509 Senator Rhiannon: To move—That the Senate—

(a) notes that:

(i) the Federal Government has provided $1.5 billion in funding for the WestConnex motorway, plus an additional $2 billion in the form a concessional loan; and that this funding was awarded despite the lack of a detailed business case, including the assumptions behind the project’s cost-benefit analysis, being made available to Infrastructure Australia or the public,

(ii) the WestConnex motorway, if built, will negatively impact residents and commuters across Sydney by increasing traffic congestion and air pollution; and the main beneficiaries of the project will be private businesses who will profit from new tolls while the public wears the financial risk, and

(iii) the Federal Government has not spent a single dollar on public transport projects in Sydney; and

(b) calls on the Federal and NSW Governments to abandon their plans to construct the WestConnex motorway and commit to building public transport in Sydney to minimise congestion, improve environmental sustainability and boost productivity.

(a) notes that:

(i) polling consistently shows that the Australian Broadcasting Corporation (ABC) and the Special Broadcasting Service (SBS) are the most trusted media outlets in Australia and two of the most trusted organisations of any nature,

(ii) the then Leader of the Opposition, Mr Abbott, stated categorically before the 2013 federal election that there would be ‘no cuts to the ABC or SBS’, and

(iii) on 1 September 2014, the Minister for Communications refused an order of the Senate to lay on the table a copy of Mr Peter Lewis’ efficiency review into the ABC and SBS; and

(a) notes:
(i) the role of the Australian Electoral Commissioner (the Commissioner) is essential to the performance, transparency and accountability of the Australian Electoral Commission (AEC),

(iii) the Special Minister of State advised the public that the previous Commissioner, Mr Ed Killesteyn PSM, tendered his resignation to the Governor-General on 21 February 2014,
(iv) the position of Commissioner has formally been vacant since the resignation of Mr Killesteyn took effect on 26 June 2014,

(ii) non-judicial member of the Australian Electoral Commission, and
(iii) Australian Electoral Officer in Queensland, Western Australia and the Northern Territory.

513 Leader of the Australian Greens (Senator Milne): To move—That the Senate—
(a) notes:
(i) the Free Trade memorandum of understanding signed between Australia and China, and
(ii) that climate change, with its consequent global food insecurity, is driving governments to acquire land and water outside their own borders as sources of food supply; and
(b) calls on the Government to:
(i) create a register of foreign ownership of agricultural land and water assets to continuously track overseas purchases,
(ii) lower the threshold from $248 million to $5 million for consideration of the national interest by the Foreign Investment Review Board (FIRB) for purchases of agricultural land and water by a foreign private entity,
(iii) legislate a stronger national interest test to be applied by the FIRB for purchases of agricultural land and water resources, and
(iv) prohibit the purchase of agricultural land and water by wholly-owned subsidiaries of foreign governments.
514 Senator Conroy: To move—That the Senate calls on the Abbott Government to immediately request that the Defence Force Remuneration Tribunal reconsider the Government’s pay offer, which cuts the real pay and conditions of Australian Defence Force (ADF) personnel, for the following reasons – the original offer:

(a) was unfair and wrong, particularly in light of the 2014-15 Budget allocating funding for an above-inflation pay rise for ADF personnel;
(b) is affecting morale and is likely to affect recruitment;
(c) has caused a backlash amongst ADF servicemen and women, their families, and the wider community; and
(d) should be changed to ensure a fair deal for our ADF personnel.

515 Senator Siewert: To move—That the Senate—

(a) acknowledges:
   (i) that being understood is essential in accessing justice,
   (ii) the importance of interpreting services in the justice system, and
   (iii) the unacceptable rate of Aboriginal and Torres Strait Islander incarceration;

(b) notes:
   (i) the Kimberley Interpreting Service (KIS) has around 100 interpreters who speak over 30 Indigenous languages, that in many Western Australia communities English is not the first language, and
   (iii) since 2006 KIS has been funded through a state and federal government partnership which ended in June 2014, and the Western Australian Government has said it was not in a position to provide any more funding; and

(c) calls on the Commonwealth Government to work with the Western Australian Government to ensure ongoing funding for essential interpreting services.

Notice given 19 November 2014

*516 Senator Siewert: To move—That the Senate—

(a) acknowledges that the gap between life expectancy, health outcomes and incarceration rates of Aboriginal to non-Aboriginal people remains unacceptable;

(b) notes:
   (i) the release of the Overcoming Indigenous disadvantage report on 19 November 2014 which finds:
      (A) the adult imprisonment rate increased 57 per cent between 2000 and 2013,
      (B) juvenile detention rates increased sharply between 2000-01 and 2007-08, and have fluctuated since at around 24 times the rate for non-Indigenous youth, and
      (C) Aboriginal and Torres Strait Islander Australians make up only 2.3 per cent of the adult population, but as of 30 June 2013 made up over a quarter (27.4 per cent) of the adult prison population, and
   (ii) that peak Aboriginal organisations have been calling for justice targets to address the unacceptably high incarceration rates of Aboriginal people; and

*517 Senator Ludlam: To move—That the Senate—
(a) notes that:
   (i) the Attorney-General’s Department is reported to have contracted PricewaterhouseCoopers to conduct a financial study into the cost of the Government’s data retention policy, and
   (ii) the Government has not stated what the cost to the Australian public and to the telecommunications industry of its data retention policy will be; and
(b) orders that there be laid on the table by the Attorney-General (Senator Brandis), no later than noon on Tuesday, 25 November 2014 the:

*518 Senator Waters: To move—That the Senate—
(a) notes that:
   (i) the Queensland Premier, Mr Campbell Newman, has announced that he will use public money from the sale, or long-term lease, of public assets to build a coal railway for mining magnates,
   (ii) Premier Newman has already announced that public money will be used to pay for dredging in the Great Barrier Reef World Heritage Area and dumping on the nationally-significant Caley Valley wetlands near Abbot Point, and
   (iii) Queensland’s existing industries, our safety, our environment, including the Great Barrier Reef, and our very way of life are at risk from climate change which is driven by burning fossil fuels; and
(b) calls on the Federal Government to rule out allowing federal public funds to be used to pay for coal mines, railways or coal ports associated with the Galilee Basin.

*519 Senator O’Sullivan: To move—That the Senate notes the statements by the new Australian Live Exporters Chair, Mr Simon Crean, that the newly-announced free trade agreement with China will make our nation more competitive against the likes of other live dairy cattle export nations, such as New Zealand, and will help stimulate further growth in the dairy trade.

public interest immunity claims;
(c) notes that:
(i) the statutory values which Australian Public Service agency heads and employees are required to uphold include a requirement to be open and accountable to the Australian community under the law and within the framework of ministerial responsibility; and

(ii) the Constitutional framework of checks and balances under a separation of powers places the Parliament in prime position as the agent of accountability, representing the Australian people;

Senate

29 Powers—Freedom of Information Act provisions

That the Senate—

(a) notes the frequency with which freedom of information legislation is invoked to withhold information from senators and the Senate, not only by reference to grounds of exemption in the legislation but also apparently on the basis that an answer will not be provided if a Freedom of Information (FOI) request has been lodged for the same information;

(b) recalls the observations of the Procedure Committee in its Third Report of 1992 that:

(i) there is no basis in law for the application of the FOI Act to the production of documents to a House;

(ii) if a minister were to regard all of the exemption provisions in the FOI Act as grounds on which to claim a privilege against disclosure of information to a House, this would considerably expand the grounds of executive privilege hitherto claimed;

(iii) the use of the provisions of the FOI Act as a checklist of grounds for non-disclosure does not relieve a minister of the responsibility of carefully considering whether the minister should seek to withhold documents from a House, or from considering the question in the context of the importance of the matters under examination by the House;

(c) resolves that the same principles apply to the provision of information to committees in response to questions asked by senators, which require the same careful consideration by ministers;

(d) declares that declining to provide documents or answer questions on the basis that an FOI request has been made for the same information is an unacceptable response, is not supported by the FOI Act and shows a profound lack of respect for the Senate and its committees.

(Agreed to 25 June 2014.)

A GUIDE TO THE NOTICE PAPER

A Notice Paper is issued each sitting day containing details of current business before the Senate. It works in conjunction with the Senate Order of Business (otherwise known as the Red) which sets out the daily routine of business to be followed as per standing order 57.

Standing orders are the rules or procedures set down by the Senate to govern the Senate and its committees. The current version of The Senate: Standing Orders and other orders of the Senate is available on the Senate website at www.aph.gov.au/About_Parliament/Senate/Powers_practice_n_procedures/standingorders

The publication of the Notice Paper is authorised by standing order 43(2).

Placement of business on the Notice Paper

The way business is placed on the Notice Paper is set down according to standing orders and is listed under one of the following four categories:

- **Matters of privilege** which take precedence over all other business and are listed at the beginning of the Notice Paper when they arise. They consist of notices of motion which the President has determined warrant such precedence and any orders relating to adjourned debates on such motions.

- **Business of the Senate** which has precedence over government and general business for the day on which it is listed. It includes disallowance motions, orders of the day for the presentation of committee reports, motions to refer matters to standing committees, motions for leave of absence for a senator and motions concerning the qualification of a senator.

- **Government business** which is business initiated by a minister including the consideration of government legislation. It takes precedence over general business except for a period of 2½ hours each week set aside on Thursdays for general business.

- **General business** which is all other business initiated by senators who are not ministers. It takes precedence over government business only as described above. (See below for a breakdown of this section.)

Within each of the above categories you may find notices of motions and/or orders of the day:

- **Notices of motion** are statements indicating that senators intend to move particular motions on the days indicated. They are entered on the Notice Paper in the order given and may be given jointly by two or more senators. Notices of motion are usually considered before orders of the day.

- **Orders of the day** are items of business which the Senate has ordered to be considered on particular days, usually arising from adjourned debates on matters, including legislation, or requirements to present committee reports.

On days other than Thursdays, the Notice Paper records all business of the Senate and government business items, but includes only new items of general business from the previous sitting day. On Thursdays, to take account of General Business at 4.30 pm, a full listing of business relating to the consideration of government documents, committee reports and government responses to committee reports and Auditor-General’s reports is also published.
