Question No.

Senator McLUCAS (Queensland) (10.59 am)—There are 51 government amendments to this bill and there were 104 to the previous bill. They are of a technical nature, but the opportunity to confirm that they are agreed to more broadly is limited when you have only a couple of days to deal with them. However, our analysis is that they should be supported. Some of the amendments correct errors and some are consequential on changes to the substantive legislation. I indicate that Labor will support them.

Question agreed to.
