Thirteen sitting days remain, including today, to resolve the motion or the instrument will be deemed to have been disallowed.

2 Chair of the Environment and Communications References Committee (Senator Urquhart): To move—That the following matters be referred to the Environment and Communications References Committee for inquiry and report by the last sitting day in August 2016:

Notice given 3 May 2016

*3 Senator Lambie: To move—That—

(a) the Senate notes:

(i) the number of veterans who have served overseas in war and warlike circumstances since 1999 is more than 70,000, and is greater than the number of Australian veterans who served in Vietnam,
(ii) the credible and overwhelming evidence from ex-service organisations and individual former Australian Defence Force (ADF) members which indicates that the Australian veterans’ suicide rate since 1999 stands at more than 250 and is rapidly growing,

(iii) that this Government through the Department of Veterans’ Affairs (DVA) refuses to acknowledge, measure, research or publish the Australian veterans’ suicide rate,

(iv) the credible and overwhelming evidence from ex-service organisations and individual former ADF members which indicates that the complexity of the military compensation schemes, the time taken to make decisions by DVA, and the failure to properly administer compensation claims has contributed to unnecessary financial hardships, veterans’ families’ breakdowns, homelessness, delays in medical treatment and suicides,

(v) the Australian Military Compensation Arrangements and laws administered by DVA when compared with compensation arrangements for other employees of the Commonwealth deliver less in compensation and entitlements and therefore discriminate against members of the ADF,

(vi) that this inequality between members of the ADF and other employees of the Commonwealth, particularly those ADF members who die in service after 1 July 2004, creates a serious injustice for their widows and dependent children, and

(vii) that the last comprehensive government review into DVA, Review of Military Compensation Arrangements, was undertaken more than 5 years ago in February 2011 and is outdated; and

(b) that the above matters be referred to the Foreign Affairs, Defence and Trade Legislation Committee for inquiry and report by 23 August 2016, with particular reference to:

(i) the reasons why Australian veterans are committing suicide at such high rates,

(ii) previous reviews of military compensation arrangements and their failings,

(iii) Repatriation Medical Authority’s Statements of Principles, claims administration time limits, claims for detriment caused by defective administration, authorised medical treatment, level of compensation payments, including defence abuse, as contained in all military compensation arrangements,

(iv) the performance of DVA, and

(v) any other related matters.

*4 Leader of the Glenn Lazarus Team (Senator Lazarus): To move—That the following matter be referred to the Finance and Public Administration References Committee for inquiry and report by the last sitting day October 2016:

The access of small and medium business (particularly those in rural and regional Australia) to Federal Government contracts, and how this access could be improved, with particular reference to:

(a) any inherent unfairness in tender processes arising from the terms of the Commonwealth’s Procurement Rules 2014 (the rules);
(b) how the rules could effectively and appropriately (without discouraging competition) include improved consideration of tender proposals made by small and medium businesses for Federal Government contracts;

(c) the basis of any assessment of ‘value for money’ that is undertaken in awarding procurement contracts, particularly those for small and medium businesses, including how secondary and social benefits to communities, especially rural, regional and remote communities, can be included in that assessment;

(d) how the rules could effectively and appropriately (without discouraging competition) include improved access to Federal Government contracts by small and medium businesses, and where possible include involvement of multiple contract providers in contracts to enable greater opportunity for participation by rural, regional and remotely located small and medium businesses where providers are only able to service limited regions or locations; and

(e) any other related matter.

Notices of Motion

Notice given 18 April 2016

1137 Senator Rhiannon: To move—That the Senate—

(a) notes that:

(i) electricity network operators in New South Wales are in the process of shedding thousands of jobs,

(ii) in the past 12 months, Ausgrid has shed 879 jobs, Endeavour Energy 155 jobs and Essential Energy 350 regional jobs through voluntary redundancy, and further job cuts are being pursued,

(iii) on 7 March 2016, Essential Energy filed an application with the Fair Work Commission to terminate the Essential Energy Enterprise Agreement 2013 which, if successful, will allow the company to significantly reduce workers’ pay and conditions and deliver widespread forced redundancies,

(iv) a decision by the Fair Work Commission called Aurizon Operations Limited and others [2015] FWCFB 540 (22 April 2015) set a dangerous precedent for the termination of agreements without the consent of employees or their unions, and

(v) further job losses in New South Wales electricity distribution businesses will cause significant economic and social harm and negatively impact on the safety and security of the electricity network; and

(b) calls on the Federal Government to amend section 225 of the *Fair Work Act* 2009 to:

(i) prevent an employer from applying to the Fair Work Commission to have an enterprise agreement that has passed its nominal expiry date terminated, and

(ii) require employers and workers to undertake negotiation and conciliation and, where necessary, arbitration in the Fair Work Commission to determine a new and fair enterprise agreement.

Notice given 2 May 2016

1165 Leader of the Australian Greens (Senator Di Natale): To move—That the Senate—

(a) notes the historic meeting of the International Parliamentarians for West Papua taking place on 3 May 2016, in London, United Kingdom; and
(b) calls on the Australian Government to join with the International Parliamentarians for West Papua in recognition that:

(i) continued human rights violations in West Papua are unacceptable, with many, including the United Nations Secretary-General’s Special Advisor on the Prevention of Genocide, warning that without action by the international community, the West Papuan people risk extinction,

(ii) everyone has a right to genuine self-determination, including the West Papuan people, and

(iii) the only way to achieve this peacefully is through an internationally supervised vote on self-determination.

Notice given 3 May 2016

*1171 Senator Ludlam: To move—That the Senate—

(a) notes:

(i) the protection of health facilities and other civilian targets under international law, including the Geneva Conventions of 1949 and their Optional Protocols of 1977,

(ii) that in 2015 alone, 75 Médecins Sans Frontières hospitals and supported hospitals suffered 106 bombing and shell attacks,

(iii) that in September 2015, the World Health Organization reported that 654 medical personnel had been killed since the beginning of the conflict in Syria, and that almost 60 per cent of hospitals were either partially-functional or completely out of service;

(b) condemns the deadly attacks on hospitals that are occurring at an increasingly alarming rate in conflict around the world, particularly in Syria, Yemen and Afghanistan;

(c) calls on the conflicting parties in conflicts to respect the basic principles of international humanitarian law and refrain from deliberately targeting civilian infrastructures; and

(d) reaffirms the status of health facilities as neutral, protected spaces under international law.

*1172 Senator Simms: To move—That the Senate—

(a) acknowledges that the Australian Christian Lobby does not represent most Christians in this country and are nothing more than a fringe group;

(b) condemns the Treasurer (Mr Morrison) for attending the Australian Christian Lobby National Conference on 23 April 2016; and

(c) calls on the Prime Minister (Mr Turnbull) to reject the Australian Christian Lobby’s request for a temporary suspension to the anti-discrimination laws should a plebiscite campaign on marriage equality eventuate.

*1173 Senators Brown, Bilyk and Moore: To move—That the Senate—

(a) notes that National Volunteer Week is celebrated in Australia from 9 May to 15 May 2016, and the theme for the 2016 commemoration is ‘Give Happy, Live Happy’;
(b) recognises that volunteering is:
   (i) a healthy lifestyle choice; a true community builder, and
   (ii) one of the strongest predictors we have of increasing our health and happiness; and
(c) joins with Volunteering Australia and volunteers across the Australian community to:
   (i) support the ‘Give Happy, Live Happy’ conversation and to show that volunteers live happier and healthier lives, and
   (ii) acknowledge more than 6 million Australian volunteers are an invaluable resource in helping to make our communities stronger.

*1174 Leader of the Glenn Lazarus Team (Senator Lazarus): To move—That the Senate—
   (a) acknowledges the importance of Australia’s shipping and maritime industry, and its contribution to the Australian economy and national defence capabilities;
   (b) notes that some 7,000 people are employed directly in shipbuilding yards across Australia, and a further 24,000 people in associated industries;
   (c) recognises that more than 1,800 shipbuilding jobs have been lost in Australia since 2013, and the need to protect and retain Australian jobs for Australian workers;
   (d) understands the Federal Government has selected Spanish company Navantia as the preferred tenderer to build replacement supply vessels for the Australian Navy, which will create some 3,000 jobs in Spain and further decimate the Australian shipbuilding and maritime industry; and
   (e) calls on the Federal Government to immediately halt further negotiations with the Spanish company and instead work with the Australian shipbuilding and maritime industry to immediately establish the capability to build the ships in Australia which will provide Australian jobs for Australian workers, and in the event that withdrawal from negotiations is not possible, immediately install requirements which maximise Australian involvement, input and content such as the build of the blocks in Australia.

Notice of motion altered on 3 May 2016 pursuant to standing order 77.

*1175 Leader of the Glenn Lazarus Team (Senator Lazarus): To move—That the Senate—
   (a) notes that:
      (i) the Australian sugarcane industry is one of Australia’s largest and most important rural industries with sugarcane being Queensland’s largest agricultural crop,
      (ii) around 85 per cent of the raw sugar produced in Queensland is exported and generates up to $2 billion in export earnings,
      (iii) the majority of mills in Australia are foreign-owned and Australian grower groups are concerned about the monopoly powers of mills to misuse their market power against Australian sugarcane growers, particularly in response to changes to the industry from 2017 which may see large foreign-owned milling companies taking control of the Australian sugar marketing sector, and
(iv) the Rural and Regional Affairs and Transport References Committee report *Current and future arrangements for the marketing of Australian sugar*, tabled in June 2015, recommended the development and implementation of a mandatory sugar industry code of conduct;

(b) acknowledges that Australian sugarcane growers are urgently seeking implementation of a national industry code of conduct to protect them from large-resourced companies exercising monopoly powers to dictate the commercial relationship between millers and growers, the installation of a commercial arbitration facility to support them to resolve issues with mills, and the ability to select a sugar marketing organisation of their choice; and

(c) calls on the Federal Government to support Australian sugarcane growers, to act on the recommendation in the Rural and Regional Affairs and Transport References Committee report, and to work with industry as a matter of urgency to:

(i) develop and implement a code of conduct,

(ii) establish a national commercial arbitration service,

(iii) provide Australian canegrowers with the flexibility to select sugar-marketing organisations of their choice, and

(iv) establish a national support service for Australian canegrowers.

*1176 Senator Smith: To move—That the Senate—

(a) notes:

(i) that 21 April 2016 marked the 90th birthday of Her Majesty Queen Elizabeth II, Queen of Australia,

(ii) that Her Majesty’s reign has now continued through the tenure of 14 Australian Prime Ministers – Menzies, Holt, McEwen, Gorton, McMahon, Whitlam, Fraser, Keating, Howard, Rudd, Gillard, Abbott and Turnbull, and

(iii) the vital and enduring role that Her Majesty has played in Australia’s democratic strength and constitutional stability throughout the many years of her reign; and

(b) extends to Her Majesty its warmest wishes on this significant personal milestone, as well as its continued appreciation for the gracious manner in which she fulfils her duties as Queen of Australia.

*1177 Senators Rhiannon and Dastyari: To move—That the Senate—

(a) notes that:

(i) Waverley Council, the area of which is contained in the seat of Wentworth, has agreed to a $38 million redevelopment of Bondi Pavilion,

(ii) on 30 April 2016, at a special Waverley Council meeting attended by 300 people, Ms Sally Betts, the Mayor of Waverley Council and electorate officer for the Member for Wentworth (Mr Turnbull), used her casting vote to pass the redevelopment plan,

(iii) there is growing community concern that the Waverley Council redevelopment plans would reduce the current community-to-commercial use ratio and result in the Bondi Pavilion being privatised by stealth,
(iv) in response to these concerns, Waverley Council has published misleading figures for proposed community floor space which appear to include outdoor areas as a replacement for current community rooms,

(v) the original budget for restoration of the Bondi Pavilion was estimated by Waverley Council in early 2015 to be $9 million, and that the cost blowout to a currently estimated $38 million is primarily the result of the proposed changes to the building’s structure in the redevelopment plan, and

(vi) Mr Turnbull in July 2007 with former Prime Minister, Mr Whitlam, and his wife Margaret attended the celebration of a third of a century of the Bondi Pavilion community and cultural centre;

(b) calls on Prime Minister (Mr Turnbull) to publicly support Bondi Pavilion being retained as a community and cultural centre; and

(c) calls on the Turnbull Government to ensure any financial assistance:
   (i) is limited to assisting with restoration of the Bondi Pavilion that maintains the current community-to-commercial space ratio, and
   (ii) is conditional upon the Bondi Pavilion’s first floor being retained for community and theatre use, and the discontinuation of upgrade plans that turn this area into a restaurant and bar or function centre precinct.

*1178 Senators Xenophon, Madigan, Muir and Lambie, and Leader of the Glenn Lazarus Team (Senator Lazarus): To move—That the Senate—

(a) notes that:
   (i) it is likely that a federal election will be held on Saturday, 2 July 2016,
   (ii) it is estimated that some 40 million ballot papers will be required on election day, which is equivalent to some 700 tonnes of paper, and
   (iii) Australia is capable of producing the quantity and quality of paper required for ballot papers as well as other election material to be printed for the Australian Electoral Commission (AEC) for the 2016 Federal Election; and

(b) calls on the Government to require the use of Australian paper for ballot papers and other election materials produced for the AEC.

*1179 Senators Moore and McLucas: To move—That the Senate—

(a) notes the important work undertaken by the Community Affairs References Committee in its inquiry into children in institutional care which recommended the acknowledgement, on behalf of the nation of:
   (i) the hurt and distress suffered by many children in institutional care,
   (ii) a National Apology,
   (iii) redress for their suffering, and
   (iv) a Royal Commission into this national shame;

(b) recognises that the Royal Commission into Institutional Responses to Child Sexual Abuse released in September 2015 its final report into redress and civil litigation, and listed 99 recommendations, including recommendation 28 – ‘The Australian Government should determine and announce by the end of 2015 that it is willing to establish a single national redress scheme’;
(c) acknowledges survivors have been waiting their whole lives for recognition of the crimes perpetrated against them as children, and for the ongoing suffering those crimes cause them;

(d) notes that the Australian Labor Party announced in October 2015 that a Shorten Government would invest $33 million to implement a National Redress Scheme, which would include an initial $20 million contribution to establish the National Redress Agency, as well as a National Redress Advisory Council to work with all governments and institutions on the development and operation of the scheme; and

(e) calls on the Government to work towards establishing a National Redress Scheme.

*1180 Senator Whish-Wilson: To move—That the Senate—

(a) notes:
   (i) the decision of the government to award the contract to DCNS for the construction of new Barracuda-class submarines, and
   (ii) that the pump-jet propulsion used in the Barracuda-class submarines has only ever been powered by nuclear reactors; and

(b) calls on the Government to unequivocally rule out the use of nuclear reactors to power Australia’s new submarines.

*1181 Leader of the Glenn Lazarus Team (Senator Lazarus): To move—That the Senate—

(a) notes:
   (i) while the abolition of the Road Safety Remuneration Tribunal (RSRT) and associated orders has assisted to restore a competitive level playing field for the owner driver transport sector across Australia, the disruption caused by the RSRT has significantly affected industry confidence and market conditions more generally for owner driver operators, and
   (ii) it may take some time for the owner driver sector to recover from the disruption, and as a result, in the meantime, many owner drivers are suffering financially; and

(b) calls on the Federal Government to provide urgent assistance to owner driver operators by:
   (i) conducting a survey to identify the number of owner driver operators who have lost work as a consequence of the Road Safety Remuneration Order 2016 and have not had their former work reinstated, with limited or no prospects of recovering work given the investments already made by small/large fleet operators,
   (ii) establishing a national emergency financial assistance fund to provide financial payments to owner driver operators for up to 3 months,
   (iii) providing owner driver operators with written acknowledgement of the abolition of the RSRT and associated orders to assist with market awareness,
   (iv) calling on the financial sector to suspend payment requirements for truck and home loan facilities for owner driver operators for up to 3 months, and
(v) providing funding to a community-based organisation to assist them to provide owner driver operators and their families with targeted, specialist and industry-specific counselling and support services.

*1182 Senator Siewert: To move—That the Senate—

(a) recognises that income support for students:
   (i) is an important part of Australia’s safety net, and
   (ii) helps to make educational opportunities more accessible for young people, including from regional and remote communities;

(b) notes reports:
   (i) of a current backlog of 27,500 students with claims waiting to be processed, and earlier peaks of 90,000 students waiting for claims to be processed, and
   (ii) suggesting that up to 30,000 applicants may have been rejected incorrectly; and

(c) calls on the Government to take urgent action by:
   (i) reviewing rejected applications,
   (ii) restoring adequate funding to the Department of Human Services, including funding for ongoing staffing increases, and
   (iii) investing in high-quality information technology systems.

16 Transport—Western Australia—Perth Freight Link—Order for production of documents

That:

(a) the Senate notes:

(i) as the Prime Minister (Mr Turnbull) stated on 15 November 2010, when in Opposition, that it would beggar belief that a government could be so reckless as to allow such a massive investment to proceed without the publication of a business case, without the ongoing scrutiny of a parliamentary committee and, above all, without a rigorous cost-benefit analysis, and that any major infrastructure project must be subject to a rigorous cost-benefit analysis and if it does not pass a rigorous cost-benefit analysis then it necessarily detracts from Australia’s wellbeing,

(ii) the resolution of the Senate of 14 October 2015 proposed by a senator from The Nationals that noted the importance of significant funding proposals being accompanied by detailed business cases and subject to a full assessment process, including by Infrastructure Australia, if $100 million or more of Commonwealth funding is sought, to ensure value for taxpayers’ money;

(iii) the announcement on 12 April 2016 by the Prime Minister of an additional $260 million for the Perth Freight Link, bringing the total federal contribution to $1.2 billion for a project with no business case; and

(iv) the ongoing deterioration in Western Australia’s budget position, with the recent downgrading of Western Australia’s Triple A credit rating to AA2, the second credit downgrading in 18 months;
(b) there be laid on the table by the Minister for Finance, no later than 4 pm on Wednesday, 20 April 2016, the following:

(i) any correspondence between any minister and/or member of the federal bureaucracy with any minister and/or member of the state bureaucracy on the decision to provide an additional $260 million funding for the Perth Freight Link tunnel and the related public announcement, including any requests or proposals for additional funding from either government, any costings, briefing notes, speaking points, designs, maps, availability and type of tunnelling infrastructure, and related documents;

(ii) any correspondence between the Federal Minister for Finance (Senator Cormann), or any member of the Federal Government and any member of the Western Australian Government, including the Premier (Mr Barnett), relating to expediting the federal funding of the Perth Freight Link project;

(iii) the business case and cost-benefit analysis for the Perth Freight Link Tunnel; and

(iv) a list of every National Partnership Agreement for infrastructure projects that have received over $100 million in federal funding from the Abbott-Turnbull Federal Government without a published business case and cost-benefit analysis.

A GUIDE TO THE NOTICE PAPER

A Notice Paper is issued each sitting day containing details of current business before the Senate. It works in conjunction with the Senate Order of Business (otherwise known as the Red) which sets out the daily routine of business to be followed as per standing order 57.

Standing orders are the rules or procedures set down by the Senate to govern the Senate and its committees. The current version of The Senate: Standing Orders and other orders of the Senate is available on the Senate website at

The publication of the Notice Paper is authorised by standing order 43(2).

Placement of business on the Notice Paper

The way business is placed on the Notice Paper is set down according to standing orders and is listed under one of the following four categories:

- **Matters of privilege** which take precedence over all other business and are listed at the beginning of the Notice Paper when they arise. They consist of notices of motion which the President has determined warrant such precedence and any orders relating to adjourned debates on such motions.

- **Business of the Senate** which has precedence over government and general business for the day on which it is listed. It includes disallowance motions, orders of the day for the presentation of committee reports, motions to refer matters to standing committees, motions for leave of absence for a senator and motions concerning the qualification of a senator.

- **Government business** which is business initiated by a minister including the consideration of government legislation. It takes precedence over general business except for a period of 2½ hours each week set aside on Thursdays for general business.

- **General business** which is all other business initiated by senators who are not ministers. It takes precedence over government business only as described above. (See below for a breakdown of this section.)

Within each of the above categories you may find notices of motions and/or orders of the day:

- **Notices of motion** are statements indicating that senators intend to move particular motions on the days indicated. They are entered on the Notice Paper in the order given and may be given jointly by two or more senators. Notices of motion are usually considered before orders of the day.

- **Orders of the day** are items of business which the Senate has ordered to be considered on particular days, usually arising from adjourned debates on matters, including legislation, or requirements to present committee reports.

On days other than Thursdays, the Notice Paper records all business of the Senate and government business items, but includes only new items of general business from the previous sitting day. On Thursdays, to take account of General Business at 4.30 pm, a full listing of business relating to the consideration of government documents, committee reports and government responses to committee reports and Auditor-General’s reports is also published.
Sections of the Notice Paper
