†1 MR NIKOLIC: To move—That this House notes:

(1) with concern that Tasmania has the lowest gross state product per capita in Australia, the nation’s highest unemployment rate, the lowest proportion of adults in the nation who have attained a year 12 qualification, one of the lowest retention rates to year 12, the lowest population growth, and the highest proportion of Australians without superannuation coverage;

(2) that Tasmania has enormous potential with productive land, a skilled and willing work force and people with a strong commitment to improve the state’s economy by endeavour and hard work; and

(3) that the Federal Coalition’s Economic Growth Plan for Tasmania, promised in the election campaign and reiterated in Her Excellency the Governor-General’s speech opening the 44th Parliament, will provide the architecture to help turn Tasmania’s economy around and encourage long term, sustainable employment. (Notice given 18 November 2013. Time allowed—40 minutes.)

†2 MR S. P. JONES: To move—That this House notes that:

(1) as identified by Infrastructure Australia, we are an urban nation with four-fifths of our population and economic activity occurring in our cities;

(2) Australia’s growing cities have a strategic need for greater public transport capacity to meet the growing transport task, ease urban road congestion and ensure improved national productivity;

(3) this urban transport task is a joint Australian and state government responsibility;

(4) recognising this, Labor in government invested $13 billion—more Commonwealth funding for public transport than all other governments since Federation—and this investment in urban transport projects, put forward and assessed through Infrastructure Australia, resulted in a significant boost to the strategic development of Australia’s public transport network; and

(5) urban public transport projects including the Brisbane Cross River Rail project, the Perth Public Transport Package and the Tansley Park Public Transport Package in Adelaide are nationally significant projects and are not guaranteed to proceed without Australian Government funding. (Notice given 19 November 2013. Time allowed—40 minutes.)
DR STONE: To move—That this House:

(1) celebrates the success of Rural Clinical Schools (RCS) around Australia, commenced in 1999 by the then Minister for Health, the Hon. Dr Michael Wooldridge MP, and continued by his successor, the Hon. Tony Abbott MP;

(2) notes that:
(a) RCS were designed to overcome the maldistribution of all doctors including general practitioners across Australia, which left country regions short of general practitioners and other specialty doctors;
(b) students undertaking training in rural locations have academic results that are equal to or better than their metropolitan counterparts;
(c) published data from public universities show high rates of RCS graduates working in, or intending to work in rural areas; and
(d) the information gathered through an independent project tracking all Australian and New Zealand medical students—Medical Schools Outcomes Database—demonstrates that long term placements in a rural setting through RCS have a significant impact on the vocational choice and intention to practice in a rural or remote setting as well as future career specialty focus; and

(3) calls on the Government to:
(a) continue its support for these excellent initiatives; and
(b) examine opportunities to increase intern and postgraduate training places in rural locations to enhance the future of specialty medical service delivery with a focus on general practitioners in rural and regional Australia. (Notice given 20 November 2013. Time allowed—remaining private Members’ business time prior to 12 noon.)

(2) calls upon the House to:

(a) condemn the Government’s attack on the superannuation savings of Australians; and
(b) compel the Government to adhere to the timetable proposed by the former Government for the increase in the Superannuation Guarantee. (Notice given 13 November 2013. Notice will be removed from the Notice Paper unless called on on any of the next 7 sitting Mondays including 2 December 2013.)

(3) to report to the Prime Minister by 30 September 2014, with a copy of the report to be tabled in the House of Representatives at the earliest possible opportunity thereafter.    (b) moveable home industry is the primary provider of affordable accommodation for over 100,000 Australians, the majority of whom are pensioners;
   (c) ATO ruling would see residents in moveable home parks who own their own dwelling on a rented site being subject to paying 10 per cent Goods and Services Tax (GST); and
   (d) added cost of GST will cause financial hardship to many residents in these estates; and

(2) calls on the Government to ensure these residents do not have to pay GST on their site rental. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 8 sitting Mondays including 2 December 2013.)

      (ii) the score for the signature Doctor Who theme tune, written by Australian composer Ron Grainer;
      (iii) the incidental music in the series throughout most of the 1960s and 1970s, written by Australian composer Dudley Simpson;

(vii) Australian pop star Kylie Minogue, playing the character Astrid (alongside the Doctor as portrayed by David Tennant) in the 2007 Christmas Special ‘Voyage of the Damned’; and

(d) the fact that the Australian Broadcasting Corporation (ABC) has been the main broadcaster for Doctor Who in Australia; and

(2) request that:

(a) in celebration of the 50th anniversary of the first screening of Doctor Who in Australia, the British Broadcasting Corporation (BBC) consider filming the 2015 series of the television show in Australia; and

(b) the ABC, Screen Australia and the various state-based film funding bodies consider offering finance to entice the BBC to film the 2015 series of Doctor Who in Australia. REPORTS OF HOUSE AND JOINT COMMITTEES AWAITING GOVERNMENT RESPONSE

The Government is to respond to committee reports within six months, otherwise the relevant minister must present a signed statement to the House indicating the reasons for non-response.

This list indicates the status of Government responses to committee reports of the 43rd and the 44th parliaments, and appears in the first Notice Paper of each sitting fortnight. It includes committee reports requiring an explicit formal Government response to recommendations, but not advisory reports on bills, reports of the Public Works committee, and other domestic committees, etc.

Reports from the Parliamentary Joint Committee on Human Rights are only listed where the committee has examined and reported on a specific item(s) of legislation. Not listed are that committee’s regular reports on the human rights compatibility of bills and legislative instruments that come before either House of Parliament.

For a complete list of all House and Joint committee reports still requiring a government response, refer to the current Speaker’s Schedule of Outstanding Government Responses:
