Speaker	Snowdon, Warren, MP	Question No.	

Mr SNOWDON (Northern Territory) (3.27 pm)—Mr Speaker, I claim to have been misrepresented.

Mr SPEAKER—The member for the Northern Territory may proceed.

Mr SNOWDON—During the offensive tirade from the Prime Minister during question time today in relation to the social bonus, the Prime Minister made allegations about the reception of SBS in Alice Springs and how Alice Springs would benefit by this social bonus. For the information of the Prime Minister—maybe it was an inadvertent oversight—Alice Springs already has SBS.

Mr SPEAKER—For the information of all members—this is no criticism of the member for Northern Territory, because it has occurred twice today—the custom is for members to rise and seek leave to make a personal explanation, and I then ask whether they claim to have been misrepresented.
