Question No.

Senator NASH (New South Wales—Deputy Leader of The Nationals in the Senate) (18:05): Thank you for the answer, Minister. I think we are now getting a little closer to some sort of indication of what the impact is going to be. Thank you for the figure of 10 per cent, again reiterating that there is nowhere for these costs to be passed on. Minister, I did ask in the first instance if you could give me an average figure. Obviously the work has not been done. Now we do have the 10 per cent figure on the record. Before I move on, could the minister perhaps answer the second part of my question, which related to the national food plan.
