (without passports or visas) for traditional activities in the Torres Strait Protected Zone;

(2) acknowledges that an increased level of obligation from within existing resources is required to work towards improving the health and well-being of our closest international neighbours;

(3) recognises that:

- there is an ongoing crisis in the Western Province region, particularly in relation to the incidence of tuberculosis and other highly-contagious diseases; and
- while the Government has pledged $8 million over 2011-12 to 2014-15 for the South Fly District Tuberculosis Management program, it is evident that sufficient medical support and financial resources are not reaching services on the ground;

(4) calls for a review of administration of AusAID funding for the provision of South Fly District Tuberculosis Management;

(5) calls on the Australian Government to ensure it is working closely with representatives from the PNG Government and the PNG Treaty Village Association towards establishing a long term solution;

(6) reviews priorities within the AusAID budget to enable full funding to be restored to the Saibai and Boigu clinics, to provide necessary support until such time as capacity has been established in the 13 Treaty villages; and

(7) recognises that if current policy is to continue unchanged, the health and safety of Torres Strait Islanders and other Australians will be in jeopardy, as evidenced by the recent arrival at Cairns Base Hospital of the first case of multi drug-resistant tuberculosis. (Notice given 10 October 2012. Notice will be removed from the Notice Paper unless called on on any of the next 8 sitting Mondays including 29 October 2012.)

4 **STILLBIRTHS**: Resumption of debate (from 21 May 2012—Mrs Gash, in continuation) on the motion of Ms A. E. Burke—That this House:

   (1) notes that:
      
      (a) under current State and Territory legislation, a coroner does not have the statutory and judicial authority to investigate stillbirths, nor does the legislation (except in Queensland) indicate that coronial jurisdiction extends to stillbirths; and
      
      (b) there are discrepancies amongst State and Territory legislation over the definition of ‘person’ and ‘death’;

   (2) recognises that:
      
      (a) approximately one per cent of babies born every year in Australia are stillborn (cited from a SA stillbirth report); and

      (a) adopt policies and protocols that are consistent amongst the States and Territories and which specifically outline the circumstances in which a stillbirth should be investigated by a coroner; and
      
      (b) adopt policies which:
         
         (i) provide clear and consistent definitions of ‘person’, ‘death’ and ‘stillbirth’, and extend this to other relevant legislation such as the births, deaths and marriages Acts;
         
         (ii) promote the need and development of perinatal specialists in investigations as has been recommended by independent groups such as the Australian and New Zealand Stillbirth Alliance, Perinatal Mortality Group, and Perinatal Society of Australia and New Zealand;
         
         (iii) offer parents the opportunity to have a full and timely assessment of the factors relating to their baby’s death, whilst still respecting their rights;
         
         (iv) allow for public coronial inquiry to assist in identifying clinically important lessons from the death and contribute to research on the topic of stillbirths and early infant death; and
(v) enhance provisions that provide support and appropriate care for parents. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 2 sitting Mondays including 29 October 2012.)

5 **NON-GOVERNMENT SCHOOL FUNDING**: Resumption of debate (from 21 May 2012) on the motion of Mr Frydenberg—That this House rejects calls to reduce funding to non-government schools to 2003-04 levels that would put at risk the financial viability of many non-government schools and leave many students disadvantaged. (2) recognises:
   (a) that the poor regulation of arms:
      (i) results in tens-of-thousands of lives needlessly lost every year;
      (ii) undermines peace and peace building processes, human security, poverty reduction initiatives, and prospects for sustainable socioeconomic development; and
      (iii) facilitates gender-based violence against women who disproportionately endure the indirect, longer-term consequences of armed conflict; and

(1) notes that:
   (a) the inaugural international parliamentary conference on ‘Parliaments, minorities and Indigenous peoples: effective participation in politics’ was held in Tuxtla Gutierrez, Chiapas, Mexico from 31 October to 3 November 2010;
   (b) the conference was organised jointly by the Inter-Parliamentary Union (IPU), the Mexican Congress of the Union and Government of the State of Chiapas, in partnership with the United Nations Development Program, the United Nations Office of the High Commissioner for Human Rights, the United Nations Independent Expert on minority issues and the Minority Rights Group International;
   (c) the conference heard that many situations around the world demonstrate that an adequate representation of minorities and Indigenous peoples in policy and decision-making is instrumental in breaking the cycle of discrimination and exclusion suffered by members of these groups, and their ensuing disproportionate levels of poverty and related impediments to the full enjoyment of many civil, cultural, economic, political and social rights, and yet, minorities and Indigenous peoples often remain excluded from effective participation in decision-making, including at the level of the national parliament;
   (d) the conference adopted the Chiapas Declaration, which urges every parliament, within the next two years, to inter alia, hold a special debate on the situation of minorities and Indigenous peoples in their country, recognise the diversity in society, and adopt a ‘plan of action’ to make the right to equal participation and non-discrimination a reality;
   (e) the Chiapas Declaration recommended that at a minimum the following elements are contained in the ‘plans of action’:
      (i) ensure that the right to free, prior and informed consent is observed in every step leading to the adoption of legislative and administrative measures affecting minorities and Indigenous peoples, and hold government to account for the implementation of such measures;
      (ii) require of government that all submissions to parliament of draft legislation and the national budget include an assessment of their impact on minorities and Indigenous peoples;

PRIVATE MEMBERS’ BUSINESS

Orders of the day

1 ERADICATION OF POLIO: Resumption of debate (from 17 September 2012) on the motion of Ms Parke—That this House:

(1) commends the Government for its four year commitment to provide $50 million to support the global eradication of polio;

(2) notes:

(a) that in February 2012, India was removed from the list of countries where polio remains endemic, proving that eradication strategies are effective when they are fully implemented and that polio can be eradicated even in the toughest circumstances, and there has not been a single reported case of polio in India since January 2011;

(b) that polio eradication should, wherever possible, be part of routine immunisation efforts to improve population immunity for all priority, vaccine preventable childhood illnesses;

(c) that there are now only three countries in the world where polio has never been stopped, namely Afghanistan, Pakistan and Nigeria, and unless the polio program is fully funded and emergency plans are implemented as planned, polio could make a comeback in countries that are currently polio-free;

(d) estimates show that global re-infection over time could result in as many as 200,000 children per year being paralysed;

(e) that the Global Polio Eradication Initiative currently faces a funding shortfall of US$945 million for the full implementation of its 2012-13 Emergency Action Plan, and this has caused immunisation campaigns to be cancelled or scaled back in 33 countries in Africa and Asia, leaving more children vulnerable to the disease and increasing the risk of the international spread of polio; and

(f) the recent landmark resolution by the Sixty-fifth World Health Assembly declaring the completion of polio eradication, a programmatic emergency for global public health, with member states highlighting the feasibility of eradication in the near-term, while expressing concern at the ongoing funding gap threatening success; and

(3) encourages the Government to continue to support efforts to deliver a polio-free world and to encourage other countries to do likewise. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 8 sitting Mondays including 29 October 2012.)

2 SUDAN: Resumption of debate (from 17 September 2012) on the motion of Ms Rowland—That this House:

(1) calls on the Sudanese Government and the Sudanese People’s Liberation Movement—North, to:

(a) promptly implement the Memorandum of Understanding signed with the United Nations, African Union and Arab League on allowing unrestricted humanitarian access to all areas of the Blue Nile and South Kordofan states in Sudan; and

(b) immediately conclude a ceasefire agreement;

(2) supports the involvement of an international mediation team to assist in negotiations for a ceasefire agreement;
calls on:
  (a) the Sudanese and South Sudanese governments to cease any support for armed rebel militias in each other’s territories; and
  (b) both sides to urgently work towards a final, negotiated agreement on outstanding issues arising from separation, including Abyei;

notes that the International Criminal Court has issued a warrant for the arrest of Sudan’s President, Omar Hassan al-Bashir, on five counts of crimes against humanity (murder, extermination, forcible transfer, torture and rape), two counts of war crimes (attacking civilians and pillaging), and three counts of genocide; and

acknowledges the:
  (a) contribution of the Sudanese and South Sudanese Diaspora in Australia to our economic and cultural diversity; and
  (b) excellent work being undertaken by the international community in assisting the 170,000 refugees who have been displaced from Sudan’s Blue Nile and South Kordofan states since late 2011. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 8 sitting Mondays including 29 October 2012.)

(1) notes:
(a) the motion tabled in the South Australian Parliament on 28 July 2011 by Mr Tony Piccolo MP, Member for Light, which acknowledges the experience of ‘enemy aliens’ interned during World War II and seeks to record an acknowledgement in similar terms by the Commonwealth Parliament on behalf of the nation; and
(b) that during World War II thousands of people were interned in camps around Australia as 'enemy aliens’ and prisoners of war, and among the 'enemy aliens' interned were permanent Australian residents born in Australia or who had become British subjects in accordance with the Federal immigration and citizenship laws of the day;

(2) acknowledges that:
(a) of these people interned at the camps, the overwhelming majority were law-abiding members of the Australian community who posed no security threat, indeed they were people who had made a valuable contribution to Australian society and so their internment was not only a hardship to them and their families, but also a significant loss to the communities to which they belonged; and
(b) ‘enemy alien’ internees were deprived of their freedom and consider that this was primarily on the basis of their ethnic and cultural identity under the mistaken belief that this cultural heritage posed an unreasonable risk, and not for any demonstrated or valid security concerns;

(3) notes:
(a) the substantial research and personal histories that demonstrate that the internment experience had a long term, detrimental impact on the physical and psychological health and well-being of many of the people interned; and
(b) that two thirds of all Italian internees were interned in the states of Western Australia and Queensland, including more than 1000 in Fremantle, and that certain communities and industries were particularly affected by the internment policy;

(4) recognises and acknowledges the pain, suffering, grief and hardship experienced by the people who were interned and their families, and in particular, the impact on mothers and wives who were left to care for children, homes, farms or businesses alone;
(5) congratulates those internees and their families who made the decision to remain in Australia and rebuild their lives following internment and/or other discriminatory treatment including the inability to buy or lease land, or obtain bank loans, the prohibition against travel, and the confiscation of torches, radios, cameras, trucks and tractors;

(6) celebrates the lives of those former internees and families, and those wrongly classed as ‘enemy aliens’, who despite their experiences went on to make a significant contribution to the economic, social and cultural development of Australia; and

(7) expresses the hope that as a maturing nation we have learned from the experiences of the World War II policy of internment and that we should ensure that current and future generations of migrants to this country, and their descendents, are treated with justice and equality before the law, and not discriminated against on the sole basis of their cultural heritage.

   (b) the use of a mixture of Sarin, VX and Tabin nerve gases in addition to mustard gas, leading to birth defects, miscarriages, infertility, paralysis, cancers and other illnesses;
   (c) that this massacre was only part of the broader ‘Arfal’ 1987 to 1988 assault on the Kurdish people aimed at ethnic cleansing; and
   (d) the execution of Ali Hassam Almajid on 25 January 2010, after being found guilty of ordering and organising this attack; and

(3) acknowledges:
   (a) resolutions in a similar vein carried by the United States Senate and House of Representatives, and in the Canadian, Iraqi and British parliaments; and
