Short Digest of Bill

Purpose

To enable changes in the style of printing reprints of statutory rules without any change in interpretation.

Background and Provisions

See Digest of Acts Interpretation Amendment Bill 1980.

Section 6A of the Statutory Rules Publication Act 1903 requires a marginal note or footnote in reprints of statutory rules showing the instrument by which each amendment has been made. Clause 3 enables this to be done in an endnote.

The change is to operate from 1 January 1980 (clause 2).
