(2) The application is taken to be withdrawn if the applicant does not give the further information within the 14 days, or within the shorter period. However, this does not stop the applicant from reapplying.

(3) The notice must contain a statement setting out the effect of subsection (2).

25-4E Notification of Secretary’s decision

Note: If a classification has an expiry date but no reappraisal period, the classification cannot be renewed (see subsection 27-6(1)).

### Reappraisal period deferred if care recipient on leave

(2) If:

(a) the “expiry date for the classification occurs:
(i) while the care recipient is on *leave (other than
*extended hospital leave) from a residential care service;
or
(ii) within one month after the residential care service began
providing residential care to the care recipient after that
leave ended; and
(b) the classification does not have that expiry date because of
item 6 of the table in subsection (1);
then, despite subsection (1), the reappraisal period for the
classification is the period of 2 months beginning on the day on
which the residential care service began providing residential care
to the care recipient after that leave ended.

If more than one expiry date applies

(3) If:

(a) a classification has an *expiry date (the first expiry date)
because a particular circumstance specified in the table in
subsection (1) applies in relation to the care recipient; and
(b) another circumstance specified in that table starts to apply in
relation to the care recipient before the first expiry date;
then, subject to subsection (4):
(c) the first expiry date ceases to apply in relation to the
classification; and
(d) the expiry date for the other circumstance applies in relation
to the classification.

(4) If the other circumstance is that specified in item 6 of the table:

(a) the first expiry date continues to apply in relation to the
classification, unless the relevant notice under section 27-3 is
given before the start of the reappraisal period for the first
expiry date; and
(b) the *expiry date for the circumstance specified in item 6 of
the table does not apply.

If reappraisal made at initiative of approved provider before
expiry date

(5) If:
(a) a classification has an "expiry date because a particular
   circumstance specified in the table in subsection (1) applies
   in relation to the care recipient; and
(b) before the start of the reappraisal period for that expiry date,
   the Secretary receives a reappraisal of the level of care
   needed by the care recipient made under section 27-4;
that expiry date ceases to apply in relation to the classification.

Classification Principles may specify different expiry date or
reappraisal period

(6) The Classification Principles may specify that:
(a) a different "expiry date applies in relation to a classification
   to that provided for under this section; or
(b) a different reappraisal period applies in respect of an expiry
date to that provided for under this section.

Meaning of in-patient hospital episode

(7) In this section, in-patient hospital episode, in relation to a care
recipient, means a continuous period during which the care
recipient:
(a) is an in-patient of a hospital; and
(b) is provided with medical or related care or services.

27-3 Reappraisal required by Secretary

(1) If:
   (a) the Secretary is satisfied that an approved provider, or a
       person acting on an approved provider’s behalf, gave false,
       misleading or inaccurate information in a substantial number
       of appraisals or reappraisals connected with classifications
       reviewed under subsection 29-1(3); and
   (b) the classifications made in connection with those appraisals
       or reappraisals were changed under section 29-1; and
   (c) the Secretary is satisfied that, after those classifications were
       changed, the approved provider continued to give false,
       misleading or inaccurate information in other appraisals or
       reappraisals;
the Secretary may give the approved provider a written notice
requiring a reappraisal to be made of the level of care needed by
one or more care recipients to whom the approved provider
provides care.

(2) In considering whether a number of appraisals or reappraisals in
which false, misleading or inaccurate information was given is
substantial, the Secretary must apply the criteria (if any) specified
in the Classification Principles.

(3) The notice must specify a period for each care recipient within
which the reappraisal of the level of care needed by the care
recipient is to be made.

(4) The Secretary may, at his or her own initiative or on application
from the approved provider, give the approved provider a notice
varying or revoking a notice under subsection (1). The Secretary
may vary a notice more than once.

(5) The Secretary may, in writing, authorise a person or persons (other
than the approved provider) to make the reappraisals required by
the notice under subsection (1).

(6) The Secretary must inform the approved provider, in writing, of the
name of a person who has been authorised under subsection (5).

27-4 Reappraisal at initiative of approved provider

(1) A reappraisal of the level of care needed by a care recipient may be
made at the initiative of an approved provider in accordance with
this section.

Reappraisal after first year of effect of classification or renewal

(2) A reappraisal of the level of care needed by a care recipient may be
made if:
   (a) the classification of the care recipient has been in effect for
   more than 12 months; or
   (b) if the classification of the care recipient has been renewed—
   the most recent renewal of the classification has been in
   effect for more than 12 months.

Reappraisal if needs of care recipient have changed significantly

(3) A reappraisal of the level of care needed by a care recipient may be
made if the care needs of the care recipient change significantly.
(4) The Classification Principles may specify the circumstances in which the care needs of a care recipient are taken to change significantly.

Reappraisal if care recipient enters another aged care service

(5) If a care recipient enters an aged care service (the later service) that is a residential care service or a flexible care service within 28 days after another residential care service or flexible care service ceased to provide residential care or flexible care to the care recipient (other than because the care recipient was on leave), a reappraisal of the level of care needed by the care recipient may be made during the period:

(a) beginning 7 days after the day on which the care recipient entered the later service; and

(b) ending 2 months after the day on which the care recipient entered the later service.

Reappraisal if care recipient classified at lowest applicable classification level

(6) A reappraisal of the level of care needed by a care recipient may be made if the care recipient is classified at the lowest applicable classification level.

(7) Subsections (2), (3) and (6) do not apply if the care recipient is classified at the lowest applicable classification level because of the operation of subsection 25-1(4).

27-5 Requirements for reappraisals

(1) A reappraisal of the level of care needed by a care recipient must be made in accordance with the Classification Principles applying to an appraisal under Division 25.

(2) The reappraisal must be made by:

(a) the approved provider that is providing care to the care recipient, or a person acting on the approved provider’s behalf; or

(b) if a person has been authorised under subsection 25-5(1) or 27-3(5) to make the reappraisal—that person.

(3) The reappraisal must be in a form approved by the Secretary.
(4) The Secretary may approve forms which must be used in the course of making a reappraisal.

**27-6 Renewal of classifications**

(1) The Secretary may renew the classification of a care recipient (other than a classification to which item 1 or 7 of the table in subsection 27-2(1) applies) if:

(a) the Secretary receives a reappraisal of the level of care needed by the care recipient; and

(b) either:

(i) the reappraisal is made in respect of an expiry date for the classification; or

(ii) the reappraisal is made under section 27-4.

Note: Refusals to renew the classifications of care recipients are reviewable under Part 6.1.

(2) The renewal of the classification must specify the appropriate classification level for the care recipient. The Classification Principles may specify methods or procedures that the Secretary must follow in determining the appropriate classification level for the care recipient.

(3) In renewing the classification, the Secretary must take into account:

(a) the reappraisal made in respect of the care recipient; and

(b) any other matters specified in the Classification Principles.

**27-7 Date of effect of renewal of classification that has an expiry date—reappraisal received during reappraisal period**

(1) This section applies if:

(a) a reappraisal is made in respect of an expiry date for a care recipient’s classification; and

(b) the reappraisal is received by the Secretary during the reappraisal period for the expiry date (see subsection 27-2(1)).

(2) The renewal of the classification takes effect from the expiry date for the classification.
(3) Despite subsection (2), if the *expiry date for the classification occurs:
   (a) while the care recipient is on *leave from a residential care service; or
   (b) within one month after a residential care service began providing residential care to the care recipient after that leave ended;

   the renewal of the classification takes effect from the day on which the care recipient next began receiving residential care after that leave ended.

(4) Despite subsections (2) and (3), if the Secretary has given a notice under section 27-3 requiring the reappraisal to be made, the renewal of the classification takes effect from the day on which the reappraisal is received by the Secretary.

27-8 Date of effect of renewal of classification that has an expiry date—reappraisal received after reappraisal period

(1) If:
   (a) a reappraisal is made in respect of an *expiry date for a care recipient’s classification; and
   (b) the reappraisal is received by the Secretary after the end of the reappraisal period for that expiry date (see subsection 27-2(1));

   the renewal of the classification takes effect from the day on which the reappraisal is received by the Secretary.

(2) However, if the Secretary is satisfied that the reappraisal was sent in sufficient time to be received by the Secretary, in the ordinary course of events, within that period, the renewal is taken to have had effect from the *expiry date for the classification.

   Note: A decision that the Secretary is not satisfied a reappraisal was sent in sufficient time is reviewable under Part 6.1.

(3) In considering whether a reappraisal received after that period was sent in sufficient time, the Secretary may have regard to any information, relevant to that question, that the approved provider gives to the Secretary.
(4) The Secretary must notify the approved provider, in writing, if the Secretary is not satisfied that a reappraisal received outside that period was sent in sufficient time.

(5) Subsections (2), (3) and (4) do not apply if the Secretary has given a notice under section 27-3 requiring the reappraisal to be made.

27-9 Date of effect of renewal—reapraisals at initiative of approved provider

If:

(a) a reappraisal of the level of care needed by the care recipient is made under section 27-4; and

(b) if there is an expiry date for the care recipient’s classification—the reappraisal is received by the Secretary before the start of the reappraisal period in respect of that expiry date;

the renewal of the classification takes effect:

(c) if the reappraisal is made under subsection 27-4(2), (3) or (6)—from the day on which the reappraisal is received by the Secretary; or

(d) if the reappraisal is made under subsection 27-4(5)—from the day on which the care recipient entered the aged care service.

50 Approval of persons as care recipients

Application

(1) Subsection 22-2(3) of the Aged Care Act 1997, as in force after the commencement of this Schedule, applies in relation to approvals made on or after the commencement of this Schedule.

(2) Paragraph 22-6(2)(c) of the Aged Care Act 1997, as in force after the commencement of this Schedule, applies in relation to notices under subsection 22-6(1) of that Act that relate to approvals made on or after the commencement of this Schedule.

Saving

(3) If, immediately before the commencement of this Schedule, a person’s approval was limited under subsection 22-2(3) of the Aged Care Act 1997 to one or more levels of care corresponding to the classification levels, then, on and after the commencement of this Schedule, the person’s approval is taken to be limited under that subsection as in force after the commencement of this Schedule to a low level of residential care.

Saving

(2) Despite the repeal and substitution of subsection 25-3(2) of the Aged Care Act 1997 made by this Schedule, if a care recipient to whom an approved provider began providing care before the commencement of this Schedule had not been appraised before that commencement, Classification Principles in force immediately before the commencement of this Schedule and made for the purposes of that subsection continue to have effect in relation to the care recipient’s appraisal.
