      (c) a domestic industry for manufacturing and formulating chemical products and their constituents;

      are essential for the well-being of the economy and require a system for regulating chemical products and their constituents that is cost effective, efficient, predictable, adaptive and responsive.

   (2) This Code is to be implemented in a manner that:
      (a) recognises that the health and safety of human beings, animals and the environment is the first priority of the system for regulating chemical products and their constituents, in part to ensure that the use of chemical products at the present time will not impair the prospects of future generations; and
      (b) reflects established best-practice principles for the assessment and management of risk, based on science; and
      (c) balances regulatory effort and any burden imposed by the system of regulation on:
(i) holders of approvals, registrations, permits and licences; and

(ii) the domestic industry for manufacturing and formulating chemical products and their constituents; and

(iii) the users of chemical products; with the risk of the use of the products and constituents to the health and safety of human beings, animals and the environment; and

(d) recognises that the use of chemical products that pose unmanageable risks to the health and safety of human beings, animals and the environment is not appropriate in Australia; and

(e) promotes community confidence in the regulation of chemical products and their constituents, is open and accountable, and gives opportunity for public involvement and participation; and

(b) be the last day of a calendar month at least 7 years but not more than 15 years after the approval takes place.
(3) Despite subsection (2), the APVMA may approve the active constituent for a period of less than 7 years to provide for its approval to end at the same time as another approval of the active constituent.

(4) Paragraph (2)(b) does not apply if the approval is subject to the condition that it remains in force only for a stated period of not more than 1 year (see subsection 23(2)).

20 How registration of chemical product takes place

(1) Registration of a chemical product takes place when the APVMA enters the following in the Register:

(a) the name of the person who applied for the registration as the holder of the registration;

(2) The last renewal date must:

(a) be worked out in accordance with the method prescribed by the regulations; and

(b) if the last renewal date is entered in the Register when the product is registered—be the last day of a calendar month at least 7 years but not more than 15 years after the registration takes place; and
(c) if the last renewal date is entered in the Register when the relevant particulars or conditions of the registration are varied—be the last day of a calendar month at least 7 years but not more than 15 years after the variation takes place.

Note: For entering last renewal dates when relevant particulars or conditions are varied, see sections 26D, 29B and 34A.

(3) However, the last renewal date may be less than 7 years after the registration or variation takes place to provide for the last renewal date to be the same as the last renewal date for another chemical product that contains one or more of the same active constituents.

(4) Paragraphs (2)(b) and (c) do not apply if the registration is subject to the condition that it remains in force only for a stated period of not more than 1 year (see subsection 23(2)).

   (i) an approval of an active constituent; or
   (ii) a registration of a chemical product; or
   (iii) an approval of a label; or
(b) any of the conditions of such an approval or registration
   imposed by the APVMA;
are varied, then, the date of approval of the constituent, registration
of the product, or approval of the label, as varied, or as subject to
the varied conditions, is the date on which particulars of the
variation are entered in the Record, Register or relevant APVMA
file.

23 Conditions of approval or registration

(1) The approval of an active constituent, the registration of a chemical
product or the approval of a label for containers for a chemical
product is subject to:
   (a) the conditions prescribed by the regulations (whether or not
       the conditions are prescribed at the time the constituent,
       product or label is approved or registered); and
   (b) any conditions imposed on the approval or registration as the
       APVMA thinks appropriate.

(2) An active constituent, chemical product or a label may be approved
or registered on the condition that the approval or registration
remains in force only for a stated period of not more than 1 year.

(3) If:
   (a) the approval or registration is subject to a condition referred
       to in subsection (2); and
   (b) the conditions of approval or registration have not been
       varied before the end of the period referred to in the
       condition, or the end of that period as previously extended
       under this subsection, so as to remove the condition;
       the APVMA may vary the condition so as to extend the period for
       a further period of not more than 1 year.

(b) the relevant particular or condition is of a kind prescribed by the regulations;
the APVMA must vary the entry or record accordingly.

Note: For notice of variation, see section 8F.

(2) If the APVMA is satisfied that a relevant particular or condition entered in the Record or Register, or recorded in the relevant APVMA file, is incorrect in a material respect because of inaccurate recording, the APVMA must vary the entry or record accordingly.

Note: For notice of variation, see section 8F.

(3) If the holder of the approval of an active constituent, the registration of a chemical product or the approval of a label for containers for a chemical product has reasonable cause to believe that:
(a) a relevant particular or condition entered in the Record or Register, or recorded in the relevant APVMA file, in relation to the constituent, product or label is incorrect in a material respect; and
(b) the relevant particular or condition is incorrect because of inaccurate recording;
the holder must, within 28 days, give to the APVMA a written notice, signed by the holder, identifying the incorrect particular or condition and informing the APVMA of the correct particular or condition.

      (ii) insufficient care was exercised by the person operating the equipment.
(2) The APVMA must pay the owner of the equipment, or the user of the data or programs, such reasonable compensation for the damage or corruption as the APVMA and the owner or user agree on.

(3) However, if the owner or user and the APVMA fail to agree, the owner or user may institute proceedings in a court of competent jurisdiction for such reasonable amount of compensation as the court determines.

(4) In determining the amount of compensation payable, regard is to be had to whether the occupier of the premises, or the occupier’s employees or agents, if they were available at the time, provided any appropriate warning or guidance on the operation of the equipment.

Extension in emergency situation

(5) A magistrate may extend the period during which the inspector and persons assisting may be away from the premises if:

(a) an application is made under subsection (3); and

       this section in respect of a thing seized by an inspector as
       mentioned in paragraph (a);

       that he or she may keep the thing for a further period.

(2) Before making the application, the inspector must:
   (a) take reasonable steps to discover who has an interest in the

       inspector believes has such an interest of the proposed
       application.

   (iii) an offence against the Crimes Act 1914 or the Criminal Code that relates to this Act or the Collection Act;
   (g) name one or more inspectors; and
   (h) authorise the inspectors named in the warrant:
      (i) to enter the premises; and
      (ii) to exercise the powers set out in Divisions 2, 3 and 4 of this Part in relation to the premises; and
      (i) state whether entry is authorised to be made at any time of the day or during specified hours of the day; and
      (j) specify the day (not more than 1 week after the issue of the warrant) the warrant ceases to be in force.

(5) If the application for the warrant is made under section 69EHB, this section applies as if:

(a) subsection (2) referred to 48 hours rather than 72 hours; and
(b) paragraph (4)(j) required the warrant to specify the period for which the warrant is to remain in force, which must not be more than 48 hours.
69EHB  Warrants by telephone, fax etc.

Application for warrant

(1) An inspector may apply to a magistrate by telephone, fax or other electronic means for a warrant in relation to premises:
   (a) in an urgent case; or
   (b) if the delay that would occur if an application were made in person would frustrate the effective execution of the warrant.

(2) The magistrate may require communication by voice to the extent that it is practicable in the circumstances.

(3) Before applying for a warrant, the inspector must:
   (a) in the case of a monitoring warrant—prepare an information of the kind mentioned in subsection 69EH(2); and
   (b) in the case of an investigation warrant—prepare an information of the kind mentioned in subsection 69EHA(2); in relation to the premises that sets out the grounds on which the warrant is sought. If it is necessary to do so, the inspector may apply for the warrant before the information is sworn or affirmed.

Magistrate may complete and sign warrant

(4) The magistrate may complete and sign the same warrant that would have been issued under section 69EH or 69EHA if the magistrate is satisfied that there are reasonable grounds for doing so:
   (a) after considering the terms of the information; and
   (b) after receiving such further information (if any) as the magistrate requires concerning the grounds on which the issue of the warrant is being sought.

(5) After completing and signing the warrant, the magistrate must inform the inspector, by telephone, fax or other electronic means, of:
   (a) the terms of the warrant; and
   (b) the day and time the warrant was signed.

Obligations on inspector

(6) The inspector must then do the following:
(a) complete and sign a form of warrant in the same terms as the warrant completed and signed by the magistrate;
(b) state on the form the following:
   (i) the name of the magistrate;
   (ii) the day and time the warrant was signed by the magistrate;
(c) send the following to the magistrate:
   (i) the form of warrant completed by the inspector;
   (ii) the information referred to in subsection (3), which must have been duly sworn or affirmed.

(7) The inspector must comply with paragraph (6)(c) by the end of the day after the earlier of the following:
   (a) the day the warrant ceases to be in force;
   (b) the day the warrant is executed.

**Magistrate to attach documents together**

(8) The magistrate must attach the documents provided under paragraph (6)(c) to the warrant signed by the magistrate.

### 69EHC Authority of warrant

(1) A form of warrant duly completed under subsection 69EHB(6) is authority for the same powers as are authorised by the warrant signed by the magistrate under subsection 69EHB(4).

(2) In any proceedings, a court is to assume (unless the contrary is proved) that an exercise of power was not authorised by a warrant under section 69EHB if:
   (a) it is material, in those proceedings, for the court to be satisfied that the exercise of power was authorised by that section; and
   (b) the warrant signed by the inspector authorising the exercise of the power is not produced in evidence.

### 69EHD Offence relating to warrants by telephone, fax etc.

An inspector must not:
(a) state in a document that purports to be a form of warrant under section 69EHB the name of a magistrate unless that magistrate signed the warrant; or
(b) state on a form of warrant under that section a matter that, to the inspector’s knowledge, departs in a material particular from the terms of the warrant signed by the magistrate under that section; or
(c) purport to execute, or present to another person, a document that purports to be a form of warrant under that section that the inspector knows departs in a material particular from the terms of a warrant signed by a magistrate under that section; or
(d) purport to execute, or present to another person, a document that purports to be a form of warrant under that section where the inspector knows that no warrant in the terms of the form of warrant has been completed and signed by a magistrate; or
(e) give to a magistrate a form of warrant under that section that is not the form of warrant that the inspector purported to execute.

Penalty: Imprisonment for 2 years.

Division 8—Powers of magistrates

   (b) not as a court or a member of a court.

Powers need not be accepted

(2) The magistrate need not accept the power conferred.
Protection and immunity

(3) A magistrate exercising a power conferred by this Part has the same protection and immunity as if the magistrate were exercising the power:

Part 7AB—Enforcement

Division 1—Civil penalty orders

Subdivision A—Obtaining a civil penalty order

69EJ Civil penalty orders

Application for order

(1) The APVMA may, on behalf of the Commonwealth, apply to a court of competent jurisdiction for an order that a person, who is alleged to have contravened a civil penalty provision, pay the Commonwealth a pecuniary penalty.

(2) The APVMA must make the application within 6 years of the alleged contravention.

Court may order person to pay pecuniary penalty

(3) If the court is satisfied that the person has contravened the civil penalty provision, the court may order the person to pay to the Commonwealth such pecuniary penalty for the contravention as the court determines to be appropriate.

Note: Section 69EJA sets out the maximum penalty that the court may order the person to pay.
(4) An order under subsection (3) is a civil penalty order.

Determining pecuniary penalty

(5) In determining the pecuniary penalty, the court may take into account all relevant matters, including:

(a) the nature and extent of the contravention; and
(b) the nature and extent of any loss or damage suffered because of the contravention; and
(c) the circumstances in which the contravention took place; and
(d) whether the person has previously been found by a court to have engaged in any similar conduct; and
(e) the extent to which the person has cooperated with the authorities; and
(f) if the person is a body corporate:
   (i) the level of the employees, officers or agents of the body corporate involved in the contravention; and
   (ii) whether the body corporate exercised due diligence to avoid the contravention; and
   (iii) whether the body corporate had a corporate culture conducive to compliance.

69EJA Maximum penalties for contravention of civil penalty provisions

Penalty for body corporate

(1) The pecuniary penalty for a contravention of a civil penalty provision by a body corporate must not exceed 5 times the amount of the maximum monetary penalty that could be imposed by a court if the body corporate were convicted of an offence constituted by conduct that is the same as the conduct constituting the contravention.

Penalty for individuals

(2) The pecuniary penalty for a contravention of a civil penalty provision by an individual must not exceed 3 times the amount of the maximum monetary penalty that could be imposed by a court if the person were convicted of an offence constituted by conduct that is the same as the conduct constituting the contravention.
Penalty for contravention of subsection 69EJR(1)

(3) The pecuniary penalty for a contravention, by an executive officer of a body corporate, of subsection 69EJR(1) in relation to the contravention by the body corporate of a civil penalty provision must not exceed 12% of the amount of the maximum monetary penalty that could be imposed on the body corporate for the contravention.

69EJB Civil enforcement of penalty

(1) A pecuniary penalty is a debt payable to the Commonwealth.

(2) The Commonwealth may enforce a civil penalty order as if it were an order made in civil proceedings against a person to recover a debt due by the person. The debt arising from the order is taken to be a judgement debt.

69EJC Conduct contravening more than one civil penalty provision

(1) If conduct constitutes a contravention of 2 or more civil penalty provisions, proceedings may be instituted under this Division against a person in relation to the contravention of any one or more of those provisions.

(2) However, the person is not liable to more than one pecuniary penalty under this Division in relation to the same conduct.

69EJD Multiple contraventions

(1) A court may make a single civil penalty order against a person for multiple contraventions of a civil penalty provision if proceedings for the contraventions are founded on the same facts, or if the contraventions form, or are part of, a series of contraventions of the same or a similar character.

Note: For continuing contraventions of civil penalty provisions, see section 69EJL.

(2) However, the penalty must not exceed the sum of the maximum penalties that could be ordered if a separate penalty were ordered for each of the contraventions.
69EJE Proceedings may be heard together

A court may direct that 2 or more proceedings for civil penalty orders be heard together.

69EJF Civil evidence and procedure rules for civil penalty orders

A court must apply the rules of evidence and procedure for civil matters when hearing and determining an application for a civil penalty order.

69EJG Contravening a civil penalty provision is not an offence

A contravention of a civil penalty provision is not an offence.

Subdivision B—Civil proceedings and criminal proceedings

69EJH Civil proceedings after criminal proceedings

A court may not make a civil penalty order against a person for a contravention of a civil penalty provision if the person has been convicted of an offence constituted by conduct that is the same, or substantially the same, as the conduct constituting the contravention.

69EJI Criminal proceedings during civil proceedings

(1) Proceedings for a civil penalty order against a person for a contravention of a civil penalty provision are stayed if:

(a) criminal proceedings are commenced or have already been commenced against the person for an offence; and

(b) the offence is constituted by conduct that is the same, or substantially the same, as the conduct alleged to constitute the contravention.

(2) The proceedings for the order (the civil proceedings) may be resumed if the person is not convicted of the offence. Otherwise, the civil proceedings are dismissed.
69EJJ  Criminal proceedings after civil proceedings

Criminal proceedings may be commenced against a person for conduct that is the same, or substantially the same, as conduct that would constitute a contravention of a civil penalty provision regardless of whether a civil penalty order has been made against the person in relation to the contravention.

69EJK  Evidence given in civil proceedings not admissible in criminal proceedings

(1) Evidence of information given, or evidence of production of documents, by an individual is not admissible in criminal proceedings against the individual for an offence if:

(a) the individual previously gave the evidence or produced the documents in proceedings for a civil penalty order against the individual for an alleged contravention of a civil penalty provision (whether or not the order was made); and

(b) the conduct alleged to constitute the offence is the same, or substantially the same, as the conduct alleged to constitute the contravention.

(2) However, subsection (1) does not apply to criminal proceedings in relation to the falsity of the evidence given by the individual in the proceedings for the civil penalty order.

Subdivision C—Miscellaneous

69EJL  Continuing contraventions of civil penalty provisions

(1) If an act or thing is required under a civil penalty provision to be done:

(a) within a particular period; or

(b) before a particular time;

then the obligation to do that act or thing continues until the act or thing is done (even if the period has expired or the time has passed).

(2) A person who contravenes a civil penalty provision that requires an act or thing to be done:

(a) within a particular period; or
(b) before a particular time;

commits a separate contravention of that provision in respect of each day during which the contravention occurs (including the day the relevant civil penalty order is made or any later day).

69EJM Ancillary contravention of civil penalty provisions

(1) A person must not:

(a) attempt to contravene a civil penalty provision; or
(b) aid, abet, counsel or procure a contravention of a civil penalty provision; or
(c) induce (by threats, promises or otherwise) a contravention of a civil penalty provision; or
(d) be in any way, directly or indirectly, knowingly concerned in, or party to, a contravention of a civil penalty provision; or
(e) conspire with others to effect a contravention of a civil penalty provision.

Civil penalty

(2) A person who contravenes subsection (1) in relation to a civil penalty provision is taken to have contravened the provision.

Note: Section 69EJO (which provides that a person’s state of mind does not need to be proven in relation to a civil penalty provision) does not apply to the extent that proceedings relate to the contravention of subsection (1).

69EJN Mistake of fact

(1) A person is not liable to have a civil penalty order made against the person for a contravention of a civil penalty provision if:

(a) at or before the time of the conduct constituting the contravention, the person:

(i) considered whether or not facts existed; and
(ii) was under a mistaken but reasonable belief about those facts; and
(b) had those facts existed, the conduct would not have constituted a contravention of the civil penalty provision.

(2) For the purposes of subsection (1), a person may be regarded as having considered whether or not facts existed if:
(a) the person had considered, on a previous occasion, whether
those facts existed in the circumstances surrounding that
occasion; and
(b) the person honestly and reasonably believed that the
circumstances surrounding the present occasion were the
same, or substantially the same, as those surrounding the
previous occasion.

(3) A person who wishes to rely on subsection (1) or (2) in
proceedings for a civil penalty order bears an evidential burden in
relation to that matter.

69EJO  State of mind

(1) In proceedings for a civil penalty order against a person for a
contravention of a civil penalty provision, it is not necessary to
prove:
   (a) the person’s intention; or
   (b) the person’s knowledge; or
   (c) the person’s recklessness; or
   (d) the person’s negligence; or
   (e) any other state of mind of the person.

(2) Subsection (1) does not apply to the extent that the proceedings
relate to a contravention of subsection 69EJM(1) (which is about
ancillary contraventions of civil penalty provisions).

(3) Subsection (1) does not affect the operation of section 69EJN
(which is about mistake of fact).

(4) Subsection (1) does not apply to the extent that the civil penalty
provision, or a provision that relates to the civil penalty provision,
expressly provides otherwise.

69EJP  Evidential burden for exceptions

In proceedings for a civil penalty order, a person who wishes to
rely on any exception, exemption, excuse, qualification or
justification in relation to a civil penalty provision bears an
evidential burden in relation to that matter.
69EJQ Liability of body corporate for actions by employees, agents or officers

If an element of a civil penalty provision is done by an employee, agent or officer of a body corporate acting within the actual or apparent scope of his or her employment, or within his or her actual or apparent authority, the element must also be attributed to the body corporate.

69EJR Liability of executive officers

(1) An executive officer of a body corporate contravenes this subsection if:

(a) the body corporate contravenes a civil penalty provision; and
(b) the officer knew that the contravention would occur; and
(c) the officer was in a position to influence the conduct of the body in relation to the contravention; and
(d) the officer failed to take all reasonable steps to prevent the contravention.

(2) Subsection (1) is a civil penalty provision.

Note: Subdivision A of this Division provides for pecuniary penalties for contraventions of civil penalty provisions.

69EJS Establishing whether an executive officer took reasonable steps to prevent the contravention of a civil penalty provision

(1) For the purposes of section 69EJR, in determining whether an executive officer of a body corporate failed to take all reasonable steps to prevent the contravention of a civil penalty provision, a court is to have regard to:

(a) what action (if any) the officer took towards ensuring that the body’s employees, agents and contractors have a reasonable knowledge and understanding of the requirements to comply with this Act or the Collection Act, in so far as those requirements affect the employees, agents or contractors concerned; and
(b) what action (if any) the officer took when he or she became aware that the body was contravening this Act or the Collection Act.
(2) This section does not, by implication, limit the generality of section 69EJR.

Division 2—Infringement notices

69EK When an infringement notice may be given

(1) If an inspector has reasonable grounds to believe that a person has contravened a prescribed civil penalty provision, the inspector may give the person an infringement notice for the alleged contravention.

(2) The infringement notice must be given within 12 months after the day the contravention is alleged to have taken place.

(3) A single infringement notice must relate only to a single contravention of a single prescribed civil penalty provision.

69EKA Matters to be included in an infringement notice

(1) An infringement notice must:

(a) be identified by a unique number; and

(b) state the day it is given; and

(c) state the name of the person to whom the notice is given; and

(d) state the name of the person who gave the notice; and

(e) give brief details of the alleged contravention, including:

   (i) the provision that was allegedly contravened; and

   (ii) the maximum penalty that a court could impose for the contravention; and

   (iii) the time (if known) and day of, and the place of, the alleged contravention; and

(f) state the amount that is payable under the notice; and

(g) give an explanation of how payment of the amount is to be made; and

(h) state that, if the person to whom the notice is given pays the amount within 28 days after the day the notice is given, then (unless the notice is withdrawn) proceedings seeking a civil penalty order will not be brought in relation to the alleged contravention; and
(i) state that payment of the amount is not an admission of liability; and

(j) state that the person may apply to the APVMA to have the period in which to pay the amount extended; and

(k) state that the person may choose not to pay the amount and, if the person does so, proceedings seeking a civil penalty order may be brought in relation to the alleged contravention; and

(l) set out how the notice can be withdrawn; and

(m) state that if the notice is withdrawn proceedings seeking a civil penalty order may be brought in relation to the alleged contravention; and

(n) state that the person may make written representations to the APVMA seeking the withdrawal of the notice.

(2) For the purposes of paragraph (1)(f), the amount to be stated in the notice for the alleged contravention of the provision must not exceed one-fifth of the maximum penalty that a court could impose on the person for that contravention.

(3) The regulations may, subject to subsection (2), provide for a scale of amounts that may apply for an alleged contravention.

69EKB Extension of time to pay amount

(1) A person to whom an infringement notice has been given may apply to the APVMA for an extension of the period referred to in paragraph 69EKA(1)(h).

(2) If the application is made before the end of that period, the APVMA may, in writing, extend that period. The APVMA may do so before or after the end of that period.

(3) If the APVMA extends that period, a reference in this Division to the period referred to in paragraph 69EKA(1)(h) is taken to be a reference to that period so extended.

(4) If the APVMA does not extend that period, a reference in this Division to the period referred to in paragraph 69EKA(1)(h) is taken to be a reference to the period that ends on the later of the following days:

(a) the day that is the last day of the period referred to in paragraph 69EKA(1)(h);
(b) the day that is 7 days after the day the person was given notice of the APVMA’s decision not to extend.

(5) The APVMA may extend the period more than once under subsection (2).

69EKC Withdrawal of an infringement notice

Representations seeking withdrawal of notice

(1) A person to whom an infringement notice has been given may make written representations to the APVMA seeking the withdrawal of the notice.

Withdrawal of notice

(2) The APVMA may withdraw an infringement notice given to a person (whether or not the person has made written representations seeking the withdrawal).

(3) When deciding whether or not to withdraw an infringement notice (the relevant infringement notice), the APVMA:
   (a) must take into account any written representations seeking the withdrawal that were given by the person to the APVMA; and
   (b) may take into account the following:
      (i) whether a court has previously imposed a penalty on the person for a contravention of a prescribed civil penalty provision if the contravention is constituted by conduct that is the same, or substantially the same, as the conduct alleged to constitute the contravention in the relevant infringement notice;
      (ii) the circumstances of the alleged contravention;
      (iii) whether the person has paid an amount, stated in an earlier infringement notice, for a contravention of a prescribed civil penalty provision if the contravention is constituted by conduct that is the same, or substantially the same, as the conduct alleged to constitute the contravention in the relevant infringement notice;
      (iv) any other matter the APVMA considers relevant.
Notice of withdrawal

(4) Notice of the withdrawal of the infringement notice must be given to the person. The withdrawal notice must state:

(a) the person’s name and address; and
(b) the day the infringement notice was given; and
(c) the identifying number of the infringement notice; and
(d) that the infringement notice is withdrawn; and
(e) that proceedings seeking a civil penalty order may be brought in relation to the alleged contravention.

Refund of amount if infringement notice withdrawn

(5) If:

(a) the APVMA withdraws the infringement notice; and
(b) the person has already paid the amount stated in the notice;
the Commonwealth must refund to the person an amount equal to the amount paid.

69EKD Effect of payment of amount

(1) If the person to whom an infringement notice for an alleged contravention of a provision is given pays the amount stated in the notice before the end of the period referred to in paragraph 69EKA(1)(h):

(a) any liability of the person for the alleged contravention is discharged; and
(b) proceedings seeking a civil penalty order may not be brought against the person in relation to the alleged contravention; and
(c) the person is not regarded as having admitted liability for the alleged contravention.

(2) Subsection (1) does not apply if the notice has been withdrawn.

69EKE Effect of this Division

This Division does not:

(a) require an infringement notice to be given to a person for an alleged contravention of a prescribed civil penalty provision; or
(b) affect the liability of a person for an alleged contravention of a prescribed civil penalty provision if:
   (i) the person does not comply with an infringement notice given to the person for the contravention; or
   (ii) an infringement notice is not given to the person for the contravention; or
   (iii) an infringement notice is given to the person for the contravention and is subsequently withdrawn; or
(c) prevent the giving of 2 or more infringement notices to a person for an alleged contravention of a prescribed civil penalty provision; or
(d) limit a court’s discretion to determine the amount of a penalty to be imposed on a person who is found to have contravened a prescribed civil penalty provision.

Division 3—Enforceable undertakings

69EL Acceptance of undertakings

(1) The APVMA may accept any of the following undertakings:
   (a) a written undertaking given by a person that the person will, in order to comply with a provision of this Act or the Collection Act, take specified action;
   (b) a written undertaking given by a person that the person will, in order to comply with a provision of this Act or the Collection Act, refrain from taking specified action;
   (c) a written undertaking given by a person that the person will take specified action directed towards ensuring one or more of the following:
      (i) that the person does not commit an offence against this Act or the Collection Act;
      (ii) that the person does not contravene a civil penalty provision;
      (iii) that the person is unlikely to commit an offence against this Act or the Collection Act, or to contravene a civil penalty provision, in the future.
(2) The undertaking must be expressed to be an undertaking under this section.
(3) The person may withdraw or vary the undertaking at any time, but only with the written consent of the APVMA.

(4) The APVMA’s consent is not a legislative instrument.

(5) The APVMA may, by written notice given to the person, cancel the undertaking.

(6) The APVMA must publish the undertaking on the APVMA’s website.

(7) However, the APVMA is not required to publish so much of the undertaking that the APVMA is satisfied:
   (a) is confidential commercial information; or
   (b) is personal information (within the meaning of the Privacy Act 1988); or
   (c) should not be disclosed because it would be against the public interest to do so.

69ELA Enforcement of undertakings

(1) If:
   (a) a person has given an undertaking under section 69EL; and
   (b) the undertaking has not been withdrawn or cancelled; and
   (c) the APVMA considers that the person has breached the undertaking;
   the APVMA may, on behalf of the Commonwealth, apply to a court of competent jurisdiction for an order under subsection (2).

(2) If the court is satisfied that the person has breached the undertaking, the court may make any or all of the following orders:
   (a) an order directing the person to comply with the undertaking;
   (b) an order directing the person to pay to the Commonwealth an amount up to the amount of any financial benefit that the person has obtained directly or indirectly and that is reasonably attributable to the breach;
   (c) any order that the court considers appropriate directing the person to compensate any other person who has suffered loss or damage as a result of the breach;
   (d) any other order that the court considers appropriate.
Division 4—Injunctions

69EM Grant of injunctions

Restraining injunctions

(1) If a person has engaged, is engaging or is proposing to engage, in conduct that constitutes an offence against this Act or the Collection Act or a contravention of a civil penalty provision, a court of competent jurisdiction may, on application by any person, grant an injunction:

(a) restraining the first-mentioned person from engaging in the conduct; and
(b) if, in the court’s opinion, it is desirable to do so—requiring the first-mentioned person to do a thing.

Performance injunctions

(2) If:

(a) a person has refused or failed, or is refusing or failing, or is proposing to refuse or fail, to do a thing; and
(b) the refusal or failure was, is or would be, an offence against this Act or the Collection Act or a contravention of a civil penalty provision;

the court may, on application by any person, grant an injunction requiring the first-mentioned person to do that thing.

Grant of interim injunctions

(3) Before deciding an application for an injunction under this section, the court may grant an interim injunction:

(a) restraining a person from engaging in conduct; or
(b) requiring a person to do a thing.

69EMA Discharging or varying injunctions

A court may discharge or vary an injunction granted by that court under this Division.
69EMB  Certain limits on granting injunctions not to apply

Restraining injunctions

(1) The power of a court under this Division to grant an injunction restraining a person from engaging in conduct may be exercised:
   (a) whether or not it appears to the court that the person intends to engage again, or to continue to engage, in conduct of that kind; and
   (b) whether or not the person has previously engaged in conduct of that kind; and
   (c) whether or not the conduct involves a serious and immediate risk of:

Performance injunctions

(2) The power of a court under this Division to grant an injunction requiring a person to do a thing may be exercised:

      (i) an effect that is harmful to human beings; or
      (ii) an unintended effect that is harmful to animals, plants or things, or to the environment.

69EMC  Other powers of a court unaffected

The powers conferred on a court under this Division are in addition to, and not instead of, any other powers of the court, whether conferred by this Act or otherwise.
Division 5—Substantiation notices

69EN APVMA may require claims to be substantiated etc.

(1) This section applies if a person has made a claim or representation in relation to:
   (a) the import, or possible import, of a chemical product by the person or another person; or
   (b) the export of a chemical product by the person or another person.

(2) The APVMA may give the person who made the claim or representation a written notice that requires the person to do either or both of the following:
   (a) give information or produce documents to the APVMA that could be capable of substantiating or supporting the claim or representation;
   (b) give information or produce documents to the APVMA that are of a kind specified in the notice;
within 21 days after the notice is given to the person who made the claim or representation.

(3) Any kind of information or documents that the APVMA specifies under paragraph (2)(b) must be a kind that the APVMA is satisfied is relevant to substantiating or supporting the claim or representation.

(4) The notice must:
   (a) name the person to whom it is given; and
   (b) specify the claim or representation to which it relates; and
   (c) explain the effect of sections 69ENA and 69ENB.

(5) The notice may relate to more than one claim or representation that the person has made.

(6) This section does not apply to a person who made the claim or representation if the person:

(b) does not have a commercial relationship with the other person other than for the purpose of:
   (i) publishing claims or representations promoting, or apparently intended to promote, the other person’s business or other activities; or

(d) the use of injunctions in the enforcement of provisions;
(e) the issue of substantiation notices in relation to certain claims and representations;
(f) the giving of enforceable directions in relation to suspected contraventions;
(g) the issue of formal warnings in relation to suspected contraventions;
(h) other ancillary matters.

Division 2—Civil penalty orders

Subdivision A—Obtaining a civil penalty order

145A Civil penalty orders

Application for order

(1) The APVMA may, on behalf of the Commonwealth, apply to a court of competent jurisdiction for an order that a person, who is alleged to have contravened a civil penalty provision, pay the Commonwealth a pecuniary penalty.

(2) The APVMA must make the application within 6 years of the alleged contravention.
Court may order person to pay pecuniary penalty

(3) If the court is satisfied that the person has contravened the civil penalty provision, the court may order the person to pay to the Commonwealth such pecuniary penalty for the contravention as the court determines to be appropriate.

Note: Section 145AA sets out the maximum penalty that the court may order the person to pay.

(4) An order under subsection (3) is a civil penalty order.

Determining pecuniary penalty

(5) In determining the pecuniary penalty, the court may take into account all relevant matters, including:

- (a) the nature and extent of the contravention; and
- (b) the nature and extent of any loss or damage suffered because of the contravention; and
- (c) the circumstances in which the contravention took place; and
- (d) whether the person has previously been found by a court to have engaged in any similar conduct; and
- (e) the extent to which the person has cooperated with the authorities; and
- (f) if the person is a body corporate:
  - (i) the level of the employees, officers or agents of the body corporate involved in the contravention; and
  - (ii) whether the body corporate exercised due diligence to avoid the contravention; and
  - (iii) whether the body corporate had a corporate culture conducive to compliance.

145AA Maximum penalties for contravention of civil penalty provisions

Penalty for body corporate

(1) The pecuniary penalty for a contravention of a civil penalty provision by a body corporate must not exceed 5 times the amount of the maximum monetary penalty that could be imposed by a court if the body corporate were convicted of an offence.
constituted by conduct that is the same as the conduct constituting the contravention.

Penalty for individuals

(2) The pecuniary penalty for a contravention of a civil penalty provision by an individual must not exceed 3 times the amount of the maximum monetary penalty that could be imposed by a court if the person were convicted of an offence constituted by conduct that is the same as the conduct constituting the contravention.

Penalty for contravention of subsection 145CF(1)

(3) The pecuniary penalty for a contravention, by an executive officer of a body corporate, of subsection 145CF(1) in relation to the contravention by the body corporate of a civil penalty provision must not exceed 12% of the amount of the maximum monetary penalty that could be imposed on the body corporate for the contravention.

145AB Civil enforcement of penalty

(1) A pecuniary penalty is a debt payable to the Commonwealth.

(2) The Commonwealth may enforce a civil penalty order as if it were an order made in civil proceedings against a person to recover a debt due by the person. The debt arising from the order is taken to be a judgement debt.

145AC Conduct contravening more than one civil penalty provision

(1) If conduct constitutes a contravention of 2 or more civil penalty provisions, proceedings may be instituted under this Division against a person in relation to the contravention of any one or more of those provisions.

(2) However, the person is not liable to more than one pecuniary penalty under this Division in relation to the same conduct.

145AD Multiple contraventions

(1) A court may make a single civil penalty order against a person for multiple contraventions of a civil penalty provision if proceedings
for the contraventions are founded on the same facts, or if the
contraventions form, or are part of, a series of contraventions of the
same or a similar character.

Note: For continuing contraventions of civil penalty provisions, see
section 145C.

(2) However, the penalty must not exceed the sum of the maximum
penalties that could be ordered if a separate penalty were ordered
for each of the contraventions.

145AE Proceedings may be heard together

A court may direct that 2 or more proceedings for civil penalty
orders be heard together.

145AF Civil evidence and procedure rules for civil penalty orders

A court must apply the rules of evidence and procedure for civil
matters when hearing and determining an application for a civil
penalty order.

145AG Contravening a civil penalty provision is not an offence

A contravention of a civil penalty provision is not an offence.

Subdivision B—Civil proceedings and criminal proceedings

145B Civil proceedings after criminal proceedings

A court may not make a civil penalty order against a person for a
contravention of a civil penalty provision if the person has been
convicted of an offence constituted by conduct that is the same, or
substantially the same, as the conduct constituting the
contravention.

145BA Criminal proceedings during civil proceedings

(1) Proceedings for a civil penalty order against a person for a
contravention of a civil penalty provision are stayed if:
   (a) criminal proceedings are commenced or have already been
   commenced against the person for an offence; and
(b) the offence is constituted by conduct that is the same, or substantially the same, as the conduct alleged to constitute the contravention.

(2) The proceedings for the order (the civil proceedings) may be resumed if the person is not convicted of the offence. Otherwise, the civil proceedings are dismissed.

145BB Criminal proceedings after civil proceedings

Criminal proceedings may be commenced against a person for conduct that is the same, or substantially the same, as conduct that would constitute a contravention of a civil penalty provision regardless of whether a civil penalty order has been made against the person in relation to the contravention.

145BC Evidence given in civil proceedings not admissible in criminal proceedings

(1) Evidence of information given, or evidence of production of documents, by an individual is not admissible in criminal proceedings against the individual for an offence if:

(a) the individual previously gave the evidence or produced the documents in proceedings for a civil penalty order against the individual for an alleged contravention of a civil penalty provision (whether or not the order was made); and

(b) the conduct alleged to constitute the offence is the same, or substantially the same, as the conduct alleged to constitute the contravention.

(2) However, subsection (1) does not apply to criminal proceedings in relation to the falsity of the evidence given by the individual in the proceedings for the civil penalty order.

Subdivision C—Miscellaneous

145C Continuing contraventions of civil penalty provisions

(1) If an act or thing is required under a civil penalty provision to be done:

(a) within a particular period; or

(b) before a particular time;
then the obligation to do that act or thing continues until the act or
thing is done (even if the period has expired or the time has
passed).

(2) A person who contravenes a civil penalty provision that requires an
act or thing to be done:
   (a) within a particular period; or
   (b) before a particular time;
  commits a separate contravention of that provision in respect of
each day during which the contravention occurs (including the day
the relevant civil penalty order is made or any later day).

145CA Ancillary contravention of civil penalty provisions

(1) A person must not:
   (a) attempt to contravene a civil penalty provision; or
   (b) aid, abet, counsel or procure a contravention of a civil
   penalty provision; or
   (c) induce (by threats, promises or otherwise) a contravention of
   a civil penalty provision; or
   (d) be in any way, directly or indirectly, knowingly concerned in,
   or party to, a contravention of a civil penalty provision; or
   (e) conspire with others to effect a contravention of a civil
   penalty provision.

Civil penalty

(2) A person who contravenes subsection (1) in relation to a civil
penalty provision is taken to have contravened the provision.

Note: Section 145CC (which provides that a person’s state of mind does not
need to be proven in relation to a civil penalty provision) does not
apply to the extent that proceedings relate to the contravention of
subsection (1).

145CB Mistake of fact

(1) A person is not liable to have a civil penalty order made against the
person for a contravention of a civil penalty provision if:
   (a) at or before the time of the conduct constituting the
   contravention, the person:
      (i) considered whether or not facts existed; and
(ii) was under a mistaken but reasonable belief about those facts; and
(b) had those facts existed, the conduct would not have constituted a contravention of the civil penalty provision.

(2) For the purposes of subsection (1), a person may be regarded as having considered whether or not facts existed if:
(a) the person had considered, on a previous occasion, whether those facts existed in the circumstances surrounding that occasion; and
(b) the person honestly and reasonably believed that the circumstances surrounding the present occasion were the same, or substantially the same, as those surrounding the previous occasion.

(3) A person who wishes to rely on subsection (1) or (2) in proceedings for a civil penalty order bears an evidential burden in relation to that matter.

145CC State of mind

(1) In proceedings for a civil penalty order against a person for a contravention of a civil penalty provision (other than subsection 145CA(1)), it is not necessary to prove:
(a) the person’s intention; or
(b) the person’s knowledge; or
(c) the person’s recklessness; or
(d) the person’s negligence; or
(e) any other state of mind of the person.

(2) Subsection (1) does not apply to the extent that the proceedings relate to a contravention of subsection 145CA(1) (which is about ancillary contraventions of civil penalty provisions).

(3) Subsection (1) does not affect the operation of section 145CB (which is about mistake of fact).

(4) Subsection (1) does not apply to the extent that the civil penalty provision, or a provision that relates to the civil penalty provision, expressly provides otherwise.
145CD Evidential burden for exceptions

In proceedings for a civil penalty order, a person who wishes to rely on any exception, excuse, qualification or justification in relation to a civil penalty provision bears an evidential burden in relation to that matter.

145CE Liability of body corporate for actions by employees, agents or officers

If an element of a civil penalty provision is done by an employee, agent or officer of a body corporate acting within the actual or apparent scope of his or her employment, or within his or her actual or apparent authority, the element must also be attributed to the body corporate.

145CF Liability of executive officers

(1) An executive officer of a body corporate contravenes this subsection if:

(a) the body corporate contravenes a civil penalty provision; and
(b) the officer knew that the contravention would occur; and
(c) the officer was in a position to influence the conduct of the body in relation to the contravention; and
(d) the officer failed to take all reasonable steps to prevent the contravention.

(2) Subsection (1) is a civil penalty provision.

Note: Subdivision A of this Division provides for pecuniary penalties for contraventions of civil penalty provisions.

145CG Establishing whether an executive officer took reasonable steps to prevent the contravention of a civil penalty provision

(1) For the purposes of section 145CF, in determining whether an executive officer of a body corporate failed to take all reasonable steps to prevent the contravention of a civil penalty provision, a court is to have regard to:

(a) what action (if any) the officer took towards ensuring that the body’s employees, agents and contractors have a reasonable
knowledge and understanding of the requirements to comply
with this Code, in so far as those requirements affect the
employees, agents or contractors concerned; and
(b) what action (if any) the officer took when he or she became
aware that the body was contravening this Code.

(2) This section does not, by implication, limit the generality of
section 145CF.

Division 3—Infringement notices

145DA When an infringement notice may be given

(1) If an inspector has reasonable grounds to believe that a person has
contravened a prescribed civil penalty provision, the inspector may
give the person an infringement notice for the alleged
contravention.

(2) The infringement notice must be given within 12 months after the
day the contravention is alleged to have taken place.

(3) A single infringement notice must relate only to a single
contravention of a single prescribed civil penalty provision.

145DB Matters to be included in an infringement notice

(1) An infringement notice must:
   (a) be identified by a unique number; and
   (b) state the day it is given; and
   (c) state the name of the person to whom the notice is given; and
   (d) state the name of the person who gave the notice; and
   (e) give brief details of the alleged contravention, including:
      (i) the provision that was allegedly contravened; and
      (ii) the maximum penalty that a court could impose for the
           contravention; and
      (iii) the time (if known) and day of, and the place of, the
           alleged contravention; and
   (f) state the amount that is payable under the notice, and that the
       amount is payable to the Commonwealth; and
   (g) give an explanation of how payment of the amount is to be
       made; and
(h) state that, if the person to whom the notice is given pays the amount within 28 days after the day the notice is given, then (unless the notice is withdrawn) proceedings seeking a civil penalty order will not be brought in relation to the alleged contravention; and

(i) state that payment of the amount is not an admission of liability; and

(j) state that the person may apply to the APVMA to have the period in which to pay the amount extended; and

(k) state that the person may choose not to pay the amount and, if the person does so, proceedings seeking a civil penalty order may be brought in relation to the alleged contravention; and

(l) set out how the notice can be withdrawn; and

(m) state that if the notice is withdrawn proceedings seeking a civil penalty order may be brought in relation to the alleged contravention; and

(n) state that the person may make written representations to the APVMA seeking the withdrawal of the notice.

(2) For the purposes of paragraph (1)(f), the amount to be stated in the notice for the alleged contravention of the provision must not exceed one-fifth of the maximum penalty that a court could impose on the person for that contravention.

(3) The regulations may, subject to subsection (2), provide for a scale of amounts that may apply for an alleged contravention.

145DC Extension of time to pay amount

(1) A person to whom an infringement notice has been given may apply to the APVMA for an extension of the period referred to in paragraph 145DB(1)(h).

(2) If the application is made before the end of that period, the APVMA may, in writing, extend that period. The APVMA may do so before or after the end of that period.

(3) If the APVMA extends that period, a reference in this Division to the period referred to in paragraph 145DB(1)(h) is taken to be a reference to that period so extended.
(4) If the APVMA does not extend that period, a reference in this Division to the period referred to in paragraph 145DB(1)(h) is taken to be a reference to the period that ends on the later of the following days:
   (a) the day that is the last day of the period referred to in paragraph 145DB(1)(h);
   (b) the day that is 7 days after the day the person was given notice of the APVMA’s decision not to extend.

(5) The APVMA may extend the period more than once under subsection (2).

145DD Withdrawal of an infringement notice

Representations seeking withdrawal of notice

(1) A person to whom an infringement notice has been given may make written representations to the APVMA seeking the withdrawal of the notice.

Withdrawal of notice

(2) The APVMA may withdraw an infringement notice given to a person (whether or not the person has made written representations seeking the withdrawal).

(3) When deciding whether or not to withdraw an infringement notice (the relevant infringement notice), the APVMA:
   (a) must take into account any written representations seeking the withdrawal that were given by the person to the APVMA; and
   (b) may take into account the following:
      (i) whether a court has previously imposed a penalty on the person for a contravention of a prescribed civil penalty provision if the contravention is constituted by conduct that is the same, or substantially the same, as the conduct alleged to constitute the contravention in the relevant infringement notice;
      (ii) the circumstances of the alleged contravention;
      (iii) whether the person has paid an amount, stated in an earlier infringement notice, for a contravention of a
prescribed civil penalty provision if the contravention is constituted by conduct that is the same, or substantially the same, as the conduct alleged to constitute the contravention in the relevant infringement notice; (iv) any other matter the APVMA considers relevant.

Notice of withdrawal

(4) Notice of the withdrawal of the infringement notice must be given to the person. The withdrawal notice must state:

(a) the person’s name and address; and
(b) the day the infringement notice was given; and
(c) the identifying number of the infringement notice; and
(d) that the infringement notice is withdrawn; and
(e) that proceedings seeking a civil penalty order may be brought in relation to the alleged contravention.

Refund of amount if infringement notice withdrawn

(5) If:

(a) the APVMA withdraws the infringement notice; and
(b) the person has already paid the amount stated in the notice;
the Commonwealth must refund to the person an amount equal to the amount paid.

145DE Effect of payment of amount

(1) If the person to whom an infringement notice for an alleged contravention of a provision is given pays the amount stated in the notice before the end of the period referred to in paragraph 145DB(1)(h):

(a) any liability of the person for the alleged contravention is discharged; and
(b) proceedings seeking a civil penalty order may not be brought against the person in relation to the alleged contravention; and
(c) the person is not regarded as having admitted liability for the alleged contravention.

(2) Subsection (1) does not apply if the notice has been withdrawn.
145DF Effect of this Division

This Division does not:

(a) require an infringement notice to be given to a person for an alleged contravention of a prescribed civil penalty provision; or

(b) affect the liability of a person for an alleged contravention of a prescribed civil penalty provision if:
   (i) the person does not comply with an infringement notice given to the person for the contravention; or
   (ii) an infringement notice is not given to the person for the contravention; or
   (iii) an infringement notice is given to the person for the contravention and is subsequently withdrawn; or

(c) prevent the giving of 2 or more infringement notices to a person for an alleged contravention of a prescribed civil penalty provision; or

(d) limit a court’s discretion to determine the amount of a penalty to be imposed on a person who is found to have contravened a prescribed civil penalty provision.

Division 4—Enforceable undertakings

145E Acceptance of undertakings

(1) The APVMA may accept any of the following undertakings:
   (a) a written undertaking given by a person that the person will, in order to comply with a provision of this Code, take specified action;
   (b) a written undertaking given by a person that the person will, in order to comply with a provision of this Code, refrain from taking specified action;
   (c) a written undertaking given by a person that the person will take specified action directed towards ensuring that the person does not commit an offence against this Code or contravene a civil penalty provision, or is unlikely to do so, in the future.

(2) The undertaking must be expressed to be an undertaking under this section.
(3) The person may withdraw or vary the undertaking at any time, but only with the written consent of the APVMA.

(4) The APVMA’s consent is not a legislative instrument.

(5) The APVMA may, by written notice given to the person, cancel the undertaking.

(6) The APVMA must publish the undertaking on the APVMA’s website.

(7) However, the APVMA is not required to publish so much of the undertaking that the APVMA is satisfied:

(a) is confidential commercial information; or

(b) is personal information (within the meaning of the Privacy Act 1988); or

(c) should not be disclosed because it would be against the public interest to do so.

145EA Enforcement of undertakings

(1) If:

(a) a person has given an undertaking under section 145E; and

(b) the undertaking has not been withdrawn or cancelled; and

(c) the APVMA considers that the person has breached the undertaking;

the APVMA may, on behalf of the Commonwealth, apply to a court of competent jurisdiction for an order under subsection (2).

(2) If the court is satisfied that the person has breached the undertaking, the court may make any or all of the following orders:

(a) an order directing the person to comply with the undertaking;

(b) an order directing the person to pay to the Commonwealth an amount up to the amount of any financial benefit that the person has obtained directly or indirectly and that is reasonably attributable to the breach;

(c) any order that the court considers appropriate directing the person to compensate any other person who has suffered loss or damage as a result of the breach;

(d) any other order that the court considers appropriate.
Division 5—Injunctions

145F  Grant of injunctions

(a) restraining the first-mentioned person from engaging in the conduct; and

(b) if, in the court’s opinion, it is desirable to do so—requiring the first-mentioned person to do a thing.

Performance injunctions

(2) If:

(a) a person has refused or failed, or is refusing or failing, or is proposing to refuse or fail, to do a thing; and

(b) the refusal or failure was, is or would be, an offence against this Code or a contravention of a civil penalty provision;

the court may, on application by any person, grant an injunction requiring the first-mentioned person to do that thing.

Grant of interim injunctions

(3) Before deciding an application for an injunction under this section, the court may grant an interim injunction:

(a) restraining a person from engaging in conduct; or

(b) requiring a person to do a thing.

145FA  Discharging or varying injunctions

A court may discharge or vary an injunction granted by that court under this Division.
145FB  Certain limits on granting injunctions not to apply

Restraining injunctions

(1) The power of a court under this Division to grant an injunction
restraining a person from engaging in conduct may be exercised:
(a) whether or not it appears to the court that the person intends
   to engage again, or to continue to engage, in conduct of that
   kind; and
(b) whether or not the person has previously engaged in conduct
   of that kind; and
(c) whether or not the conduct involves a serious and immediate
   risk of:
      (i) an effect that is harmful to human beings; or
      (ii) an unintended effect that is harmful to animals, plants or
           things, or to the environment.

Performance injunctions

(2) The power of a court under this Division to grant an injunction
requiring a person to do a thing may be exercised:
(a) whether or not it appears to the court that the person intends
   to refuse or fail again, or to continue to refuse or fail, to do
   that thing; and
(b) whether or not the person has previously refused or failed to
   do that thing; and
(c) whether or not the conduct involves a serious and immediate
   risk of:
      (i) an effect that is harmful to human beings; or
      (ii) an unintended effect that is harmful to animals, plants or
           things, or to the environment.

145FC  Other powers of a court unaffected

The powers conferred on a court under this Division are in addition
to, and not instead of, any other powers of the court, whether
conferred by this Code or otherwise.
Division 6—Substantiation notices

145G  APVMA may require claims to be substantiated etc.

(1) This section applies if a person has made a claim or representation in relation to:

(a) a supply, or possible supply, of a chemical product by the person or another person; or
(b) the manufacture of a chemical product by the person or another person; or
(c) the safety or efficacy of a chemical product.

(2) The APVMA may give the person who made the claim or representation a written notice that requires the person to do one or more of the following:

(a) give information or produce documents to the APVMA that could be capable of substantiating or supporting the claim or representation;
(b) if the claim or representation relates to a supply, or possible supply, of chemical products by the person or another person—give information or produce documents to the APVMA that could be capable of substantiating:
   (i) the quantities in which; and
   (ii) the place in which; and
   (iii) the period for which;
   the person or other person is or will be able to make such a supply (whether or not the claim or representation relates to those quantities, that place or that period);
(c) give information or produce documents to the APVMA that are of a kind specified in the notice;
within 21 days after the notice is given to the person who made the claim or representation.

(3) Any kind of information or documents that the APVMA specifies under paragraph (2)(c) must be a kind that the APVMA is satisfied is relevant to:

(a) substantiating or supporting the claim or representation; or
(b) if the claim or representation relates to a supply, or possible supply, of chemical products by the person or another person—substantiating the quantities in which, the place in
which, or the period for which, the person or other person is
or will be able to make such a supply.

(4) The notice must:
   (a) name the person to whom it is given; and
   (b) specify the claim or representation to which it relates; and
   (c) explain the effect of sections 145GA and 145GB.

(5) The notice may relate to more than one claim or representation that
the person has made.

(6) This section does not apply to a person who made the claim or
representation if the person:
   (a) made the claim or representation by publishing it on behalf of
another person in the course of carrying on a business of
   providing information; and
   (b) does not have a commercial relationship with the other
person other than for the purpose of:
      (i) publishing claims or representations promoting, or

   (b) within such further time as the APVMA allows under
subsection (3).

(2) A person given a substantiation notice under section 145G may
apply to the APVMA for further time to comply with the notice.
An application must be in writing and made within 21 days after
the notice is given to the person.

(3) The APVMA may, by written notice given to the person, extend
the period within which the person must comply with the notice.

(4) Despite subsection (1), an individual may refuse or fail to give
particular information or produce a particular document in
compliance with a substantiation notice on the ground that the
information, or production of the document, might tend to
incriminate the individual or to expose the individual to a penalty.

145GB Failure to comply with substantiation notice

(1) A person contravenes this subsection if:
   (a) the person is given a notice under section 145G; and
   (b) the person fails to comply with the notice:
      (i) within the period specified in the notice; or
      (ii) if the APVMA has allowed the person further time
           under subsection 145GA(3)—within such further time.

(2) Subsection (1) does not apply if:
   (a) the person is an individual; and
   (b) the person refuses or fails to give particular information or
       produce a particular document in compliance with a
       substantiation notice; and
   (c) the information, or production of the document, might tend to
       incriminate the individual or to expose the individual to a
       penalty.

(3) A person commits an offence if the person contravenes
subection (1).
Penalty: 50 penalty units.

Note: A defendant bears an evidential burden in relation to the matter in
subsection (2). See subsection 13.3(3) of the Criminal Code.

(4) Subsection (1) is a civil penalty provision.

Note 1: Division 2 provides for pecuniary penalties for contraventions of civil
penalty provisions.

Note 2: For the evidential burden in civil penalty proceedings in relation to the
matter in subsection (2), see section 145CD.

Division 7—Enforceable directions

145H APVMA may give directions

(1) This section applies if the APVMA believes, on reasonable
grounds, that:
   (a) a person is not complying with this Code; and
(b) it is necessary to exercise powers under this section:
   (i) to protect the health and safety of human beings; or
   (ii) to protect animals, plants or things, or the environment;
   or
   (iii) to prevent significant prejudice to trade or commerce
       between Australia and places outside Australia.

(2) The APVMA may, by written notice, give directions to the person
    requiring the person to take such steps, within the time specified in
    the notice, as are reasonable in the circumstances for the person to
    comply with this Code.

(3) A time specified in a notice must be reasonable having regard to
    the circumstances.

(4) A person contravenes this subsection if:
    (a) the person is given a notice under this section; and
    (b) the person fails to comply with the notice within the time
        specified in the notice.

(5) A person commits an offence if the person contravenes
    subsection (4).

Penalty:
    (a) in the case of an aggravated offence—120 penalty units; and
    (b) in any other case—30 penalty units.

(6) Subsection (4) is a civil penalty provision.

    Note: Division 2 provides for pecuniary penalties for contraventions of civil
    penalty provisions.

(7) Section 4K of the Crimes Act 1914 applies to an offence against
    subsection (5).

(8) If the person does not take the steps specified in the notice within
    the time specified in the notice, the APVMA may arrange for those
    steps to be taken.

(9) If the APVMA incurs costs because of arrangements made by the
    APVMA under subsection (8):
    (a) the person is liable to pay to the APVMA, on behalf of the
        Commonwealth, an amount equal to the costs incurred; and

48 Saving of regulations and other instruments

(1) If:

(a) regulations (the existing regulations) were made under a provision of the old Code; and

the existing regulations have effect, to the extent that they could have been made under the corresponding provision, as if they were so made.

(a) an instrument other than a regulation (the existing instrument) was made under a provision of the old Code; and

(b) a provision (the corresponding provision) of the new Code provides for an instrument to be made for the same, or substantially the same, purpose;

49 Saving of approvals, registrations, permits and licences

(1) Despite the amendments made by this Act, an approval, registration, permit or licence that was in force under the old Code immediately before the commencement time continues in force on and after that time as if it had been given, made or issued under the new Code.

(a) the suspension or cancellation of an approval, registration, permit or licence; or

(b) the variation of the relevant particulars or conditions of an approval or registration; or

(c) the variation of the conditions of a licence or permit.
50 Existing conditions continue to apply

51 Existing approvals and registrations must be given end date etc.

(1) This item applies to the approval of an active constituent or the registration of a chemical product (other than a listed registration), if the approval or registration:

Despite subparagraph (3)(b)(i), the last renewal date for a registration may be less than 7 years after the commencement time if the APVMA believes that it is necessary to provide for the date to be the same as the last renewal date for the registration of another chemical product that contains one or more of the same active constituents.

Paragraph (3)(b) does not apply if the approval or registration is subject to the condition that it remains in force only for a stated period of not more than 1 year (see subsection 23(2) of the old Code).

52 Saving protection for information given under Division 4A of Part 2 of the old Code

Despite the amendments made by this Act, Division 4A of Part 2 of the old Code continues to apply, after the commencement time, in relation to the following information given as mentioned in section 34C of the old Code:

(a) information given, whether before or after the commencement time, in connection with an application lodged before the commencement time;

(b) any other information given before the commencement time.

Paragraph (1)(a) does not apply in relation to an application made under section 10 or 27 of the old Code if notice under section 11A of that Code in relation to the application has not been given to an approved person before the commencement time.

For the purposes of its operation after the commencement time, Division 4A of Part 2 of the old Code applies with such modifications as are necessary to provide for its operation to be equivalent to its operation immediately before the commencement time.

provide for its operation to be equivalent to its operation immediately before the commencement time.

Section 149A of the new Code applies only in relation to acts or omissions that occur on or after the commencement time.

57 Regulations for this Part

The Governor-General may make regulations prescribing matters:

(b) necessary or convenient to be prescribed for carrying out or giving effect to this Part.

58 Regulations may deal with transitional, application and savings matters

(1) The regulations may deal with matters of a transitional, application or savings nature relating to the amendments made by this Act.

(3) Despite subsection 12(2) of the Legislative Instruments Act 2003 but subject to subitem (4), regulations made for the purposes of subitem (1) may be expressed to take effect from a date before the regulations are registered under that Act.

(4) If:

(a) regulations are expressed to take effect from a date (the registration date) before the regulations are registered under the Legislative Instruments Act 2003; and

(b) a person engaged in conduct before the registration date; and
(c) but for the retrospective effect of the regulations, the conduct
would not have contravened a provision of the agvet law;
then a court must not convict the person of an offence, or order the
person to pay a pecuniary penalty, in relation to the conduct on the
grounds that it contravened that provision.

59 Regulations may end reconsiderations

(1) The regulations may provide for one or more reconsiderations begun
under Division 4 of Part 2 of the old Code to end 12 months after the
commencement time if they have not already done so.

(2) A regulation under subitem (1) must not be made after that period of 12
months.

(3) If a reconsideration ends by force of a regulation made under
subitem (1), the decision on the reconsideration is taken to be a decision
to affirm the approval or registration concerned.
