PRIVATE MEMBERS’ BUSINESS

Notices given for Tuesday, 30 October 2012

*1 MRS PRENTICE: To move—That this House:
   (1) notes that:
      (a) Primary Language Disorder (PLD) is a lifelong disability which affects many children in Australia;
      (b) families of children with PLD face great uncertainties and vagaries due to the obscure nature of PLD and therefore the difficulty of reaching a diagnosis of their child’s disability;
      (c) children with PLD have the best chance in life if they receive treatment for their condition as early as possible;
      (d) without intervention, there are profound long term implications for affected individuals in terms of gaining an education and employment, leaving them feeling isolated and despondent and at a high risk of developing depressive and anxiety disorders; and
an April 2012 report by the Australian Institute of Criminology highlights the high incidence (50 per cent) of oral language dysfunction in youth offenders;

recognises that:
(a) the CHI.L.D. Association’s Glenleighden School is the only school in the southern hemisphere which caters specifically to the needs of children with PLD and other language disorders;
(b) for over 30 years, this school has achieved significant results for thousands of children;
(c) the CHI.L.D. Association:
   (i) through both its outreach program and direct clinical services, provides support for children with PLD and their families and schools across Queensland; and
   (ii) provides quality specialised early intervention services through its clinic, but is limited to those families who can pay for services as PLD does not fulfil the criteria for funding under the Better Start for Children with Disability Initiative; and
(d) there are currently no consistent eligibility criteria across Australian States and Territories for children with PLD to access specialised educational resources; and

calls on the Government to consider PLD as part of a review of the Better Start for Children with Disability Program. (Notice given 29 October 2012.)

DR LEIGH: To move—That this House:

recognises that:
(a) the Battle of Eureka:
   (i) was a key moment in Australian democracy;
   (ii) called for basic democratic rights, including broadening the franchise and removing the property qualification to stand for the Legislative Council;
   (iii) inspired subsequent movements in Australian history, including female suffrage and the Australian Republican Movement; and
   (iv) demanded changes to make mining taxation more equitable, with the revenue to be spent on improvements to local infrastructure; and
(b) the importance of the Battle of Eureka is to be commemorated by the Museum of Australian Democracy at Eureka in Ballarat, partly funded by the Australian Government in recognition of its national significance; and

encourages all Australians to remember and respect the Battle of Eureka by:
(a) visiting the Museum of Australian Democracy at Eureka to learn about the history of the Battle of Eureka and its effect on modern democracy; and
(b) flying the Eureka Flag on 3 December each year in its memory. (Notice given 29 October 2012.)

MS HALL: To move—That this House:

promises to remember all children with type 1 diabetes; and

notes that 100 young Australians with type 1 diabetes will be in Parliament House on 29 November 2012 as part of Kids in the House. (Notice given 29 October 2012.)

MR BILLSON: To move—That this House:

notes:
(a) the incidence of skin cancer in Australia is the highest in the world and is two to three times that seen in Canada, the United States and the United Kingdom; and
(b) that skin cancers account for around 80 per cent of all newly diagnosed cancers in Australia;

supports policies that focus on early detection which will in turn significantly reduce the number of Australian lives lost to skin cancer every year;

notes the importance of training for general practitioners to ensure that family doctors are able to recognise, diagnose and treat the various forms of precursors or early stages of skin cancer; and

acknowledges the work of anti-cancer community organisations, the medical fraternity and the pharmaceutical industry in increasing awareness of skin cancer and risk prevention strategies, promoting the importance of regular skin checks and facilitating affordable access to skin checks and early stage treatments. (Notice given 29 October 2012.)
To move—That this House:

(1) notes with concern the recent and growing job losses in state governments around Australia, as well as the difficulties many state public sector employees face in bargaining over wages and conditions;

(2) directs the Standing Committee on Education and Employment to inquire into and report on the conditions of employment of state public sector employees and the adequacy of protection of their rights at work as compared with other employees, including:

(a) whether:

(i) current state government industrial relation legislation provides state public sector workers with less protection and entitlements than workers to whom the Fair Work Act 2009 applies;

(ii) the removal of components of the long held principles relating to Termination, Change and Redundancy from state legislation is a breach of obligations under the International Labour Organisation (ILO) conventions;

(iii) the rendering unenforceable of elements of existing collective agreements relating to employment security is a breach of the obligations under the ILO conventions relating to collective bargaining;

(iv) the current state government industrial relations frameworks provide protection to workers as required under the ILO conventions;

(v) state public sector workers face particular difficulties in bargaining under state or federal legislation; and

(vi) the Fair Work Act 2009 provides the same protections to public sector workers as it does to other workers; and

(b) what legislative or regulatory options are available to the Commonwealth to ensure that all Australian workers, including those in state public sectors, have adequate and equal protection of their rights at work. (Notice given 29 October 2012.)

(2) acknowledges that these funding cuts will:
   
   (a) have a detrimental impact upon every student in every school—public, catholic and independent;
   
   (b) lead to an increase in TAFE fees;
   
   (c) make it more difficult to access vocational education opportunities;

(3) recognises that the loss of the Arctic sea ice will have dramatic consequences for our global climate
    including accelerated global warming; and

(4) requests the Australian Climate Commission provide an urgent briefing to the Parliament on the
    implications of such a rapid and dramatic loss of sea ice in the Arctic. (Notice given 19 September

(1) notes that the Monte Carlo Caravan Park has existed since 1947 and was purchased by the Labor
    Government in 1991 by Terry Mackenroth and Tom Burns to ensure that low cost housing was
    available;

(2) expresses concern:
   (a) that the Queensland Government’s proposal to sell the Monte Carlo Caravan Park has been
       developed in secret, without consultation prior to the last election and with no warning to
       residents; and
   (b) at the distress this has caused many of the residents, especially elderly residents which make up
       38 per cent of the community at Monte Carlo;

(3) questions the economic sense in placing approximately 180 people from 146 sites onto the public
    housing queue when they are currently perfectly happy in their self-funded homes (500 across the

   (c) estimates are that around one in every 2,500 Australians is affected by CMT;
   (d) while CMT is more common than diseases such as Muscular Dystrophy, there is a low level of community awareness of CMT, particularly amongst Indigenous Australians;
   (e) genetic counselling and pre-implantation genetic diagnosis means that those carrying the CMT gene can now conceive without the 50 per cent risk of passing CMT to their offspring; and
   (f) despite the advances, detection and genetic counselling, low awareness and detection of CMT means that this disease is still spreading to future generations, when it could be stopped; and

(2) notes the need for more investment for research into the cause, care and cure of CMT; and

(3) as a first step, calls on the Government to provide funding for projects which will lead to the eradication of CMT. (Notice given 9 October 2012. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays including 26 November 2012.)

(5) strongly supports recreational fishers;

   (d) left untreated, hepatitis C can possibly lead to liver damage, cancer and death;
   (e) hepatitis C has now eclipsed HIV/AIDS as the number one viral killer in Australia;
   (f) hepatitis C can be cured with the appropriate treatment;

(2) welcomes scientific and treatment advances that greatly increase the chance of curing patients with the most common and hardest to treat strain of hepatitis C. (Notice given 9 October 2012. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays including 26 November 2012.)

24 MRS GRIGGS: To move—That this House notes:

(1) that the 12 October 2012 marks the tenth anniversary of the horrific Bali Bombings, which killed 202 people, including 88 Australians, and injured a further 240 people, the majority suffering burn injuries;

(2) the significant contribution made by the Darwin and Perth hospitals in assisting Bali’s Sanglah Hospital deal with the scale of the disaster, as many of the injured required specialist burn treatment which was not available in Bali;

(3) the establishment of the National Critical Care and Trauma Centre funded by the Australian Government which ensures Australia’s capability to respond to disasters and major medical incidents in our region;

(4) the benefits to the Northern Territory community through the great work that the National Critical Care and Trauma Centre performs, including the ability to provide specialist trauma and disaster training to all Australian clinicians, particularly those who provide services to the Northern Territory;

25 MR ENTSCH: To move—That this House:

(1) notes the

(a) uniqueness of the relationship between Australia and Papua New Guinea (PNG) given the physical proximity of the Western Province to the Torres Strait, and the familial and cultural ties; and

(b) Torres Strait Treaty with PNG (ratified in 1985) that provides for Torres Strait Islanders and the coastal people of Papua New Guinea to carry on their traditional way of life, allowing for traditional people from both countries to move freely (without passports or visas) for traditional activities in the Torres Strait Protected Zone;

(2) acknowledges that an increased level of obligation from within existing resources is required to work towards improving the health and well-being of our closest international neighbours;

(3) recognises that:

(a) there is an ongoing crisis in the Western Province region, particularly in relation to the incidence of tuberculosis and other highly-contagious diseases; and

(b) while the Government has pledged $8 million over 2011-12 to 2014-15 for the South Fly District Tuberculosis Management program, it is evident that sufficient medical support and financial resources are not reaching services on the ground;

(4) calls for a review of administration of AusAID funding for the provision of South Fly District Tuberculosis Management;
calls on the Australian Government to ensure it is working closely with representatives from the PNG Government and the PNG Treaty Village Association towards establishing a long term solution; 

reviews priorities within the AusAID budget to enable full funding to be restored to the Saibai and Boigu clinics, to provide necessary support until such time as capacity has been established in the 13 Treaty villages; and

recognises that if current policy is to continue unchanged, the health and safety of Torres Strait Islanders and other Australians will be in jeopardy, as evidenced by the recent arrival at Cairns Base Hospital of the first case of multi drug-resistant tuberculosis. (Notice given 10 October 2012. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays including 26 November 2012.)

(a) acknowledge the importance of:

(i) irrigation in underpinning national and international food security; and

(ii) our irrigation industry in Australia fulfilling its role as the food bowl of Asia;

(b) recognise that it is important to build our food-processing industry so that it can supply Asia’s growing consumer markets, and develop the research, technologies and logistics that strengthen irrigation, grow higher-yield crops and improve safety; and

(c) accept that irrigation communities such as those in the MIA are reliant on a Murray-Darling Basin Plan which fulfils a triple-bottom line of social, economic and environmental outcomes; and

(3) calls on the Prime Minister to implement her commitment to ‘strengthen irrigation’ as stated in her speech to the Global Foundation Summit in Melbourne on 3 May 2012. (iii) offer parents the opportunity to have a full and timely assessment of the factors relating to their baby’s death, whilst still respecting their rights;

14 CHIAPAS DECLARATION: Resumption of debate (from 20 August 2012—Mr Wyatt, in continuation) on the motion of Ms Parke—That this House:

(1) notes that:

(a) the inaugural international parliamentary conference on ‘Parliaments, minorities and Indigenous peoples: effective participation in politics’ was held in Tuxtla Gutiérrez, Chiapas, Mexico from 31 October to 3 November 2010;

(b) the conference was organised jointly by the Inter-Parliamentary Union (IPU), the Mexican Congress of the Union and Government of the State of Chiapas, in partnership with the United Nations Development Program, the United Nations Office of the High Commissioner for Human Rights, the United Nations Independent Expert on minority issues and the Minority Rights Group International;

(c) the conference heard that many situations around the world demonstrate that an adequate representation of minorities and Indigenous peoples in policy and decision-making is instrumental in breaking the cycle of discrimination and exclusion suffered by members of these groups, and their ensuing disproportionate levels of poverty and related impediments to the full enjoyment of many civil, cultural, economic, political and social rights, and yet, minorities and Indigenous peoples often remain excluded from effective participation in decision-making, including at the level of the national parliament;

(d) the conference adopted the Chiapas Declaration, which urges every parliament, within the next two years, to inter alia, hold a special debate on the situation of minorities and Indigenous peoples in their country, recognise the diversity in society, and adopt a ‘plan of action’ to make the right to equal participation and non-discrimination a reality;

(e) the Chiapas Declaration recommended that at a minimum the following elements are contained in the ‘plans of action’:

(i) ensure that the right to free, prior and informed consent is observed in every step leading to the adoption of legislative and administrative measures affecting minorities and Indigenous peoples, and hold government to account for the implementation of such measures;

(ii) require of government that all submissions to parliament of draft legislation and the national budget include an assessment of their impact on minorities and Indigenous peoples;

(iii) make regular use of plenary sessions in parliament and other parliamentary fora to discuss minority/Indigenous matters in order to raise awareness and combat prejudice in society, organise awareness-raising sessions for all parliamentarians so as to increase their knowledge of minorities and Indigenous peoples and the particular problems they face, and ensure that minority and Indigenous issues are mainstreamed into parliamentary work, especially at the committee level;

(iv) allocate sufficient resources to the task of establishing dialogue between minority/Indigenous peoples and public institutions and to parliamentary committees to allow them to carry out effective outreach activities such as public hearings with minority and Indigenous peoples; and

(v) increase parliaments’ familiarity with work being done within the United Nations system so as to equip them better to hold governments to account for their international commitments, including the achievement of the Millennium Development Goals, urge ratification of International Labour Organisation Convention 169 on Indigenous and Tribal Peoples, hold debates in parliament on the conclusions and recommendations made by the United Nations human rights treaty bodies and special mechanisms with regard to minority and Indigenous peoples’ rights;

(f) the Chiapas Declaration also affirmed the responsibility of political parties to promote the effective participation of minorities and Indigenous peoples, and address their concerns in their party programs; and

(g) the IPU will facilitate networking among parliaments on this issue, monitor the implementation of the Chiapas Declaration and convene a follow-up meeting within two years to discuss progress and set targets for future action;

(1) notes the significant impact of the United Kingdom Government’s refusal to index pensions allocated to British expatriates living in Australia under the United Kingdom’s National Insurance Fund;

(2) recognises that:
   (a) affected British pensioners have made contributions to this scheme;
   (b) British pensions for expatriates continue to be indexed in numerous other countries including the United States of America and within the European Union, but are frozen in mostly former Commonwealth countries, including Australia, Canada, New Zealand and South Africa; and
   (c) the United Kingdom Government’s:
      (i) current policy discriminates in its treatment of its expatriate pensioners depending on their country of residence; and
      (ii) unfair and discriminatory policy has resulted in the erosion of the purchasing power of British pensions for more than 250,000 British pensioners living in Australia;

(3) acknowledges:
   (a) that through the Australian pension system, the Australian Government provides more than $100 million each year to recipients of a British pension living in Australia, which helps supplement the shortfall created by the United Kingdom Government’s frozen pension policy; and

(1) with deep concern, proposals being advanced to automatically return any Sri Lankan national seeking asylum in Australia; and

(2) that:
   (a) this is a policy that would target only one group of asylum seekers originating from only one particular country;
(b) the automatic return of Sri Lankan nationals without the processing of their claims for asylum fails to comply with the Refugee Convention; and

(c) if enacted, the policy would forcibly return asylum seekers to a country that is not a party to the Refugee Convention. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 8 sitting Mondays including 26 November 2012.)

(2) notes that many Indigenous servicemen and women have also made valuable contributions to the Australian Defence Force, and that:

(a) in the past these contributions have not been fully acknowledged and recognised;

(b) historically many people of Aboriginal and Torres Strait Islander background experienced difficulties in enlisting due to their race;

(c) the full extent of the contribution of Indigenous peoples to past wars and conflicts is a subject that is still being researched today;

(d) more information will only add to the valuable wealth of knowledge that informs Australia’s commemoration ceremonies and enriches the historic record;

(e) it is estimated that at least 400 Aboriginals or Torres Strait Islanders served in the First World War, and between 3,000 and 6,000 in the Second World War, and limited historical records indicate that these figures may have been much higher; and

(f) the maintenance of all war memorials, including those dedicated to the efforts of Indigenous people, should be a national priority.

—And on the amendment moved thereto by Mr Coulton, viz.—Paragraph 2(e) omit “400” and substitute “1,000” and omit “between 3,000 and 6,000” and substitute “at least 3,000”. (b) that polio eradication should, wherever possible, be part of routine immunisation efforts to improve population immunity for all priority, vaccine preventable childhood illnesses;
(c) that there are now only three countries in the world where polio has never been stopped, namely Afghanistan, Pakistan and Nigeria, and unless the polio program is fully funded and emergency plans are implemented as planned, polio could make a comeback in countries that are currently polio-free;
(d) estimates show that global re-infection over time could result in as many as 200,000 children per year being paralysed;
(e) that the Global Polio Eradication Initiative currently faces a funding shortfall of US$945 million for the full implementation of its 2012-13 Emergency Action Plan, and this has caused immunisation campaigns to be cancelled or scaled back in 33 countries in Africa and Asia, leaving more children vulnerable to the disease and increasing the risk of the international spread of polio; and
(f) the recent landmark resolution by the Sixty-fifth World Health Assembly declaring the completion of polio eradication, a programmatic emergency for global public health, with member states highlighting the feasibility of eradication in the near-term, while expressing concern at the ongoing funding gap threatening success; and

(1) acknowledges that a vibrant, independent news media is an essential component of a healthy democracy; and

(2) considers that:

(i) the appointment of a politically-independent regulatory body to oversee adherence to statutorily-defined standards of news media behaviour;

   (2) recognises that current State and Territory policies related to food allergy management in schools are not properly legislated, except in Victoria;
   (3) acknowledges that an anaphylactic reaction should be treated as a medical emergency and a simple medical procedure is all that is needed to treat it, prevent loss of life and provide the necessary time to transport the victim to hospital for further medical attention;
   (4) calls on the Government to introduce legislation, devised through COAG, to ensure all preschools, primary and secondary schools:
      (a) utilise programs that aim to help educate school children on the cause, effects and treatments of anaphylaxis;
      (b) have necessary policies and procedures to provide effective response to a student who experiences an anaphylactic reaction, such as the Australasian Society of Clinical Immunology and Allergy action plan;
      (c) ensure staff members are appropriately trained to support life in the event of an anaphylactic reaction; and
      (d) have an anaphylaxis management program for each student developed in consultation with the student’s parent/carer and physician;
   (5) recognises the great work of Murdoch Children's Research Institute and Asthma Victoria in the ‘Schoolnuts’ study which aims to determine the prevalence of true food allergies in children and provide educational seminars to schools following research; and
   (6) recognises there is further need for coordinated studies of food allergy in Australia to ascertain risk factors and help guide public policy. (Order of the day will be removed from the Notice Paper unless re-accorded priority on 26 November 2012.)

   (2) acknowledges that the reforms will make it easier for older Australians to stay in their own home and that the package will improve safety, security and quality of aged care, and simplify aged care for older Australians and their families; and
   (3) calls on all Members to support the reforms. (Order of the day will be removed from the Notice Paper unless re-accorded priority on 26 November 2012.)

   (3) condemns plans by the Opposition to make 12,000 public servants redundant. (Order of the day will be removed from the Notice Paper unless re-accorded priority on 26 November 2012.)
