(2) that Tasmania has enormous potential with productive land, a skilled and willing work force and people with a strong commitment to improve the state’s economy by endeavour and hard work; and

(3) that the federal Coalition’s Economic Growth Plan for Tasmania, promised in the election campaign and reiterated in Her Excellency the Governor-General’s speech opening the 44th Parliament, will provide the architecture to help turn Tasmania’s economy around and encourage long-term, sustainable employment. (1) notes with alarm the burden placed on the bushfire affected residents of the Blue Mountains and Central Coast via the combined mismanagement of recovery processes by the Australian and New South Wales governments;

(2) acknowledges that while emergency personnel and volunteers acted swiftly and bravely to minimise the impact of the horrific October fires, the Australian and New South Wales governments have made decisions that have hurt families and businesses in the aftermath of the fires, namely:

(a) failing to extend full disaster relief support payments;

(b) presiding over a poorly executed response to the clean-up process; and

(c) breaking a promise by failing to provide consequential concessional loans to small businesses struggling to recover after the fires; and

(c) constituents have contacted the offices of regional Members, citing regular occurrences of late mail affecting people who depend on reliable mail services; and

(c) despite Vietnam being a signatory to the International Covenant on Civil and Political Rights, there remains a concerning number of human rights violations in that country including the:

(i) treatment of 14 Vietnamese Catholics who were arrested and sentenced to four to eight years imprisonment in January 2013 for protesting in support of land rights, freedom of religion and the release of previously convicted activists;
(ii) arrest in October 2012 of Nguyen Phuong Uyen and Dinh Nguyen Kha, charged under Article 88 of the Vietnamese Penal Code for distributing leaflets protesting against China’s claims to the Paracel and Spratly islands in the South China Sea; and

(e) in some communities HIV rates are as high as 40 per cent;
(f) since the beginning of the epidemic in the 1980s, more than 75 million people have been infected with HIV and nearly 36 million have died of AIDS-related illnesses;
(g) there are now outstanding antiviral treatments available to people living with HIV; and
(h) although a lot of work has been done and many medical advances have been made, there is no cure and no vaccine, so a lot of research and work still needs to be done before we see the end of HIV;

(3) acknowledges that:

(a) in July 2014, Melbourne will host the 20th International AIDS Conference (AIDS 2014);
(b) the conference will bring together 14,000 delegates from around 200 countries, which will be the largest medical conference ever held in Australia; and

   (a) residents in more than 50 localities from Amberley, Benarkin to Karana Downs and Vernor share the postcode 4306, suburbs which in some instances are more than 130 kilometres apart;
   (b) these localities fall within the four divisions of Ryan, Maranoa, Wright and Blair;
   (c) the shared postcode is having a detrimental impact on mail delivery services, postal delivery costs and insurance premiums for people living in these areas; and

   (b) moveable home industry is the primary provider of affordable accommodation for over 100,000 Australians, the majority of whom are pensioners;
   (c) ATO ruling would see residents in moveable home parks who own their own dwelling on a rented site being subject to paying 10 per cent Goods and Services Tax (GST); and
   (d) added cost of GST will cause financial hardship to many residents in these estates; and
(2) calls on the Government to ensure these residents do not have to pay GST on their site rental. (Order of the day will be removed from the Notice Paper unless re-accorded priority on any of the next 6 sitting Mondays including 24 February 2014.)
